

MRS. GEORGE BASS TO ADDRESS MEET OF WOMEN'S CLUBS

KNOXVILLE, Tenn., March 31.—Mrs. George Bass of Washington, D. C., is expected to speak at the annual convention of the Federation of Women's Clubs, which will be held in Knoxville Wednesday, Thursday and Friday, May 4, 5 and 6.

Memphis Packing House Men Going To Study Plants

Joseph Newburger, president of the Memphis Packing corporation and a committee composed of members of the board of directors, will depart Tuesday for Kansas City, Chicago and Indianapolis to study packing plants and confer with packing houses officials.

SCORES JOHNSON AND BORAH FOR ATTACK ON WOOD

Sam Sells, manager of Wood Campaign in Tennessee, Says Overwhelming Success of Candidate Cause of Fight

WASHINGTON, March 31, 1920.—Claiming that the overwhelming success of Gen. Wood's campaign is responsible for the attack made on him by Senators Borah and Johnson and that the charges will react, Representative Sam R. Wells, manager of the Wood campaign in Tennessee, yesterday gave out a statement. He said: "I am not surprised at these charges in view of the overwhelming success of Gen. Wood's candidacy thus far. It has for some time been obvious that he was the leading candidate and his nomination was assured as against the present field of candidates. It was necessary to attempt a check to the drift in all parts of the country, and these charges are made for the sole purpose of breaking down the strength of the movement without regard to their truth or falsity. So far as I am informed, they are having little or no effect, and I predict they will injure the parties making them rather than Gen. Wood."

Census Could Get Boost Out At Zoo

The 1920 federal census enumerator did not take figures on the population of the Memphis zoo. But should he decide to remedy this oversight, he will find a considerable percentage of growth. The zoo recently has been enlarged by the addition of two ornamental bear cubs, the gift of G. B. Terry, Jr., Hollywood, Miss., and a number of Japanese robins, blue Java sparrows, zebra doves and zebra finches. Other additions to the bird family are due soon.

RECRUITING FOR STATE FIELD ARTILLERY ON

Recruiting for Battery A, First Tennessee field artillery, the field unit allotted to Memphis as a state militia command, began Wednesday afternoon at the armory, Main street and Washington avenue, and will continue energetically to complete the personnel of 126 men before encampment, July 15. As an inducement in enlisting, Capt. John T. Shroy, commander, announces that the 10 sergeants and 13 corporals as well as 24 first-class privates will

be recruited. Recruits who join in the next few days will be afforded federal recognition and will draw equipment before encampment at Fort Sill, Okla., at the armory each day from 2:30 p. m. until 10 p. m. Physically fit men from 18 to 40 years are eligible. Recruiting officers will be stationed

"SOMETHING ABOUT IT DOES THE WORK" SAYS WITT: GAINS 25 POUNDS

Tanlac Relieved His Troubles Five Years Ago and He Still Enjoys Perfect Health.

"RESULTS QUICK AND LASTING," HE DECLARES

Nothing Agreed With Him and Was So Weak He Could Hardly Stand Up. Tells Experience.

Although it has been five years now since Lee A. Witt, a prominent farmer of Flattville, Kentucky, realized the remarkable powers of Tanlac, like thousands of others who have used the medicine with the same wonderful results, he still finds pleasure in telling the people about it. "While in Taylor-Isaac drug store in Louisville the other day, Mr. Witt, during a conversation regarding Tanlac, said: "It's everybody's privilege, of course, to take the kind of medicine they want, but you may give me Tanlac every time. It not only relieved me of a bad case of indigestion five years ago, but it put me in shape to where I am actually gained twenty-five pounds in weight. I am still feeling fine, so I can testify to both the quick and lasting benefits that one gets from Tanlac. "Before I took it I had been in the worst kind of a fix for several years. I could not eat anything but what kept

me in misery for hours and sometimes I was in so much pain from indigestion that I would bend almost double. I often had a smothering spell when it seemed like I was going to die. I simply had to grasp for breath and got so weak I would quiver all over and could hardly stand up. Nothing agreed with me and I lost weight and strength continually. "This is just the fix I was in when Tanlac first came to Louisville. Pretty soon everybody was talking about it and lots of people got to making statements about how it helped them, so I decided to see if it would help me and bought a bottle. Well, it helped me right from the start, and when I finished my fifth bottle I felt as well as I ever did in my life, and was astonished when I got on the scales and found I had picked up twenty-five pounds in weight. I am still a well man, have a fine appetite, eat and sleep like a child, and have had no return of my old troubles since Tanlac put me on my feet five years ago. Such a medicine will do to to, for there's something about it that does the work and if I can help others along the way by telling what it has done for me, I am glad to do so. "Hundreds of such statements as the foregoing are now reaching the Tanlac offices daily from all parts of the United States and Canada, and it is certainly gratifying to see that so many people are using the Master Medicine with such wonderful results. Thousands everywhere are being benefited. It is wonderful if any medicine ever been placed on the market in the way of a proprietary medicine that has attained such prominence and widespread popularity. Tanlac is unquestionably the most widely talked of medicine in the world today, and those who have not tried it invariably buy it over and over again and tell their friends of the splendid results they have derived from its use. Tanlac is sold in Memphis by Warnock Drug Co. and by West's Pharmacy in Eads by Conell Mercantile Co., and in Bartlett by R. J. Hood, adv.

