FREY STILL TRYING TO MAKE HIS BOND

Jack Frey, charged jointly with Allen assaulting three young women near Hollywood, probably will make bond within a few days, his counsel declares. He was held in jail in default of bond in the sum of \$5,000 in the assault case and \$2,000 bond in a case charging him with stealing an automobile.

It was discovered Thursday that he had already made bond for the automobile case and although his bondsmen surrendered him at the time of his arrest for the alleged assault, that the \$5,000 bond automatically put into force the automobile bond.

Passenger Train Service Reduced

THROUGHOUT THE UNITED STATES

Avoid Unnecessary Travel

A shortage of coal necessitates a material reduction of train service. A great many passenger trains will be discontinued after Sunday, December 7, 1919, and schedules of some remaining trains changed on many railroads. Detailed information will be given to the newspapers and by local agents. In this emergency the public is earnestly requested to avoid unnecessary travel. It is very important that those who must travel, and especially those who have made advance purchases of tickets or sleeping car space for any day in December shall promptly make inquiry of local ticket agents and ascertain whether or not trains or cars they contemplate using have been discontinued or their time changed. The limited train service available will serve to carry only usual travel.
