600,000 R. R. LABORERS ASKING WAGE BOOSTS

WASHINGTON, Sept. 4.—Representatives of the 600,000 members of the United Brotherhood of Maintenance of Way and Railroad Workers asked the railroad wage board today to adjust their wages in accordance with the principle laid down by President Wilson in approving adjustments last week for the railroad employees.

The board was told that the men adhered to the president's decision that there should be no general increases of wages while government agencies were actively seeking to return economic conditions to normal, but that they felt the inequalities in pay existing as between the employees of different railroad systems should be corrected. The maintenance of way men and shop laborers, the spokesman said, received the lowest rates of pay of any class of employees in the railroad service.

Decision to ask for an adjustment of their wages at this time was reached by the men recently through a secret ballot. It was announced that the question of a general wage increase would be considered at the annual convention of the brotherhood at Detroit Sept. 8.

COLUMBUS STILL WALKS BUT HOPES FOR CARS

COLUMBUS, O., Sept. 4.—Wearied, foot-sore Columbus struggled valiantly to work this morning, the second day of the street car strike, hopeful that Friday morning would see the end of the tie-up. Following a conference last night of leaders of the striking motor-men and conductors and officials of the Rail Light company with Mayor Karb, the latter expressed the hope cars would be running tomorrow.

The carmen may decide today to return to work pending arbitration of their grievances, the mayor said. The company has offered to arbitrate differences providing the striking carmen and the line men, who on Aug. 8, asking increased wages, return to work pending a result of arbitration conference. The board will meet at 2 p. m. today to consider what action may be taken. Hastily improvised taxis and trucks hauled thousands to work again today from outlying districts, while thousands living within one or two miles of the downtown section walked.

NASHVILLE, Tenn., Sept. 4.—Tennessee today is in preparation of holding a constitutional convention. Mrs. Etta Laton Tells How Cuticura Healed Her Baby

"Great big blisters came on my baby. They first came on his hands and arms and then spread all over his body. They would stay red for about two days, then make sore eruptions, and they caused so much itching and burning that he could not sleep at night. He would scratch until the eruption bled and he could hardly bear to have his clothes touch him. This trouble lasted about three months. Then I got some Cuticura Soap and Ointment, and after using three cakes of Cuticura Soap and three boxes of Cuticura Ointment he was healed." (Signed) Mrs. Etta Laton, State Line, Miss.
