A DAYLIGHT HOLDUP

Clifford and Robert Peacock drove over to Capac Tuesday in the former's car making the drive on business. Two weeks ago application was made for a 1922 license but for some reason its receipt has been delayed. Thinking that under the circumstances nothing would be done, the drive was made to Capac, but lo and behold the marshal took the boys in and would not listen to any explanation, he stating that they were using a 1921 license and that was enough. A logging chain was dug up by the marshal and the car taken and securely locked. Cliff and Bob came home without the car feeling that an injustice had been perpetrated by an overly officious village official.

GOLDEN WEDDING DAY CELEBRATED

Fargo, Mar. 24.—Mr. and Mrs. Andrew Lossing celebrated their fiftieth anniversary at their home here Friday, Mar. 24. On account of the illness of Mrs. Lossing who had been in poor health for some time, only a few of the immediate relatives were present. Two sons and a daughter, Amos and wife, Howard and family and Mr. and Mrs. Amos Reeves another daughter, Mrs. Myerhoff who resides in Ludlow, Kentucky, was unable to be present. Mr. and Mrs. N. E. Lossing, Mr. and Mrs. H. Lossing, Mr. and Mrs. Fred Lossing and Mr. and Mrs. F. E. Watson, brothers and a sister of Mr. Lossing were also present.

A fine dinner was served and the day was spent very pleasantly Mr. and Mrs. Lossing have always lived in this community.

DISCUSSES FIND YOURSELF CAMPAIGN

County "Y" Secretary, E. T. May, met with the two local High School Y. M. C. A. groups and their leaders Thursday evening and discussed with them the Find Yourself campaign.

Through years of experience the Young Men's Christian Association has worked out a scientific method of helping boys discover themselves. Briefly the plan is as follows:

First—The boys fill out the Find Yourself blanks which is a self analysis.

Second—These blanks are gone over carefully and grouped under separate heads.

Third—The boys who filled out the blanks are related to a friendly man of the community who is interested in the line of life work which it looks as though the young man would follow.

Fourth—The boy is encouraged to make a fuller study of principles in choosing a vocation and given advice on where to get information related to special vocations.

It is probable that the preliminary meeting leading up to the campaign will be held the fore part of next week. Then on Thursday evening the boys are expecting to have with them both the State Boys' Work Secretary and the county Secretary. At this time local boys will probably invite in some of the local men who are interested in seeing that the boys of Yale have the best opportunity possible to find themselves.

The boys of the local high school Y. M. C. A. groups under the direction of their leaders and county "Y" secretary are planning on extending the mass field meet idea conducted by the county "Y" to the boys of the rural schools near Yale.

Last year close to 140 Yale boys and teachers took part in putting on this field meet in Yale. It is not like the old meet where only the few have a chance. In this one every boy who weighs at least 60 pounds may enter and compete against a well-worked out standard. Meets in the open country have often nearly as many boys taking part as do in the regular County High School Meet.

MONUMENT TO WAR HEROES

Sandusky, March 20.—The soldiers' memorial monument, costing \$8,500, has arrived in the city and is erected on the court house grounds.

The tablet on the monument will bear the names of 951 soldiers who answered the call from Sanilac county, and of this number 51 names represent the boys who made the supreme sacrifice.

The base of the monument is 10 feet in diameter and second base 8 feet, third base 6 feet in diameter. The statue is 6½ feet in height, the total height of the monument being 17 feet. The monument will not be unveiled until some time this spring. The committee responsible for its erection is as follows: William Roberts, chairman; Watson Beach, treasurer; J. C. Sweet, L. E. Warner, F. A. Corbishley, J. H. Hands. The monument was purchased from Moses Burns, of Crosswell.

