### SEVENTY-FIVE TONS-MINUTE

#### Over 5000 Tons of Iron Ore Loaded in an Hour. All Ore Loading

#### RECORDS ON THE GREAT LAKES BROKEN.

Iron Ore was loaded yesterday at the Chicago & North-Western Docks at Ashland, Wis., at the tremendous rate of speed of 5000 tons an hour. The exact figures were 5202 tons in one hour and eight minutes, the ore being loaded into the steamer, "James H. Hoyt," which is built with a special view to rapid loading and unloading.

The North-Western Line has two big ore docks at Ashland, each one of them about one-half of a mile long, and it was at one of these large storage docks that the Hoyt received its load in record-breaking time. Supt. Sampson of the North-Western personally supervised the loading, and several newspaper men witnessed it and corroborated the correctness of the record. The last ore was let into the hold, and the lines were cast off in record-breaking time, in fact, the engineer of the boat hardly found time to get the water ballast out of the vessel.

This rapid work is made possible by the exceptional facilities of the North-Western line. Large capacity cars and big docks with large storage capacity has made the handling of tremendous quantities of ore possible. The docks of the North-Western line at Ashland and Escanaba have a capacity exceeding that of any other line in the Lake Superior region, to which is to be added one now building which, when completed, will increase their capacity almost fifty per cent and be the largest ore dock on the Lakes.

#### THE NEW OPERA HOUSE.

Will be Opened on the Evening of November 24th.

Mr. Gottschalk announces that the new opera house will be opened to the public, Monday evening, November 24th. He has engaged for this opening night, the James Nell company, one of the best companies traveling in the west and at the present date filling an engagement in Seattle. They play only in the large cities and Aberdeen play-goers are to be congratulated upon being privileged to enjoy the rare opportunity of viewing first class talent in their own town.

This company consists of from twenty-five to thirty people and carry a great supply of the finest scenery. They play Ople Reed's "The Starbuck's," Prince Karl and other equally new and notable plays, but the bill for the opening has not yet been decided.

#### HOSPITAL BENEFACTORS.

Mother Joseph asks the News to return thanks for her to many people who remembered St. Luke's hospital during the months of September and October. Among those who sent flowers were Mrs. Gallett, the Epworth League, Presbyterian Endeavor, Junior Epworth League, Baptist church, Mrs. J. H. Perry, Mrs. Stroupe, Olwin Dry Goods Company, Mrs. Harris, Mrs. Lager, Mrs. Wheeler, Misses Clark and Blaines, Dollie and Gladys Williams. Magazines were received from Mrs. W. H. Kearney, Mrs. D. McGlachlin, Mrs. Downing and Miss Lavin, Dr. Neffeler, Miss Ella Daly, the latter of whom also supplied the Minneapolis Journal. Mrs. Alway, Miller and Rock sent supplies of chickens. The Ham Brewing Company and the Val Blatz Brewing Company each contributed a case of beer, and J. F. Losacker & Co., a case of brandy. Mother Joseph states that the hospital will have its first annual report published early this month and it will contain the names of the benefactors.—News.

#### A BIG INSTITUTION.

Few people are aware of how extensive a business has sprung up in a short time under the management of the Koon Bros., proprietors of the Aberdeen Marble and Granite Works. They have about completed a contract to furnish the polished granite circular blocks to be used in the construction of the basin of the elegant city fountain now being constructed in Lincoln, Nebraska. The Big Stone granite is used in filling this contract, and in fact the excellence of this granite, of which they have an inexhaustible supply in their own quarry at Ortonville, has brought them orders from all the northwestern states and

as far east as Ohio. They have closed a contract with one firm of dealers in monumental and other stone work to furnish the finished product to the amount of not less than \$20,000 in one year. This Big Stone granite is susceptible of as fine a polish as any granite on the market.

The business has so outgrown their present quarters and available capital that the company is now being reorganized with greatly increased capital and steps are being taken to secure a site for a new factory near the Milwaukee railroad with more room and better shipping facilities. This granite business bids fair to become one of the biggest institutions of Aberdeen.

#### SALARY REDUCED.

#### The Light Vote cut down Salary of Probate Judge.

There will be a big drop in Judge Hauser's salary as county judge by reason of the light vote polled in the county. It has been \$1800 per year for the last term. The law fixing the salary of county judge makes the provision that in counties having 20,000 or more population, the salary shall be \$1800, and the population is ascertained by the county auditor multiplying the vote cast at the general election by five. The vote of two years ago was 4037 which put Brown county in the \$1800 class. The total vote in the county this year will be little over 1700, so that the salary the probate judge will receive for the next term will be less than \$600.