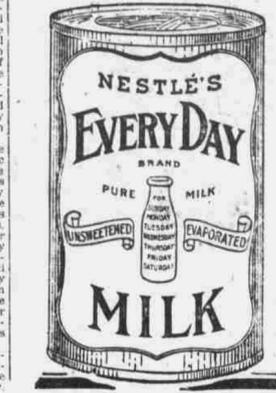

Why We Love Cream Soups

ALL my family—Father and the children, too—love my cream soups. Tomato, potato, pea—no matter what it is, it tastes good. And it satisfies them almost better than anything else—for less money.

The secret? I use Every Day Milk. I found out that one bright tin of Every Day Milk had in it all the cream, all the butter-fat, all the nourishment, of over a quart of rich milk. You see, most of the water has been taken out, making it richer and creamier—nothing has been added. No wonder my soups are good.

And besides, I don't have to worry about ice man or milk man. I save money. I buy no more cream, for Every Day takes its place in coffee and on cereals.

NESTLÉ'S EVERY DAY MILK

TELEGRAPH BRIEFS

ST. LOUIS, Mo.—Harry E. Simon, a former army flyer in Pittsburgh, Pa., and Arthur L. Peterson, of St. Louis, D., a student aviator, making his first flight, were killed yesterday when their airplane crashed 300 feet to the ground. ST. ANDREWS, Fla.—A freakish lightning bolt during a storm here yesterday caused the instant death of Henry Fleming, of this place. NEW YORK—American and Canadian news prints manufacturers conferred here yesterday with representatives of paper and pulp makers unions, which have asked wage increases of 25 to 35 per cent after March 1, when the present agreement expires. The manufacturers made counter-proposals, to which the union officials said they would reply within two weeks. EL PASO, Tex.—Eight people were killed and 40 seriously injured when the roof of the O'Farrell theater in San Luis Potosi collapsed during a theatrical performance Monday night, according to a telegram received yesterday by A. Ruiz Sandoval, acting Mexican consul general here. It is believed the roof was loosened by heavy winds. ST. LOUIS—Two-thirds of the city's 526 firemen today voted to strike unless they are granted a wage increase of \$126.50 to \$150 a month by May 1. The others will vote later this week. An increase to \$140, granted Monday, which rejected. WASHINGTON—Another postponement until next fall of arguments in seven antitrust suits now before the supreme court has been decided upon. It was said that the department of justice desired to study the recent decision against the government in the United States Steel corporation case and to review the dissolution suits now pending. CHICAGO—Orders approved by Secretary of Labor Wilson for the deportation of 25 Chicago radicals were received yesterday by Immigration Commissioner Harry M. Landis. Six alleged radicals, arrested in the Chicago district, were ordered released. NEW YORK—Net profits of the Western Union Telegraph company for 1919 were \$10,635,288, equivalent to \$10.65 a share on the \$93,786,728 outstanding capital stock, according to the company's annual report made public last night. ARCADIA, Fla.—Lieut. Omar Niergarth, aviator, who has been missing from Carlstrom field one week ago, and for whom a search has been conducted all over the Everglades by other airplanes, was located at a fishing camp yesterday, according to information reaching here. LAWRENCE, Kan.—Jess Willard, former heavyweight champion, was fined \$1 and costs in the court of Justice R. C. Manley here yesterday on a charge of disturbing the peace. Complaint was made by Fred Logan, a negro policeman, who testified that Willard told him that "he would kick his nuts out" when trouble arose when Willard, in an automobile, attempted to pass Logan, who was riding in a wagon. WILL BURY MRS. RAPP. Mass for Mrs. Caroline Bender Rapp, aged 72, who died last Tuesday afternoon, was said at St. Bridget's Catholic church Wednesday. Funeral services will be held from the family residence, 102 1/2 Mill avenue, Thursday morning. Burial will be in Calvary cemetery. Five children, one sister and three grandchildren, six of Memphis, survive. She was the widow of the late Casper Rapp, and had been in declining health for some time.