CHAS. G. PUTNEY DEAD IN OKLAHOMA

Former County Official Dies After A Short Illness

The sad intelligence was received yesterday by Mr. and Mrs. Elmore Putney of the sudden and unexpected death of their son, Chas. G. Putney at Oklahoma City, Okla. Mr. Putney had been in poor health but death was due directly to an attack of influenza. The news came as a shock to the many friends here for Mr. Putney was known throughout the county and beyond its borders because of former public activities here before he removed to the west. A public school teacher and superintendent for some time of the Sandusky schools, he was elected county school commissioner, which office he held for ten years. He was then elected state senator, serving the people for one term. Later he engaged in the newspaper business as editor and owner of the Crosswell Jeffersonian. About seven years ago he disposed of his newspaper business and went to Topeka, Kans., where with his brother, Herbert, he conducted a steel culvert business, until a year later when he accepted the position of state superintendent of dependent children at Oklahoma City which has continued his home ever since. He is survived by his wife, formerly Miss Jessie Reed, of North Street, and two children, Elmore and Marjorie; also by his parents and one sister, Mrs. A. K. Moore, of this city, and four brothers, Frank, of Yale, Herbert, of Topeka, Kans., and Wallace and Edgar, of Speaker township.

The body of Mr. Putney was brought to Sandusky and the funeral services were held last Sunday.

Special Services

The congregation and the Sabbath school of the Methodist Protestant church are growing in numbers and interest.

Plans are being made for special services during Passion week. Evangelist North of Port Huron, comes highly recommended to the church and the community. His preaching is forceful and convincing. He will give his first message Sunday morning and will preach every evening. A special feature of the week will be early morning prayer meetings from 6 to 6:30 a. m.

Easter Dancing Party

At the Auditorium, Yale, Monday evening, April 17th. Everybody welcome. Music by Hutton's 6-piece orchestra. Bill \$1.25, war tax included. Spectators 25c. S. E. Barr, manager.

Music Study Club.

There was a splendid attendance of the members of the Music Study club on Thursday afternoon last week, despite the very inclement weather of the day. The meeting was held at the home of Mrs. Edward Andrae and following the regular order of business the program was taken up.

A ladies' quartette, consisting of Leona Holcomb, Mrs. George Young, Mrs. Ruh and Mrs. Peacock sang, "Believe Me If All Those Endearing Young Charms" and later, "Killarney." The club was fortunate in that two singers Leta Holden and Neva Ostrander, were home from their schools, and had been persuaded to add to the program by rendering selections. Miss Holden sang "Days" and also gave an encore. Miss Ostrander sang "Spring is Here" and favored with another song. The subject for the day was The Oratorio. Two papers were missing, the one given being "The Oratorios of Handel" by Mrs. J. A. Menzies.

The singing of the national anthem closed the meeting.

The next meeting of the club will be held on Tuesday afternoon at four o'clock, at the home of Mrs. Frank Andrae.

J. A. DOELLE MADE STATE FARM HEAD

Lansing, March 30.—John A. Doelle deputy state commissioner of agriculture and member of the state board of agriculture, was appointed commissioner of agriculture by Governor Groesbeck today. He succeeds Herman H. Halladay, who resigned recently to become secretary of the Michigan agricultural college. Mr. Doelle will probably resign from the state board in view of his new duties, he said today.

The new head of the state department was born and raised on a farm in St. Clair county. He is a graduate of the University of Michigan and for a number of years was superintendent of schools in Houghton. When he entered the service of the state he was secretary of the upper peninsula development bureau with headquarters at Marquette.

Mr. Doelle's Yale friends have been watching his career with much interest from time to time and we certainly take pleasure in noting his advancements in life. John was a Yale boy and we know whereof we speak when we say that he is deserving of every honor that comes his way.

Send some Easter greeting cards to carry folks your best regards. You can get them at Holden's drug store.

EASTERN TIME IN MOST CITIES

All Have Daylight Saving With Exception of Lansing

Detroit, April 1.—Nearly every city in the state will be operating on Eastern Standard time after about April 15, according to present indications.

A number of cities chiefly in Eastern Michigan, have adopted daylight saving time for the spring and summer months while others will submit the question to voters at the spring election. Lansing is the only one of the larger cities in the state that does not adopt daylight saving time in the summer months.

