MAN'S WORD TO BE HIS BOND

Negro Race Needs Development in Regard to Fulfilling Contracts.

By T. O. PULLER
From conferences with a number of business men who have dealings with our people on a large scale it was the consensus of opinion that more attention should be paid to the matter of fulfilling contracts. A man's word should be his bond. When a man makes a promise, a pledge or a contract, it should be carried out. Nothing but this will make substantial progress. This is the first and most important step in the development of the negro race. It is the only thing that is worth consideration today.

Helen Hagan, concert pianist, will appear at LeMay's theatre Friday, Feb. 1, at 8 o'clock under the auspices of the LeMay Musical Association, assisted by the LeMay Club. H. C. Shepherd, Dr. A. C. Bly and others were present.

The officers of the old Elks' Home association held a meeting at Home Thursday afternoon in the interest of the home. W. H. Hagan, H. C. Shepherd, Dr. A. C. Bly and others were present.

Negroes of Helena, Ark., have organized a \$5000 hotel company.

Pupils in negro colleges subscribed \$52,000 to the war war drive, with \$40,000 paid in. There was no expense for collection.

The city commission has granted the Federal charities and Red Cross the use of a large room on the third floor at the east end of the Beale avenue market for headquarters. The organizations will raise funds for suitable furnishings.

There will be a meeting of the Federated Charities in connection with the Red Cross, at the LeMay theatre, corner St. Paul and Wellington streets Tuesday afternoon at 4 o'clock.

In perfecting the arrangements for the Home campaign, Rev. W. H. Hagan, Dr. J. L. Campbell, secretary of the committee, the special executive committee has Rev. A. J. Parr as chairman and Rev. J. L. Campbell, secretary. Rev. T. O. Puller is campaign manager and Rev. H. H. Roberts, assistant manager. Rev. J. W. Linton, field marshal.

Rev. S. J. Malhotra has under consideration a plan to extend his churches at Columbus, Miss., and Milan, Tenn.

Prof. Wm. N. Jones is making a social survey at Louisville, Ky.

Where Can I Find Relief From Itching, Terrifying Eczema?

This Question Is Ever On the Lips of the Afflicted.

Eczema, Tetter, Erysipelas and other terrifying conditions of the skin are deep-seated blood diseases, and applications of salves, ointments and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to a prompt ridance of blood and skin diseases. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble and forever root from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than 50 years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today, describing your case, to Medical Department, Swift Specific Co., 434 Southwest Laboratory, Atlanta, Ga., adv.

WOOLDRIDGE HELD ON MANSLAUGHTER CHARGE

Facing two charges of manslaughter and one of driving an automobile while intoxicated, Baxter Woodriddle, a real estate dealer, was held in an automobile race-down and killed Misses Eva Harrell and Lucile Maxwell, general household nurses, at Second street and Madison avenue Sunday night, and was bound over to the state in Judge Fitzhugh's city court Thursday afternoon.

Woodriddle is under \$15,000 bond, \$5,000 each in the manslaughter cases and \$5,000 on the charge of driving his automobile while intoxicated. One of the witnesses in the examining trial was Miss Frances Lowery, a nurse, who was with the women when the accident occurred.

Miss Lowery, with another nurse, was watching a short distance behind Misses Harrell and Maxwell. They were returning from the Central Baptist church, she stated, and the two young women stepped from the sidewalk to cross Second street. Miss Lowery said that the victims were unable to dodge the speeding car, and that the left front wheel passed over them.

J. M. Weisinger, night trucker, testified that he saw the car, and that he was looking in the city prison. He gave instances of wild statements alleged to have been made by Woodriddle, who was accused of saying that he had plenty of money and would get out of the affair. He said that they got out of the car, and Weisinger claims Woodriddle said:

WOMEN WORKERS ARE NOT WELL CARED FOR

Mrs. O. D. Glenn, state factory and labor inspector, is in Memphis for a few days, stopping at the Peabody hotel, while she investigates sanitary conditions of the various firms employing women in Memphis. "Memphis has been rather backward in caring for women employees in comparison to other portions of Tennessee," declared Mrs. Glenn. "Of late, however, she has made rapid strides toward making the workshops a fit place for women workers to remain. East Tennessee is especially noted for its sanitary conditions. "Heat rooms, proper dining places, toilets, lockers and other incidents are urged on the firms employing women. Among the Memphis firms who at present stand A-1 in sanitary conditions are the American Bag company, the new Rosworth Bag company, the United States bedding company, the

MAHONEY'S BOUND OVER ON LIQUOR LAW CHARGES

Falling to appear in Wednesday's city court, Miss Nellie Mahoney, charged with violating the liquor law, was returned, fined \$50 and held for the state by Judge Fitzhugh Thursday afternoon. Mrs. J. P. Mahoney, mother, arraigned on the same charge, was given a similar sentence. Miss Fannie Calvert, who was arrested as liquor law violator in the Mahoney party, is yet unable to appear in court, as the result of injuries received when endeavoring to escape police capture. The party of three, in an automobile, were caught at Riverside park by officers claiming to have found two suitcases of liquor. Mrs. Mahoney, the driver, swerved the car in a dash to escape and the younger women, riding on the fenders, were thrown off and painfully bruised.

News of Rivers

The steamer Whispier, which grounded at Ruffins, Ark., last week, probably is afloat, according to local agents of the vessel. Late in the afternoon the boat read 17.5 feet at Memphis, the gauge was almost afloat and only three inches more for water were needed to float it. Friday the gauge reads 18.4 feet here. C. Henschelberg, agent, had received no word Friday, owing to the isolation of the stranded vessel. The Fulton-Tully transportation company's steamer the Daisy is standing by the Whispier and will tow her to Memphis. It is believed the boat has suffered only broken hull-planks and a splintered rudder. If she is able to leave Friday morning she will be docked in Memphis by Saturday to undergo repairs.