KNOXVILLE PLANS BIG TRADE TRIP

KNOXVILLE, Tenn., March 31, 1920.—A trade trip over East Tennessee, North and South Carolina and Georgia will be taken by the latter part of May by a delegation from the Knoxville board of Commerce. More than 100 of the city's prominent business men will go on the trip. A banner will be prominently displayed at towns visited which will advertise the fact that Knoxville has shown an increase of 114 per cent in population during the past ten years and is working for a 200 per cent increase in size by 1926. Package arrangements have been made with all local agents and several tracks already have been built on the site of the plant. Foundations of several buildings under construction and Mr. Newburger expects the plant to be completed by Sept. 1.

and it wasn't his crime

Justice sometimes goes wrong. Men are often punished for crimes they do not commit. And when we thoughtlessly take purgatives and cathartics to relieve stagnant bowels, we are committing a similar injustice.

When the system is unable to remove food waste at regular intervals, it is the food waste, and not the system, that needs correction.

Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system. By this entirely new principle Nujol will keep the poisonous waste moving out of the body.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it. Nujol is sold by all druggists in bottles only, bearing the Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

A New Method of Treating an Old Complaint

MONEY THROWN AWAY

The woman who wants to be well dressed is throwing her money away when she buys the ordinary clothes sold by the average store—only in the specialty shop can she find clothes that will make her look her best. At Miller's Ready-to-Wear, Millinery and Fur Shop at 154 S. Main St., you will find only the finest, highest grade, one-of-a-kind clothes, and your credit is good here without any red tape, reference or investigation. Suits, \$50.00 to \$75.00. Dresses, \$35.00 to \$100.00. Coats, \$25.00 to \$100.00. Hats, \$10.00 to \$50.00. Fur, \$25.00 to \$1,000.00. Skirts, \$10.00 to \$50.00. Fur, \$7.50 to \$50.00, etc., etc. Bonds and stamps taken at full value.

Advertisement for Commerce Trucks. Features an illustration of a truck and text describing its benefits: 'LOW initial cost, economical operation, minimum up-keep expense, are factors not to be overlooked in the selection of a motor truck. The Commerce Truck represents a value not to be duplicated in its class—price, serviceability, dependability, reputation. An investigation of performance records in farm and commercial use will prove convincing arguments why Commerce Trucks merit consideration. Chassis Prices \$1,650 to \$2,065. F. O. B. Detroit, Mich. THE COMMERCE MOTOR CAR COMPANY, DETROIT, MICHIGAN. Ninth Year Manufacturer Motor Trucks. THE KELLY-SPRINGFIELD SALES CO. OF MEMPHIS. Distributors of Commerce Trucks and Commerce Service. 763 Madison Avenue at Manassas Street. Phone Main 1077.

Are you pounding away your energy?

FRESH and vigorous in the morning—yet long before the day's work is done you begin to tire. By half-past three or four fatigue is stealing your strength.

This fatigue decreases the amount of work you can do. It makes pleasure less enjoyable. It lowers your resistance to disease.

A certain amount of fatigue is natural and inevitable—but too many men and women waste much of their precious energy.

One of the greatest of these wastes comes from pounding away your energy on hard, modern pavements. If you are a person of average activity you take 8,000 steps a day. Every step you take with hard leather heels or "dead" rubber heels acts as a hammer blow to your nervous system. The constant repetition of these jolts and jars tends to exhaust your energy—to produce that tired-out feeling you so often experience.

Remove this cause of fatigue. You can do much to prevent this condition. You can eliminate the shocks of pounding hard heels on still harder pavements. O'Sullivan's

Heels are especially made to absorb these jolts and jars.

To secure the resiliency, the springiness of O'Sullivan's Heels, the highest grades of rubber are blended by a special formula. With this blend of live, springy rubber are "compounded" the best toughening agents known. The "compound" is then "cured" or baked under high pressure.

By this means O'Sullivan's Heels are made to absorb the jolts and jars of walking. Moreover, the same process that makes O'Sullivan's Heels resilient gives them their great durability. O'Sullivan's Heels will outlast three pairs of leather heels—they often outlast two pairs of ordinary rubber heels.

Stop pounding away your energy. Go to your shoe repairer today and have O'Sullivan's Heels put on your shoes.

Every step a hammer blow

Advancing civilization has covered over the soft dirt streets and paths of years ago with layers of hard, unyielding pavement. When we walked on country roadways the earth itself cushioned the jolts and jars of walking. Then, leather heels served their purpose. But today hard heels are doomed.

With every step on leather heels or "dead" rubber heels you are pounding away your energy. Each step acts as a hammer blow to your nervous system—tends to exhaust your strength. Yet you can prevent this needless waste of energy. O'Sullivan's Heels absorb the shocks that tire you out.
