## VANCOUVER TO HAVE GENERAL LABOR STRIKE

### Called in Sympathy for Winnipeg—Charge Profiteering. Government Says Agitators Want Russian System.

VANCOUVER, B. C., June 3.—A general strike of organized labor in Vancouver, in sympathy with the Winnipeg strike, effective at 11 a.m. today, was called at a mass meeting late last night.

## WINNIPEG SITUATION CLIMAX OF UNREST

WINNIPEG, Manitoba, June 3.—The general strike in Winnipeg and the demonstrations by labor forces in other cities have come as the climax of national unrest which has been apparent since last fall. It is known that the dominion government has been investigating the situation in every province since the first of the year.

Government officials and executives of the Winnipeg central strike committee differ sharply over the causes of industrial unrest. The strike executives, in public addresses and statements, have charged that the high cost of living and dominion-wide profiteering forced labor to use every force at its command to fight for downward revision of the cost of necessities and upward revision of wages.

Representatives of the dominion, provincial and municipal governments, have admitted that the cost of living has continued to soar since the armistice was signed. Senator Gibson, Robertson, minister of labor, and Arthur Meighen, minister of the interior, have declared that a federal investigation of alleged food hoarding, speculation and profiteering is in progress.

Government officials have charged that labor agitators are doing their best to precipitate a riot. Hundreds of the papers are displaying a big sign of the citizens' committee from the board of trade building attempted to force entrance to the building, but were denied entrance by policemen and detectives.

## NEAR RIOT

WINNIPEG, June 3.—Demonstrations by strike sympathizers threatened to precipitate a riot. Hundreds of the papers are displaying a big sign of the citizens' committee from the board of trade building attempted to force entrance to the building, but were denied entrance by policemen and detectives.

## FORD PROMISES TO HOLD JOBS OPEN

### Motor Co. Also Agreed to Care for Dependents of Soldiers.

MOUNT CLEMENS, Mich., June 3.—Lieut. James A. Contors testified today at the opening of the fourth week of Henry Ford's \$1,000,000 libel suit against the Chicago Tribune, that he had been told by Frank L. King-Smith, general manager of the Ford Motor company, and John R. Lee, one of the directors, that all employees of the company who went with the national guard to the Mexican border would be reinstated upon their return and that their dependents would be looked after during their absence. The Tribune editorial of June 25, 1918, was based in part on a news dispatch from Detroit dated June 21, to the effect that the Ford Motor company would not hold positions open, care for dependents, nor pay salaries of employees who followed the colors to the Rio Grande.

Asked by Weymouth Kirkland, attorney representing the defendant, if he put the name of the Ford Motor company among the names of other firms placarded on the wall of the Detroit armory as having pledged themselves to reinstate employees who enlisted and the care of their dependents, Mr. Contors admitted he had not.

## Waist Line Suits

## PHONE STRIKERS TO FIGHT IT OUT

### Atlanta Contest Will Not Be Compromised, So Labor Element Declares.

ATLANTA, Ga., June 3.—Striking telephone operators here started the second day of their walkout with the announced intention of making a "fight to the bitter end," in the contest which arose over the alleged discharge of fewer than a dozen employees for union affiliations.

Pickets were under orders to take their places at the 14 exchanges in and around Atlanta of the Southern Bell Telephone and Telegraph company and the Atlanta Telephone company, the latter operated by the Bell system.

The telephone company announced today its night force was of normal proportions and that service would be kept up. Many former employees, the company said, had applied to fill vacancies. Their latest estimate was that 125 employees had gone out, but they added it would be late today before they made a complete check. Union leaders say the total number of striking operators at around 600 and said 160 employees of other departments had gone out. All told there are nearly 1,800 employees in various departments of the two companies here.

## Furniture Dealers' Annual Convention Important Affair

The seventh annual convention of the State Retail Furniture Dealers' association, which will convene at the Hotel Gayoso for a two-day session on Wednesday, will be an affair of considerable moment in Tennessee commercial circles.

A program has been prepared divided about equally between instruction and pleasure. A business session will be held during the morning of the first day, and at 12:30, following luncheon, George R. James, of the William H. Moore Dry Goods company, and former member of the war trade board, will tell of his experiences in Washington. The feature of the afternoon will be a boat ride on the Mississippi river. The grand banquet will be held at the Hotel Chisca the night of June 4, at 8:30 o'clock. Another business session will be held the morning of the fifth, to be followed by luncheon at 1 o'clock at the Country club, at which Charles J. Haase, treasurer of the King-Haase Furniture company, will make an address, "Business Conditions." The convention will close with an automobile ride, which will take the visiting delegates through the most beautiful drives and parks in the city, including the Overton Park zoo.

The visiting delegates will be the guests of the Memphis branch of the association, which is headed by David Lee, of Lee Brothers Furniture company of this city. T. J. Beasley, of the Beasley Furniture company, is president of the state association.

## SHIP COMPANY'S WAR LOSS IS 409,967 TONS

NEW YORK, June 3.—The International Mercantile Marine company lost 43 steamers of 409,967 gross tons during the war through German submarines and mines, according to the annual report of the company for 1918, which was made public here Monday. These losses were all covered by war risk insurance and the company's operations for the year showed gross earnings of \$38,042,092, and net earnings of \$11,493,074. The combined income account for the year shows a surplus of \$12,940,537 as against a surplus of \$15,475,985 for 1917.

