Sunday School Attendance Is Steadily Gaining

Twenty-five Sunday schools reporting their comparative attendance for Sunday of August 3, 1919, showed a total increase of 569. Complete returns will probably show an increase of over 1,000 as only about one-half of the schools had reported Monday noon.

Linden Avenue Christian Sunday school led the field in net increase in attendance, recording 162 more pupils than attended a year ago. This school has recorded an increase in attendance every Sunday since the campaign. Dr. Walter M. White, pastor of the church, is director-general of the campaign and his school has taken great pride in setting the pace for the other schools. The Alabama Street Presbyterian Presbyterian Sunday school has also made a remarkable record throughout the campaign. The Rev. T. M. Lowry, pastor of the church, has taken a keen interest in the campaign from the beginning. The attendance jumped 130 Sunday.

The attendance records for the schools reporting follow:

BOY'S SWIMMING EXHIBITION AT "Y"

All the best swimmers of the boys' division will put on a big swimming demonstration and exhibition in the "Y" pool Friday night. The program will begin at 8 o'clock. This event is free to the parents of the boys, ladies especially being invited.

The program arranged shows some new and novel events, the water marching and water polo, the water polo, the gymnastics, tub races and athletic games, as used in the gymnasium, will be held out in the pool. The program closes with a contest in fancy diving and a three-team relay race. Beaches seats will be erected around the natatorium for the spectators.

WEAKLEY COUNTY SHIPS LAMBS CO-OPERATIVELY

One hundred and forty lambs comprised the first co-operative live stock demonstration made from West county, Tennessee. The shipment was made Saturday from Dresden by R. E. Ellis, county agent, with the assistance of H. O. Pate, market director of the Chamber of Commerce farm bureau. It went to St. Louis.

Mr. Ellis is now planning a co-operative shipment of hogs from his county. A number of the farmers already have hogs on feed for this shipment.

Mr. Ellis will endeavor to extend the co-operative shipping movement throughout the county by the organization of shipping associations in all the leading communities.

TRAVELERS MOURN DEATH OF J. T. RUCKS

Travelers in the Memphis territory for more than a generation have known and loved J. T. Rucks, 65 years old, who died Sunday at the Baptist Memorial hospital. For a score of years Mr. Rucks was known as the genial host of the Hotel Grenada, at Grenada, Miss. Prior to his emigration into the hotel business Mr. Rucks traveled for Goodbar & Co., and no commercial traveler of the early and middle '80s was more popular and universally known than he was in the Memphis territory.

The body will be buried near the family home, Lebanon, Tenn., next likely. Funeral arrangements are in abeyance pending the arrival of his nephews, Dr. William Rucks and J. T. Rucks, of Oklahoma City, who are to reach Memphis Monday night.

Sam T. Rucks, 303 Avalon place, is a cousin of the dead man. Dr. W. L. Rucks, 205 Avalon place, is a grand nephew. Mr. Rucks' family was one of the pioneers of Middle Tennessee and is a line which has given many a noted soldier and citizen to the cause and service of the Southland. The Verger family of Mississippi is connected by marriage with the Rucks family. Mr. Rucks was a bachelor and was famed for his quaint sayings, having brought to the Mississippi river many of the things which were common in the country, where he lived as a young man.

OVER FIVE MILLION AMERICANS ASK HELP

ATLANTA, Ga., Aug. 4.—Over five and a quarter million Americans, over five per cent of the entire population, are forced to ask and receive charity each year.

According to the latest census, 5,277,346 men, women and children are each year given aid or treatment in benevolent or charitable institutions for children, children or adults, hospitals and infirmaries. These figures do not include institutions operated by fraternal or mutual organizations, nor do they include institutions operated by industrial corporations for their blind, deaf or dumb or insane, or almshouses.

In addition to injuring the pride, reducing the self-respect and sapping the confidence of this portion of American citizenship, lack of financial preparedness cost over \$100,000,486 in money paid out that year. It is probable that the necessity for doing sums for charity can never be done away with, but a study of the figures gives certain proof that much of the money expended may be saved through the popularization of the habit of thrift and care for the future. That is one of the primary objects of the national thrift campaign, now being conducted by the savings division of the treasury department.

