ENTERTAINMENTS CLUBDOM

Functions Resumed.
Here's news that should be most welcome to Memphis society—for it means a good time—and many more of them. The "clubbom" club will have its first meeting at the spacious ballroom Friday night, Feb. 14, for the first time in more than a year for the "clubbom." The occasion will be a Valentine dinner-dance.

A committee of the club is busily making preparations for the affair, and it is sure to be one that is worthy of the renewed activity of the Tennessee club.

Valentine decorations and unique surprises make every minute of the evening a delightful one.

This will be opening dance of the club, and others will be given frequently throughout the spring.

Shriners' Valentine.
Shriners, nobles and all admirers of the red fez take heart in the program planned for the Valentine masked ball to be given Feb. 14 at the Masonic temple, is enough to make Cupid smile at the lazier.

"It is said that the ballroom will be decorated in a Valentine scheme befitting the occasion and that even the intermissions will be something other than a mere resting period between dances.

Only those in costume and masks will be permitted on the floor prior to 11 p.m., at which time the prizes will be awarded for the most beautiful, the most original and the most comic ladies' Valentine costumes, and the same applies to the men.

It is suggested that costumes, in order to be successful in the contest for prizes, need not be expensive, but must merely carry out the Valentine theme, either beautiful or comic. And it is further suggested that most Valentine costumes are made of paper, but don't forget that it might raise the question, "Come, come, come—come with the beautiful ones of thy household, who wear so graceful and becoming, and darn thy socks in days of health—come attired as for high revelry, clothed in garments which you know not, and with faces concealed, for at Al Chymia's Valentine ball scores will be met whose own wives shall know them not, and who shall be invited to the dance, either in the here or hereafter, except St. Valentine himself."

Who could, and who would want to resist an invitation like that? Everybody can't be Shriners, but those who are may certainly expect a royal Valentine this year.

Dinner-Dance.
Foremost among the attractive affairs of the week will be the dinner-dance given by Miss Maud Renkert, popular member of the subcommittee at the Memphis Country club Saturday evening.

About 50 attractive members of the subcommittee will have the pleasure of attending.

MEETING OF MEMPHIS WOMEN'S ORGANIZATIONS
The E. A. Ramsey circle of King's Daughters will hold their monthly meeting Friday morning at 10:30 o'clock at the First Presbyterian church. All members are asked to bring luncheon and prepare to spend the day, to complete some sewing for the industrial school.

The dramatic arts class of the Young Women's club will meet at the clubrooms on Court Street Thursday evening at 7:30 o'clock. The class is open to all members of the club, and all who wish to join may do so Thursday evening.

A meeting of the Maury school Parent-Teacher association will be held Friday afternoon at 3:15 o'clock at the school. The membership campaign conducted under the auspices of the association is progressing, and it is hoped that a number of new members will attend the meeting.

At the local price of meat, all Smith's pork would have brought \$110 and the Williams hog at 20 cents per pound, would have brought \$115. These hogs were of famous Poland China breed, and were about two years old.

Neolin Soles

These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-soles. Wear them, and cut your shoe bills down.

Neolin Soles are made by The Good-year Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.
