The Choice Prizes of Life are Won by the Healthy and Strong

The weak, soft, flabby muscled, deficient in vigor and vital force, have ever had to suffer the humiliation of being ruthlessly shoved aside by their stronger rivals.

A clear, ruddy complexion, bright eyes, hardened muscles, steady nerves and a well knitted together body of elastic step and sway, constitute a trump card in any game—whether of love or business.

If you feel that you are outclassed, lacking the stamina to stand up and claim your own, don't delay another day in commencing to take

KING AND CLEMENCEAU SHOW SHELL CONTEMPT

LONDON, Nov. 1.—(Correspondence of the Associated Press.)—King Albert of Belgium and Premier Clemenceau of France were apparently so indifferent to shell fire to which they were exposed while the premier was visiting the Belgian front recently as to arouse the admiration of the Belgian soldiers.

One of them describes the incident thus: "The scene is laid among the ruins of a part of the Belgian front daily shelled by shells, bombs, or aerial ton-

ment receipts for the fiscal year and the last July were a disappointment. They show a deficit, as the receipts were expected to total 392,000,000 pesetas and the actual receipts were 22,000,000 pesetas.

The Argentine peso is equal to about 20 cents American gold.

ARGENTINA DEFIANT.

WASHINGTON, Nov. 1.—Reports from Argentina declare that government receipts for the fiscal year and the last July were a disappointment. They show a deficit, as the receipts were expected to total 392,000,000 pesetas and the actual receipts were 22,000,000 pesetas.

RED CROSS JAZZ BAND IS FINEST IN ENGLAND

WITH THE AMERICAN ARMY IN ENGLAND, Nov. 1.—"You are invited to visit the Red Cross recreation band in England," reads an invitation issued at an American camp in Southern England to every American soldier who happens to be assigned to spend a day or two in this camp on his way to the front. The invitation explains further: "We claim the jazz band championship of the British Isles and are ready to meet all comers."

The recreation band, where the band holds forth almost every evening, was fitted up to give the men a suitable place to spend their evenings and spare time, to write home, to read and to have little amateur programs of entertainment. It is run by the men themselves in their own way.

THE PRICE OF

The News Scimitar

WILL BE

3c Per Copy From Newsboys

And 15c Per Week or 60c Per Month

Delivered by Carrier to Your Home

In a recent issue The Editor and Publisher, the leading weekly published for newspaper workers, says:

"The upward trend of commodity prices, the increasing cost of paper and the difficulty of securing adequate quantities of news print, even at prices which have doubled within two years—these factors point now toward the three-cent price as unimpeachable as they once pointed to the two-cent price. What must be preserved is the power for service of our press, that is the vital concern of our newspaper makers and of our people. It is neither good policy nor good public service to ignore economic conditions and to trust to luck. Great enterprises are not wrenched in that way."—The Editor and Publisher.

Great economic changes have made the change in price mandatory if The News Scimitar is to continue to be of the fullest service to its readers. No longer can an adequate, complete newspaper be published under old price conditions.

In announcing the change in price The News Scimitar does so with a realization of the tremendous demands being made upon all newspapers in their duty toward the reading public. The News Scimitar is determined to maintain the highest possible standard in the completeness and the efficiency of its service.