The cities already on Eastern time include Detroit, Bay City, Ann Arbor, Flint, Port Huron and Pontiac. Those that voted on the question April 3, included Grand Rapids, Iron Mountain, and Battle Creek. Owosso, Kalamazoo and Adrian adopted this time set its clocks ahead March 26 and Jackson will take this step about April 15.

Muskegon has not decided on the proposition as yet but it is said to be probable no time change will result.

Changing of time during the summer months came into practice during the war and since that time has become the usual procedure in this and many other states.

ROAD CONTRACTS TO BE LET APRIL 12

Contracts for improvement of three more county roads are to be let at the road office Wednesday, April 12, William W. Cox, county engineer, announced this morning. The largest of the three jobs for which the county is advertising for bids is the nine mile stretch of the Blaine-Yale road between Blaine and the Greenwood-Brockway township line. The section east of Yale to this point is already improved. The road will have a gravel surface and will be 16 feet wide.

Road No. 51 is another of the three. It is a four mile stretch in Greenwood township connecting the Yale-Blaine road with the short stretch of gravel road running north from Avoca. It will be a gravel surface road nine feet wide.

The road running south from Smith's Creek through Rattle Run to connect with the Detroit turnpike is the third stretch, the contract for which will be let April 12. The road which is four and a half miles long, will have a 16 foot gravel surface.

STATE TIMBER AREA NOW 442,500 ACRES

Lansing, Mich., Mar. 30.—Michigan's area in merchantable timber that a few years ago was the backbone of the state's chief industry, now is about 442,500 acres according to a report issued by Verne H. Church of the federal-state bureau of farm crop estimates, and H. H. Halladay head of the state department of agriculture.

The value of timber and forest products turned out by the state is about \$12,000,000 a year. Approximately 38 per cent of the farms in the state have timber tracts containing merchantable timber the report says. Ten years ago there were merchantable timber areas on 43.7 per cent of the farms.

SUGAR CO. WILL RUN ALL SUMMER

Marine City, Mar. 30.—Following a long period of uncertainty during which it appeared that the local plant of the Independent Sugar company would be closed permanently, unless some action was taken by Congress to prevent the tariff on Cuban sugar from being wholly removed, it was announced this morning that the factory will begin to refine raw Cuban sugar in the amount of 5,000,000 pounds April 1 and will continue to produce throughout the summer.

This is the only Michigan plant equipped to refine the Cuban product and the unique equipment has proved a life-saver in allowing the plant to operate when the deferred action on the sugar tariff at Washington made it inadvisable to make arrangements with farmers for acreage for the 1922 season. This action was not expected to be taken much before June 1 according to Ira McKinney, local plant manager and would have meant that even had the tariff been continued on the imported sugar that domestic operators would have been so late in getting their field men out that the farmer would have devoted his fields for the production of other crops.

The present shipment is rolling toward this city in carloads and a repair gang is busy preparing the plant for its arrival. More men will be put on the minute the sugar is received and this will stimulate the employment situation here materially.

Just what effect the operation of the plant on the present basis will have upon the farmers who have been accustomed to supply the plant with sugar was not stated nor the effect it will have upon the Detroit, Bay City and Western railroad owned by the sugar company and dependent to a considerable extent upon the sugar beet trade for its profitable operation.

It was likewise not known whether any shipments would be made by water to this point although the sending of cargoes from Cuba to this city has been offered as an argument in favor of a waterway from lakes to ocean.

Election Of Officers
The Ladies' Benevolent Society of the Presbyterian church elected the following officers for the ensuing year, at their regular meeting on Wednesday afternoon when the members met at the home of Mrs. W. H. Learmont.

President—Mrs. Arthur Little
Vice President—Mrs. James Wallace
Secretary—Mrs. Harvey Hy-dorn
Treasurer—Mrs. W. H. Lear-mont.

Michael H. Crissman, of Romeo, celebrated his 95th birthday last week, by entertaining his children and grandchildren. Mr. Crissman takes a walk downtown every day, unless the weather is too inclement, and also goes to church every Sunday. He reads the daily newspaper and keeps up with the times and has scarcely ever known a day's illness.
