## SACRED CONCERT AND ORGAN RECITAL

Yale public may look forward to a rare treat for its music lovers, as, under the auspices of the choir of the Presbyterian church, the First Baptist church choir of Port Huron, with Geo. McComb, director, has been persuaded to give a concert in the Presbyterian church of Yale on Tuesday evening, March 7th, 1922.

The company will be thirty or thirty-five strong and a part of the program will consist of several numbers on the pipe organ by Mrs. Walter Stevens.

Mr. McComb is well known to Yale people as possessing a wonderful voice. These two alone would fill the church, but they are to be accompanied by a whole galaxy of singers, and we have no doubt of a great reception to them from our people.

Look for further particulars next week and remember the date of the concert, March 7th.

## FALSE STATEMENT

Reports are being circulated in and around Yale that I am planning on moving away. Such reports are without foundation and must have been started by someone wishing to do me injury. My auction sale business is large and growing every day, and there is no call for me to move away. If you expect to have a sale see me and I will take care of your date.

Respectfully yours,  
Fred Smith.

The Cole Ladies' Aid will give a chicken supper and entertainment at the church Friday evening, Feb. 17th, to which the public is cordially invited.

## ARRESTED AT COLUMBUS, O.

Richard Brough, 21, arrested in Columbus, O., Monday for Sheriff Harrison W. Maines, who says he is one of the men who broke into fur and pelt stores in Capac and Yale two weeks ago and carried away \$700 of mink, muskrat and raccoon hides was brought to the jail here this afternoon by Deputy James Alloway, who was sent after him.

After the Capac and Yale thefts Brough and a companion, who is believed to be a Detroit crook, sold the furs to a dealer in Armada, Macomb county, and the same night tried to break into the store to steal them, Sheriff Maines said today.

Upon learning of this attempted robbery the sheriff got in touch with the Armada fur dealer had the Capac dealer identify the furs stolen from him, and obtained a description of the young men from whom they were purchased.

Brough's parents, who live in Lynn township, were next interviewed. They said their son had "gone wrong" after becoming acquainted with a Detroit man who turned out to be a crook, the sheriff learned today.

When he learned that Brough had a married sister living in Columbus he telegraphed the police there to look for him and he was arrested at once.—Port Huron Times-Herald, Feb. 8th.

Brough has since confessed to the robbery. It is rumored that his father will try to settle the matter up.

## MARLETTE HAS BIG CHURCH MEMBERSHIP

Marlette, Feb. 12—One of the most interesting churches of Sanilac county is the Methodist Episcopal church of Marlette. It has the name of having the largest membership of any church in the United States located in a town of equal size. The membership is nearly 500. Last year the church organization gave to benevolent purposes about \$7,000. There is a men's class numbering 150, besides a young men's class of about 25.

The average Sunday school attendance is 300.

The present pastor, Rev. George P. Davey, is an enthusiast for good music, and besides being an accomplished musician, devotes a great deal of time to training the younger people. Two Sunday evenings a month are given to musical programs at which time the church is filled.

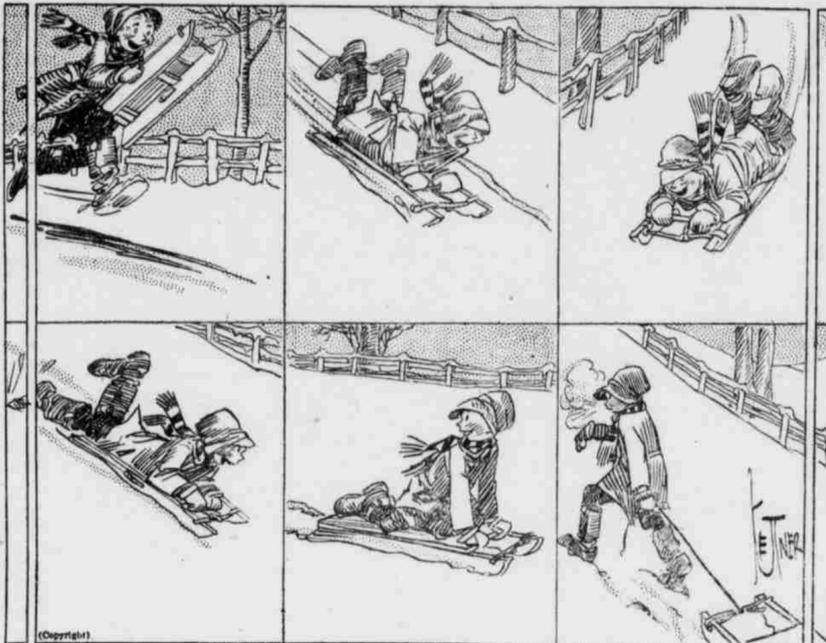

Marlette is proud of having such an organization in the town.

The regular meeting of the Music Study Club was held on Tuesday at the home of Mrs. Young.

The first part of the hour was given up to the transaction of business and the following program was then greatly enjoyed.

The subject of the afternoon was Hungarian Music.

The Hungarian dance as a violin solo was presented by Marion Learmont, accompanied by Mrs. Young.

A budget of current events in the musical world was offered by Miss Reddcliffe.

The Hungarian dance as a duet was played by Mrs. Young and Leona Holcomb and an encore followed.