The national lack of thrift is not disconcerting to note, but upon those most directly responsible for the condition of unpreparedness, but upon children. In 1916 at least 224,419 children were committed to institutions maintained entirely for the care of children and 116,074 remained in these institutions at the close of the year. These institutions represented an investment of \$12,712,203.

The economic history of the country shows that out of every 100 young men selected at the age of 25, only 75 will leave enough of an estate to pay the undertaker, and 95 are dependent.

The goal of the national thrift campaign is to reverse these figures by means of promoting wise spending, avoiding of waste, intelligent saving and safe investment in thrift stamps, war savings stamps and treasury savings certificates.

HEAR MYSTERIOUS SHOTS

Four pistol shots about 4 o'clock Monday morning startled citizens living in the vicinity of 2nd street and Jefferson and Court avenues. Persons sleeping in their homes were awakened by the sound of the firing and some were frightened away from a chicken coop.

25 FRENCH FELLOWSHIPS READY FOR AMERICANS

WASHINGTON, Aug. 4.—Twenty-five fellowships at French universities will be granted in 1920 for American students, according to an announcement of the Society for American Fellowships, 43 Fifth avenue, New York city, just published by the bureau of education, department of the interior.

The fellowships will be of the value of \$1,000 a year for two years and will be open to properly qualified American citizens whether college graduates or with experience in industrial establishments in work requiring high technical skill. Applications must be sent in by Sept. 1 and the awards will be made shortly after that date.

The official announcement of the society states that it has been organized by friends of French science and learning to assist in establishing in the proper place of eminence in the mind of the American public, the standing and repute of French scholarship.

In order to readjust the true balance, which, for various reasons has been out of equilibrium in favor of the German universities, it is proposed to encourage the development of American university scholarship by personal acquaintance with French achievements will be in a position to render aid to the French government in public opinion the just status of French science and learning and a better appreciation of the place of France in the leadership of the world. It is hoped by such means that those people of the world who cherish the same ideas of democracy, justice and liberty will come to know each other better, and to co-operate more and more in the realization of their common hopes and ambitions.

SOLDIERS ALL SAVED DECLARES PREACHER

SPOKANE, Wash., Aug. 4.—Because he expressed the opinion that soldiers killed in battle go direct to the realm of the dead, an Island Empire pastor has fallen out of his church administration and is asked to resign.

The incident has created widespread controversy, and the weight of the preacher's congregation is with him.

The storm center about the devoted head of Rev. W. Baldwin, of the First Presbyterian church, at Yakima, formerly of Idaho Falls, Id.

The offending remarks included a statement of belief that soldiers who gave their lives in battle will not suffer damnation, though they died without being affiliated with any church and ambulance, but on the firing line a ruin of President McKinley, was at one time noted as an orator in England.

THERE ARE 4,000,000 DESTITUTE IN POLAND

WARSAW, Poland, Aug. 4.—It is estimated that there are 4,000,000 destitute persons in Poland, including 2,000,000 mothers and children. For five years the struggling armies of Russia and the central powers went back and forth over the country. Thousands of houses and buildings were destroyed and the population has been reduced to a fraction of its former numbers.

Now that peace has settled upon the rest of the world, Poland is still engaged in a struggle for survival. From the Baltic to the Carpathians, on a front three times the length of the former war zone, the Poles are mobilized. Even women and girls are performing military service, not as their French and American sisters were in hospitals and ambulance, but on the firing line with rifles in their hands.

Despite these conditions, the new Polish government is making a determined effort to care for its civilians, with the assistance of allied relief agencies. The American Red Cross has already sent to Poland a dozen trainloads of supplies, clothing, medicine and children's articles. What this has meant to the new republic is summed up in the statement of a Polish government official who told the Red Cross workers:

"You are saving a race which has struggled for independence for hundreds of years, and are winning their everlasting gratitude and friendship."

AMERICAN RED CROSS FIGHTS SIBERIAN TYPHUS

ATLANTA, Ga., Aug. 4.—The American Red Cross today announced extensive preparations for the fight against typhus in Siberia. The coming winter, last winter, more than 10,000 people died from this plague in Siberia, and the number of persons afflicted with the disease has been estimated at more than 100,000.

The Red Cross personnel in Siberia which up until three months ago numbered 321 has been increased to 650, many additional doctors and nurses having been sent abroad for the anti-typhus campaign.

