WM. H. GRANGER

A Prominent Resident of Claremont Dead.

W. H. Granger for many years well known resident of Claremont died at the home of his only brother in the township of Galus, Genesee county, Michigan, on Monday, September 28, and his remains arrived at Groton on Thursday evening. The funeral occurred at Hufton on Friday where his remains were laid to rest beside those of his wife, May Gibbs Granger. He was buried at his own request in his Knight Templar uniform and his funeral sermon was preached by Rev. Marshall F. Montgomery of Aberdeen. The burial services were conducted by the members of the Claremont masonic lodge. He leaves three children, all boys, aged five, seven and nine, who were with him in Michigan. He was a member of Claremont Workmen camp, in which he carried a policy of \$2,000. He also carried a policy of \$1,000 in the New York Life. He owned at the time of his death a three quarter section farm in Claremont township.

He has been a sufferer from creeping paralysis for about a year, which malady caused his death. Mr. Granger was most highly esteemed by a wide circle of friends. As near as the writer can ascertain he was about forty-three years old. He was one of the eighteen charter members of the Claremont lodge of Workman and the first of them to die.

AN OPEN LETTER

WE DELIRE to call your attention to the finest opportunity to buy good Prairie Lands in North Dakota at Low Prices on the Monthly installment plan. These are all carefully selected lands purchased years ago jointly by The Northwestern Agriculturist and The Hunter Land Company, Minneapolis, from the original Northern Pacific land grant and located along the main line of the Northern Pacific R'y.

The Bismarck Palladium says—Jan. 7, 1902. "One of the prettiest and most fertile sections of North Dakota lies in the county of Billings. This land has just been surveyed and has recently been placed on the market. The soil is rich dark loam and greatly resembles that in the Devils Lake region, which is the best flax producing land in the state and which 10 years ago sold at from \$2 to \$5 per acre. To day the same land is selling at from \$10 to \$30 per acre and is hard to find at these prices. The Missouri Slope country is just as fertile, will produce just as big crops the grasses are more nutritious and it has a greater abundance of fresh water and running streams."

The winters on the slope are milder than in Iowa or Illinois and cattle live outdoors the year round. The seasons are sufficiently long for the best grades of corn to mature. These lands are also unsurpassed for flax culture and the first crop usually more than pays for the land. There is no better investment in the world than Golden Valley Lands which are selling to-day at one-third of their earning value. Save your earnings monthly and own a farm. These splendid lands are covered with a luxuriant growth of blue grass, bunch grass and buffalo grass. Are free from stumps and stones. Good water easily obtained. Produce in abundance all small grain, including corn, flax, hard spring wheat, also vegetables—and are underlaid with vast deposits of lignite coal. Write to-day.

The Northwestern Agriculturist with its prestige as the leading paper of the west—75,000 circulation—could never afford to be identified with any land enterprise but the best and soundest. This has been fully investigated and is absolutely reliable. It is a great opportunity for farmers. Address all correspondence to

GROTON DRIVING PARK

Oct. 10 and 12, 1903

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by all druggists.

HELP THE WORKERS

A Call to the Charitably Inclined.

This year's dates, for the Harvest Festival are set for October 3rd to 6th, inclusive, during which period The Army, the whole country over, will not only gladly receive, but will eagerly seek for gifts of every conceivable nature. Primarily, perhaps, the fruits of the earth in their multi-form variety are desirable, but, as the world very well knows at this time, there is nothing of any sort or kind of which The Salvation Army cannot make use—as astonishing as it is
