Did you ever see a real live Hippopotamus? Perhaps you haven't in several years, because this species of the animal kingdom is almost extinct. If you wish to see a monster blood-sweating, man-devouring Hippopotamus, be sure to visit Gollmar Bros.' Big Railroad Shows, which exhibit here.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For Sale by all druggists.

Mr. A. M. Mitchell of Lansing township was in town Thursday to accompany his daughter home from the Normal. Mr. Mitchell reports his plat of alfalfa sown last year as having come thru winter in good shape and looking fine. The portion he mulched in the fall comes through in much the best shape. He has sown fifteen acres more this year.

Elephants are considered to be the wisest brutes of the animal world and live to an extreme old age. Perhaps as old as the story of Methuselah, then too, they grow to an enormous height. Duchess, belonging to Gollmar Bros.' herd of big eye for dissolving towers above all other ever, this does a Duchess performs with serious objection. Herd in Gollmar Bros.' corrosive, and shows which exhibit only slight ones, the Duchess is long and thin, and the farm we have to do many disagreeable jobs, and this will be one of them; I am sure I am not going to use this wash for the fun of it. It means business, and when I go at it I will be prepared to do it in a businesslike manner. The horse hitched to the single wagon carrying a sprayer will be protected by a light blanket, and the hands of the men with gloves. When spraying my help and I usually wear rubber coats, and rubber caps, or hats, too. Let such jobs set on our shoulders as lightly as possible.—Farm and Fireside.

TAYLOR--POORE

A POPULAR YOUNG LADY OF COLUMBIA WEDDED

On Wednesday afternoon at 3 o'clock at Columbia, Madge Conklin, daughter of J. Howard Taylor, was married to Ernest Albert Poore of St. Paul. Many friends of bride and groom were present, and it was a most happy occasion. Among friends who came up from Aberdeen were Mrs. Meredith and daughter, Miss Kittie, Mrs. Cathline, Miss Pierson, Miss Worswick, Miss Nina Varian, Miss Weller and Miss Crowley, also Mr. Martin Schamber and Jos. E. Kelly. W. E. Poore of Hastings, Wis. were also present. The newly wedded couple accompanied by the best wishes of hosts of friends departed immediately for St. Paul where they will be at home after July first, at 541 Manomin Ave.

June Marriages

In the early days of June it seems that Hymen had got very busy. Perhaps owing to the cold backward weather of May the clerk of the court had scarcely a call for a marriage license, but three days had not passed in June, the month of roses, when five applications were made, and more coming. The following were made happy:

- John Wager and Lydia Holstein, both of Aberdeen.
- Ernest A. Poore of St. Paul and Madge C. Taylor of Columbia.
- Rev. Carl Knold of Aberdeen and Emma Gerhard of Aberdeen township.
- Albert Kuhfeld and Bertha Freeman, both of Warner.
- Christian Vhig and Lillias Ledingham, of Aberdeen.
- Otto Camburn of Putney and Margaret Boynton of Groton.
- Floyd Borrone of Andover and Goldie Luce of Riverside.

The case of Eggabroad against Buck resulted in a judgment for plaintiff by direction of court for \$409. Suit was brought for commission on land sale.

The retrial of Burt will come on next week.

Another stone quarry victim has been around this week begging.

Little Bob has resown some of his wheat to corn.

His head was bent, and in his half closed eyes swam a misty blur. His fingers worked spasmodically or clenched tightly before him. Warm sweat stood on his forehead. Between his locked teeth came anon a fierce low imprecation. No it wasn't the heavy weight villain of the play, for we havn't engaged a troupe yet. It was only Norgan H. milking his old cow.

We learn that one of the smart young men of Hecla who has been living high, booming land, getting married &c. &c. forged to some seven thousand dollars worth of paper the names of a couple of prominent property owners of that vicinity and left. When last heard from he was in California from which state a draft for \$50 reached the Hecla bank, showing that he still knows how to raise the wind.

Alex M. Mitchell and Lake Coburn were Hub City visitors for business and pleasure. We learn that the Coburn ranch has been disposed of at a good figure to Iowa parties who contemplate raising horses on a large scale.

Mr. Mitchell has sold his wool clip to a Fargo buyer at something over 16 cents per lb. This I think is about the top notch. It is indeed the best figure I have heard of this year. Wool and mutton is Mr. Mitchell's hobby.

COLUMBIA

Gus Sandell is thinking of moving his family to Everts where he is teaming.

The County Commissioners met June 1st.

As usual in the case of small pox the reports are unreasonably exaggerated. All the small pox in this vicinity, and as far as we know in this country is at A. C. Besse's. Stearns and Dabrooks perfumes at the City drug store. All new stock.

The performance given here by Gollmar Bros.' circus last Wednesday was largely attended at both afternoon and evening performances and were in every respect first-class. This has been Gollmar Bros.' third visit to our city and they always brought a good show, but since their last visit the show has been enlarged to twice its former size and undoubtedly makes them one of the leading shows of the world. The menagerie alone, which to see is worth the price of admission. The performance under the monster three ring tent was of a high order and appreciated by the large crowd. The street parade which took place at 10 a. m. was a grand display and worth coming miles to see. The proprietors are all gentlemen, kind, courteous and deserve the patronage they are receiving.—Kewaskum Statesman.