In reference to the recently concluded agreement to sell the company's British ships to a British syndicate which will come up for ratification at a stockholders' meeting on June 16, the report states that during the last few months 11 new British ships with a total of 75,000 tons have been purchased while 16 steamers of approximately 215,000 tons are under construction.

The report announces the establishment of a pension fund for officers and employees in the United States and Canada.

Any person paid for driving a passenger automobile, or motor truck, must have a chauffeur's license. Failure to buy one subjects the offender to a fine in the city court, and bars him from driving until one is obtained.

## Paid Chauffeurs All Must Have License—Cost \$5

Chauffeurs' licenses for the present year were due June 1, and the dashing pilot of a benzine buggy who fails to obtain his annual permit to drive is due for a lot of trouble, according to S. L. Moore, Jr., collector of licenses and privileges.

All of the inspectors of Mr. Moore's office have been instructed to take to the police station any chauffeur who can not show a 1919-1920 license. The drivers' license costs \$5, and is good for the period from June 1, 1919, to June 1, 1920.

Any person paid for driving a passenger automobile, or motor truck, must have a chauffeur's license. Failure to buy one subjects the offender to a fine in the city court, and bars him from driving until one is obtained.

## EXPEDITIONARY FORCE TO CLOSE BY AUGUST

WASHINGTON, June 3.—Continued use of naval ships in returning troops from France was urged before the house naval committee Monday by Secretary Baker. "With the aid of the navy," the secretary said, "practically every soldier will be out of France by Aug. 1, and the French expedition closed."

Mr. Baker was called before the committee for questioning as to when the marching of transports by the navy could be ended. He said release of many transports would be possible after Aug. 1, as only the army of occupation would then remain overseas.

Secretary Baker said a record in transporting troops was set last month, the total numbering 321,409. This was made possible, he added, only by the "most spirited co-operation of the navy's forces."

The number of soldiers in France on May 30 was given as 773,245, including 6,326 men of the navy and 18,616 marines.

## TRANSPORT ARRIVES

NEW PORT NEWS, Va., June 3.—The transport Canonicus arrived here today with 55 officers and 1,322 men of the 88th division.

# BIS-MAG

### FOR ACID STOMACH

Here at last is a guaranteed remedy for all those symptoms that so surely arise from acidity of the stomach. Physicians agree that in nine cases out of ten stomach disturbance, indigestion, gas, etc., is caused by the development of too much hydrochloric acid in the stomach, which irritates and burns the delicate stomach lining, souring and fermenting the food and delaying digestion. Instead of seeking relief from peptic pills or artificial digestants, which merely force the sour acid food mass from the stomach to the intestines, try a small box of BIS-MAG tablets to sweeten the stomach and neutralize the excess acid. Then your stomach will digest its food naturally and there will be no sourness, gas or pain.

BIS-MAG gives prompt relief and is a perfectly safe remedy to use, being a combination of Bismuth and Magnesia with other standard neutralizing ingredients. One box will prove its value in practically any case. Your money back if it fails to give relief.

Sold by druggists everywhere. Stomach sufferers should certainly give this great remedy a trial.

## Money At 6%

### Frocks of Cotton Fabrics for the Warm June Days

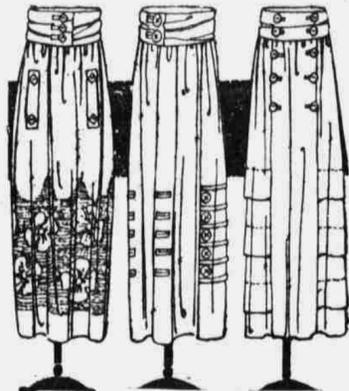

There is an indescribable daintiness—an exclusive freshness—about a wash dress—an air of youthfulness, which yearly renews the vogue for garments of cotton with the first hot days.

The assortment we feature for tomorrow offers a splendid variety of pretty styles. Daintily figured voiles and new ginghams in beautiful plaids—they are made overskirt and tunic effect, and with attractive pleats and ruffles, new girdles and sashes, pretty vests and collars.

The extremely low prices are not a measure of their attractiveness. You will pay considerably more later on if you overlook this sale—

## \$5.95, \$6.75 and \$8.95

## Summer Tub Skirts Snowy White

The fashion papers tell us that this is a separate skirt season, and this forecast is amply proven by the hundreds of women who visited our new skirt shop with the first touch of warm weather.

Really a style with a reason, for there isn't a more jaunty form of dress than a crisp white skirt and a dainty white waist. And our skirt styles are truly lovely. We are told so daily, and we are even complimented on the agreeable modesty of the price range.

Tailored and novelty styles equally in demand. Gaberdine and needlecord are the most popular materials. Some models are embroidered, others have tucks, either wide or narrow. The tailored skirts are trimmed with good looking pearl buttons. A complete assortment of sizes from 25 to 36-inch belt measure.

## \$4.95, \$5.95, \$6.75, \$7.95 and \$8.95
