

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin," the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monocacetic Acid of Salicylic Acid.

NAIL FUNERAL IS HELD AT HOME

Henry C. Nail, Veteran Business Man, Is Victim of Paralysis.

Funeral services for the late Henry C. Nail, aged 66, veteran business man and long-time resident of Memphis, who died Sunday afternoon at the Baptist Memorial hospital after a brief illness of paralysis, were held from the residence, 1130 Union avenue, Monday afternoon. Interment was private in Forest Hill cemetery.

Mr. Nail's death came as a shock to his immediate relatives and his host of friends in Memphis and territory where he was well known and generally beloved. He was taken suddenly Saturday night at his home and shortly afterward was removed to the hospital where he died at 3 o'clock Sunday afternoon.

Mr. Nail was born in Holmes county, Miss., but came to Memphis in his early youth. He was a traveling salesman out of Richmond and Louisville, and then established a tobacco concern in partnership in Louisville with P. P. Williams in which he remained for years before his falling health compelled him to retire from the active field.

He then came to Memphis from Louisville and spent several years in pursuit of his health, during which time he bred and developed some of the best bird dogs in the country. He was a well-known figure at the National Field Trial association's events at Grand Junction, Tenn., where his dogs were entered in the big events. Mr. Nail was one of the few remaining members of this notable organization.

During the past few years he had been more or less actively engaged with his sons in the cotton business. His upright character and kindness made and retained numerous friends who will regret his untimely death.

He leaves to survive him, besides his widow, three children, Mrs. Lee A. Stovall, Mrs. Mary E. Nail and Mrs. M. J. Nail. At the funeral, at which Rev. Ben Cox officiated, the following were the pallbearers—Eugene Hazlehurst, J. W. Leigh, J. Seddon Allen, Frank Omburg, Dudley Dumas, L. S. Gray, Hugh Connell, Walter Godbey, Dr. Percy Toombs.

Honorary—J. C. Palmer, T. B. Jones, T. O. Vinton, F. M. Norfleet, T. P. Fortune, Sr., Dr. R. S. Toombs, Jas. T. Fisher, J. A. Omburg, John T. Fargason.

Activities Among Memphis Negroes

Good roads have much to do with the advancement of a people. Without them, churches, schools and the interchange of products would be seriously handicapped. Road tax and road work are bitter pills to those who never stop to think how essential good roads are to the social and economic uplift of the community. Good roads mean better teams, easier travel, more pleasure, less wear and tear and the convenient handling of the agricultural and other products of the country.

A log cabin and an auto fit about as well as a pack of hounds at a piano recital. Well, there is nothing like keeping money in circulation.

There would not be such a howl about "crop liens" if there were not so many lean crops.

Our papers inform us that there is congestion in the labor circles of the North and East, due to the lessening of war activities and the return of our soldiers from overseas. They also suggest that emigration of labor from the South at this time will tend further to aggravate the situation. They will, if foresight, and our negro papers of the North are to be commended.

The passing of Moses Barker, one of the oldest letter carriers on the force, removes a splendid, interesting character. He will be remembered as the one who carried a lovely rose or carnation in his mouth from day to day.

And now it is "Judge" F. M. Guthrie, and his host of negro friends will wish for him a successful career as judge of the probate court of Shelby county.

While we are taking a little rest from criticizing Memphis, let's boost her a little. If her virtues are made known somebody at a distance might modify his opinion.

Activities Among Memphis Negroes

Some changes in city offices are expected to be made at Tuesday's meeting of the city commission, providing Mayor Monteverde is physically able to attend the gathering of the city fathers. The mayor was ill at home Monday with a cold.

However, it is freely predicted that not so many changes will be made as anticipated, due to the fact that numerous promises are said to have been made that will never be fulfilled. There probably will be more changes made in the police department than any other department. From the number of persons seeking city jobs and the number of promises said to have been made, some persons are doomed to disappointment.

A number of persons are seeking the job of assistant city attorney. Judge James Greer's name has often been mentioned for appointment to this job since last August, when, it is said, he was promised the position.

A statement has also been made that Dr. McCormick, member of the county court and brother of Grover McCormick, has been approached by the city administration with the offer that if he would vote for Dave Wells, city paymaster, for poll tax collector, the administration would make Grover McCormick assistant city attorney.

Mr. Joseph Newburger's Comment

"It should be the pride of every citizen of Memphis to see that we have a large packing plant, so that we can encourage our farmer friends to raise stock. Diversification is the slogan of the hour, and this certainly is one enterprise that Memphis needs, and needs badly, so let's all put our shoulder to the wheel and make the Memphis Packing Corporation a huge success. The board of directors have determined to go at this on a conservative basis and every dollar invested will be devoted solely to making the enterprise a success."—Joseph Newburger, President Newburger Cotton Co.

Mr. Henry Hayley's Comment

"Our Industrial Division has worked for a long time in an effort to secure for Memphis such a packing house as this will be, and we feel confident, now that we are able to have placed before the public a company with such a high order of personnel of management, that the industry will prove successful. We congratulate you upon having such men connected with your organization as Thornton Newsum, Joseph Newburger, James J. Carrigan, John C. Ryan, W. L. Huntley, Jr., P. M. Harper, Dr. Louis Leroy, W. N. Taylor, Cliff S. Blackburn, James Alexander, John B. Edgar, S. Steinberg, John T. Walsh and J. E. Givhan—all of whom are prominent citizens and well known as active and progressive business men."—Henry Hayley, Acting Secretary Memphis Chamber of Commerce.

ROPER WARNS ALL TO PAY TAX THIS WEEK

WASHINGTON, March 10.—Warning was issued today by Internal Revenue Collector Roper that persons who fail to file income tax returns with revenue collectors before next Saturday night will be subject to prosecution. He called on honest tax payers to aid in the roundup of slackers by reporting any information they might have which would assist in detection.

Those who merely neglect to file returns are subject on prosecution to a fine of not more than \$1,000, and those who "swifly refuse" are subject to a fine of not more than \$10,000, or imprisonment for one year, or both.

Means of detecting tax dodgers include the posting as soon as possible in each revenue district of the names of persons who have filed returns and the checking over of reports of information at the source, made by persons who were paid returns and the extension of 45 days allowed tax payers who are unable to file complete returns by next Saturday providing they report an estimate of the tax due by that time, together with a payment of at least one-fourth of the estimated tax. This applies to both corporation and individuals.
