March Brings Out Unightly Spots. How to Remove Easily.  
The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckles. Fortunately for her peace of mind, Othine—double strength—makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.  
Get an ounce from your druggist and banish the freckles. Money back if it fails.

**Scientific Wrinkle Remover Easily Made**

A few dermatologists long have held the secret that a certain product known to the drug trade as azolette, has the property when used in solution of almost instantly reducing wrinkles and furrows. Anyone can readily make this same solution by dissolving an ounce of powdered azolette in a half pint of witch hazel. Rub the face in this and note the quick transformation! The skin tightens, becomes firmer—deeper wrinkles and crowfeet at once begin to smooth out. This action will of course also reduce hanging cheeks or double chin.  
When the hands show signs of aging the skin becoming coarse, creased or flabby, bathe them in the solution. Since the first publication of this formula, men and women all over the country have taken advantage of the information, according to reports, with most satisfactory results.

## Enough to Patch the Leak in the Roof

The late Robert J. Burdette, whose philosophy has touched the hearts of thousands, aptly said: "A bit out of every pay envelope, enough to patch the leak in the roof, enough to provide for the 'rainy day,' enough for the holiday once in awhile, enough for a new book and an evening at 'the show,' enough for the dreary days of sickness."  
Do you save a little out of each pay envelope? Enough to patch the leak in your financial roof when the rainy day comes?