A very interesting article on Hungarian Music was given by Mrs. Greenman.

The four memory selections for the week were then played on the Victrola.

"Little Fire-fly," by Charles Wakefield Gadsman, sketch read by Leona Holcomb, the record being a violin solo by Maud Powell.

"The Unfinished Symphony" Schuman, 1st movement, sketch was given by Mrs. Young.

## PIONEER EMMETT WOMAN IS DEAD

Emmett, Feb. 8—Mrs. William Cogley, ar. 74, died at her home in Kenochee township Tuesday, after a lingering illness, from which pneumonia developed.

Mrs. Cogley (Margaret Powers) was born in Tipperary, Ireland, and came to America when a girl. She married William Cogley of Emmett, and to this union was born a large family.

Her son, Rev. William E. Cogley, S. J., president of St. Marys College, St. Marys, Kansas, was with her during the last days of her illness.

She is also survived by her husband, a daughter, Katherine and two sons, Mark of Emmett, and James, of Detroit.

## ROAD CONTRACTS TO BE LET

With the settlement of the assessment district of the Yale-Blaine road and of the extension road running north from Avoca, the next step in the county's 1922 road program is to let contracts for construction.

The road commissioners will begin to let the contracts about Mar. 1st, Frank E. Beard, chairman of the board stated. The engineers plans and specifications will have been completed by that time, he said.

Hearings have now been held on all seven roads, contracts for improvement of which will be let this year. Objections to the road running south from Adair to the Town Line road and the one from Smiths Creek to the Detroit turnpike were heard last Wednesday. Thursday hearings were held on the road running through the central part of Emmett township to connect with the improved Yale road in Brockway township, and the short stretch of road in the southwestern part of Lynn township. The Lapeer road in Port Huron township was approved in January.

## CASE HEARD AT LANSING

One of the three cases appealed from the St. Clair county circuit court, which was heard last week by the state supreme court at Lansing, was the contest of the will of the late Abner E. Jackson, former hotel keeper of Yale, by his daughter, Mrs. Levi White. When Mrs. White's contest of the will was sustained by a jury on the ground of undue influence on the part of his second wife, Mrs. Jackson appealed to the supreme court. More than \$25,000 was involved.

The decision of the higher court will be rendered within two months, Judge Tappan states.

## VALENTINE PARTY

On Monday evening the Presbyterian choir met at the manse for practice, after which the members indulged in a valentine party. Every one was asked to make a valentine in contest for a prize which was awarded to Mrs. Rawley Hallman. The prize for the searching of hearts went to Mrs. Hallman. A large heart was made a target for the bow and arrow experts, the best shot being Herbert Cavanagh, who won a callopie which produced weird musical sounds. Refreshments were served.

The fun committee consisted of Miss Wilson, Miss Felton and Miss Hortsman. These ladies are highly trained in the art of innocent amusements.

## Internal Revenue Service

## WHY I AM A CANDIDATE

I will endeavor to explain why I am in the race for Mayor of the City of Yale.

I have been a citizen of Yale for over forty years. I have served as President of the Village two terms and have seen its growth from a small village to the city it is at present.

I have donated time in promoting and constructing such institutions as the Yale Flour Mills, and the Yale Canning Factory, and helped also in a financial way, and in reference to the Yale Woolen Mills I need make no comments, as every citizen and voter in Yale knows its value as well as the other institutions. You voters must know that if it costs these institutions more to manufacture their products than it costs outside institutions to manufacture theirs, they cannot compete in the markets.

The same with the merchants. If their overhead expenses are greater than outside competitors they must ask a higher price for their goods or otherwise must go out of business.

If all the business institutions are prosperous, it means more improvements and better prices for all kinds of labor.

We have another institution which should be regarded as extremely important, and that is our City Electric Light and Power plant, and it seems strange to me that so little interest is shown by our tax payers in the affairs of the city.

It is my belief that there should always be two candidates for each office so that a choice may be made as to the one considered most capable of conducting the city affairs. This is one of my reasons for becoming a candidate for mayor.

At the present time taxes are a great burden upon the people, and an enormous expense. The greatest care is needed to reduce this expense and burden if there is any way possible of doing so and yet to keep the service up to the standard, especially to the users of light, water and power.

With the aid of good judgment and advice of the Common Council, it is my belief that money can be saved, for instance by letting all street and sewer jobs, and drawing coal by contract, by doing away with the city team which will eliminate the expense of maintenance, as it is required from one to two men to do the work heretofore, and now that our Main street is paved there will be little necessity for team work.

If I am worthy of your support, I will appreciate your vote at the Primaries to be your candidate for Mayor at the city election.

Yours truly,  
W. V. Andreae

## CERTIFICATE A FORGERY

A certain young lady teacher in one of the rural schools of Sanilac county claimed her right to teach by virtue of a state normal certificate. After repeated requests by the commissioner for her to produce her certificate, he at last demanded that she send it in to his office forthwith. When the certificate arrived at the commissioner's office it aroused his suspicions and he forwarded it to the normal officials for their inspection and approval, but they reported that the document was a forgery. When confronted with the facts, the young lady admitted that it was a fake certificate made for her by an art student at the college and now the young lady is minus her job.