#### PLANA.

O. C. Jorgenson visited his sister at Mr. C. K. Hays' Sunday.

Mr. and Mrs. Zick of Gem visited at the home of Mrs. Creed on Sunday.

Alex James and Ed Everson returned from North Dakota, Tuesday.

Pat McGinn leaves this week for Wisconsin. He expects to go to Idaho next spring.

The Everson school began Monday with Miss Jorgenson as teacher. Twelve pupils were enrolled.

Mrs. Davidson, J. J. Jones, C. H. Creed, Earl Holmes and M. E. Jones were Aberdeen visitors this week.

Roy Hurlburt, who has been suffering with typhoid fever, returned from St. Lukes' Hospital, Monday night.

Dept. School Superintendent Eddy has been in this neighborhood, schools No. 2 and No. 3 acknowledging very pleasant visits.

Mr. M. E. Jones is building the barn at school-house No. 2 and will finish early this week. Mr. Munsen is painting the schoolhouse.

Billy Williams is hard at work on his new house. He will soon need only a moat and a drawbridge to have a genuine enchanted castle. His friends are anxiously awaiting the appearance of the fairy.

Mr. and Mrs. Greenwald left Wednesday for southern Oregon. They were accompanied by Messrs. Ole Everson, Ben Everson and William Young, who intend looking over the country with a view to taking homesteads.

A car of wheat containing 980 bushels, shipped from Plana by Mr. Creed netted him \$48.60 above home market, the expenses, freight and commission being \$97. This must net the R. B. Company about four thousand dollars on an average train of forty cars.

#### NOTICE OF TIME APPOINTED FOR PROVING HEIRSHIP.

STATE OF SOUTH DAKOTA } SS.  
COUNTY OF BROWN }  
In County Court, J. H. Hauser, County Judge.

In the matter of establishing heirs of Stephen Ivey, deceased.

To the heirs at law of Stephen Ivey, deceased: Mary Jane Ivey, W. F. Ivey, Alice Jeffries, formerly Alice Ivey, Fletcher Ivey, Albert Ivey and Kate Ivey, having filed in this court a verified petition showing that they are heirs at law of Stephen Ivey, deceased, and applying to this court to make proof that they are heirs at law of decedent and for a decree of this court establishing and determining such heirship, now therefore.

ORDERED, that the 24th day of November 1902, at the hour of ten o'clock in the forenoon of said day and the county court room in the city of Aberdeen, South Dakota, are hereby appointed as the time and place for taking testimony and proof of such heirship. It is further ordered, that notice of such hearing be given by publication of a copy of this order in the Aberdeen Democrat, a weekly newspaper published at Aberdeen, for at least fifteen days of publication of said newspaper. Any person may appear and contest said application.

Dated November 6th, 1902.  
J. H. HAUSER, County Judge,  
of Brown County, So. Dakota.  
I. O. CURTIS, Attorney.

"A perfect eye is a priceless possession."

## D. E. FORNEY, OPT. D.

### THE EMINENT EYESIGHT SPECIALIST OF MINNEAPOLIS,

will be at the SHERMAN HOTEL,

in Aberdeen, So. Dakota, each day for one week, beginning

Saturday, November 8th.

How are your eyes? Have them tested by the improved scientific method. You miss it by neglecting your eyes, and especially so when you have an opportunity of taking a thorough examination, FREE OF CHARGE.

Error of Refraction not only produce headache and neuralgia but have as a result; vertigo, nausea, inability to apply the mind; mental depression and irritability of temper, loss of appetite, constipation, night terrors, insomnia or unrestful sleep, especially in children forced by ambition, parental pride, or an outrageous school system. The absolutely perfect eye is almost unknown. Eyes that have perfect vision may have hidden defects that have caused aggravated conditions to an alarming extent.

Of all the senses, that of seeing is used the most. We are constantly using our eyes. If they are perfect, there is no strain, but any slight defect in the eyes will surely make itself known in some part of the nervous system sooner or later.

I never advise glasses unless they are needed.

## Cross Eyes Straightened without cutting the muscles.

If you eyes are failing consult me and have them examined FREE OF EXPENSE.