As body lice are the carriers of the disease, clean clothing with ample washing and delousing facilities are essential to the success of the campaign. Twelve steam-powered boilers, with necessary pumps and other equipment essential to the construction of such stations, are being shipped to Siberia. It is planned to establish quarantine stations along the railroad routes and at principal junctions. These stations will be equipped with baths and the boilers will be used in the construction of delousing plants. It is only by the use of such quarantine stations that the spread of the disease can be checked.

A train of 17 cars equipped for bathing and delousing purposes which can be moved to any point where the plague is severe, is operated by the Red Cross in Siberia. The Red Cross hospitals in the specially-equipped for fighting the disease.

The last shipment to Siberia included 2,000 delousing suits for hospital use and 22,138 sweaters, value in all at \$40,105. A previous shipment contained 40,000 articles of men's, women's and children's muslin underwear made to a special Russian pattern and costing \$250,000.

Too Young to Feel Old!

Don't let that bad back make you old! Get back your health and keep it. You can detect kidney weakness in its early stages, from the morning lameness, dull backache, dizzy spells, nervousness and kidney irregularities. Taken early, a short treatment with Doan's Kidney Pills will usually correct it. Kidney weakness is too often brought on by irregular habits. Practice moderation. Keep regular hours. Take regular exercise. Cut out useless worrying. Avoid overeating, overdrinking, overworking and all other excesses. A perfect balance of brain, muscles and nerves makes work as sweet as play. You enjoy life, radiate good cheer and feel young at any age. Doan's have helped thousands. Here are some local cases:

Some Memphis Cases:

Address	Statement
McLemore Avenue	E. Kraft, prop. bakery and lunch room, 226 McLemore Avenue, says: "For some years my kidneys have given me trouble at frequent intervals. My back was the most troublesome symptom of my complaint and there was a deep-seated pain just over my kidneys for days at a time. My kidneys didn't act properly. I read of Doan's Kidney Pills being good for these troubles and I got two boxes at Ferrell's Drug Store. After using them my trouble disappeared and I felt like a different man."
Webster Street	Mrs. Henry Martin, 237 Webster Street, says: "A few years ago I was getting over the grip and noticed my kidneys were disordered. My eyes had large circles under them and I had severe pains through the back of my neck and a dull ache in the small of my back. I felt tired, had no ambition to do my housework, and my condition was pretty bad. I saw Doan's Kidney Pills advertised and decided to try them. I got two boxes and they entirely cured me of every symptom of this complaint. I have been free from this trouble ever since."
Southern Avenue	J. E. Jones, 1561 Southern Avenue, says: "I have been a railroad conductor for several years and the constant jarring over rough roads and drinking all kinds of bad water had a bad effect on my kidneys. The most troublesome symptom of my complaint was the too frequent action of my kidneys and the secretions would be highly colored and otherwise unnatural. Mornings on arising I had severe pains over my kidneys and could hardly straighten after stooping over. I finally saw Doan's Kidney Pills highly recommended and began taking them. Two boxes entirely cured me and I have been well ever since."
North Dunlap Street	Mrs. E. E. Young, 623 N. Dunlap Street, says: "I suffered awful attacks with weak back and my kidneys didn't act as they should. Often severe headaches came over me and caused my eyes to blur and I was in pretty bad shape. I used Doan's Kidney Pills, after I had tried several remedies without results, and Doan's entirely cured me. I have had no return of the trouble since." (Statement given June 19, 1917.)
Lauderdale Street	J. N. Harris, city fireman, 1196 Lauderdale Street, gave the following statement June 28, 1916: "My kidneys got out of order and I had a soreness and dull aching in the small of my back. If I took cold the trouble got worse. I used Doan's Kidney Pills, which I got at Ferrell's Drug Store, and they soon strengthened my back and put my kidneys in good shape."
South Wellington Street	Mrs. A. L. Griffin, 1081 S. Wellington Street, says: "Last winter I was badly run down and awfully nervous. My back would ache through the day, especially when I would overtax my strength. I would get quite dizzy and black spots would appear before my eyes. My head ached, and the pain seemed to shift from my neck down through the small of my back. In my old home town in Oakland many people had been benefited by Doan's Kidney Pills, so I was led to try them. I was well pleased with the results I got from the first. It gives me great pleasure to recommend this remedy."
