

VAUDY TO MAKE MEDICAL SCHOOL GREATEST IN LAND

NASHVILLE, Tenn., June 14. (Sp.)—Plans for making the Vanderbilt medical school one of the greatest institutions of the kind in the United States are announced here by Chancellor J. H. Kirkland following their approval by the board of trust at its annual meeting.

CENTRIST LEADER TURNS DOWN POST

PARIS, June 14.—Dr. Mayer von Kaubersheim, German charge d'affaires here, has refused the offer of the German chancellorship, tendered him by Karl Trimborn, leader of the German center party, who is trying to form the new German ministry to be organized as a result of the recent election.

Man, 101, Calls On Friends In Searcy

SEARCY, Ark., June 14. (Sp.)—Searcy was distinguished today by the visit of a centenarian, in the person of James Madison Mayo, of Searcy, Ark. He is probably the oldest inhabitant of White county, having been born on October 2, 1819. He had to live to see his next birthday he would be 101 years old.

1,500 POUNDS OF SUGAR STOLEN FROM PLANT

Fifteen hundred pounds of sugar, valued at more than \$500, were taken from the Wink Bottling company's plant, 454 Madison avenue, some time Wednesday night, according to complaint made to police. Employees of the plant discovered the theft when they arrived for work. The thieves forced a rear door and transported the sweets away in a truck. The 15 100-pound sacks were marked Penn Sugar company, Philadelphia, Pa., Quaker brand.

TREASURER ARRIVES

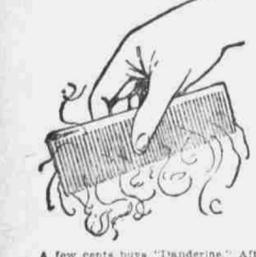

SAN FRANCISCO, June 14.—Wilbur W. Marshall, of Waterloo, Iowa, treasurer of the Democratic national committee, has joined committee officials here who are arranging for the party's national convention, which opens June 28. Plans for the reception of convention visitors, particularly women delegates and wives of delegates, were laid at a meeting of the Woman's State Democratic club of California yesterday.

RECOGNITION WITHDRAWN

WASHINGTON, June 14.—Acting on the request of the defacto government of Mexico, the state department has withdrawn recognition of Bernardino Menz Brito as Mexican consul-general at New York. In notifying Mr. Brito of its action, the department said "this does not imply the recognition of any other incumbent of the office until a definite resolution can be reached." Mr. Brito was appointed by Carranza and took over the office on last April 26.

Yale Professor Declares 99 Per Cent Of People Are Ailing

Pale, Weak, Ailing People, Can, In Many Cases, Be Benefited By the Use Of Ziron Iron Tonic
BLOOD LACKING IRON CAUSES MANY AILMENTS

"The Life Extension Institute has shown that 99 per cent of our population is below par," declared Prof. Irving Fisher, of Yale University, in a lecture recently delivered at Pittsburgh.

This is an astounding assertion, but when we look around us and realize the condition of our health, and how easily we "catch" colds, and other diseases, we have to acknowledge that it is only too true!

What is to be done? We are shortening our lives by our "low health ideals," as Prof. Fisher says. We ought to realize that good health and a strong system are possible to acquire, and we ought to set about to build up our health to a state of 100 per cent.

One of the first things to do is to see that your blood contains a sufficiency of that most important aid to the health—iron.

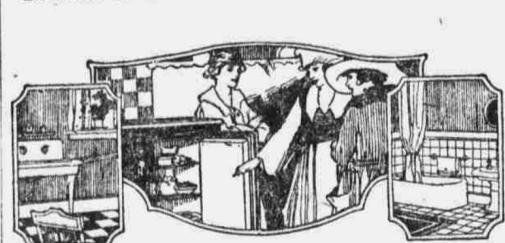

Iron in the blood makes for ruddy cheeks, bright eyes, ability to endure hard work without fatigue, energy, stamina, vitality, nerve and muscle efficiency.

Lack of iron makes you easily tired, nervous, pale, sickly, weak, dyspeptic, irritable, unable to eat, sleep or work in a normal way. It renders you sensitive to cold, and liable to catch any of the "catching" diseases the world is full of.

The remedy for lack of iron in the blood

The Irresistible Appeal of Snowy White Porcelain

How proud you are of the porcelain in your home! How spotlessly pure it always looks! No other material could possibly take its place. In the finest homes porcelain is always used wherever possible—it is so sanitary, so easily cleaned, and really the most economical in the end.

No other material is so easy to keep spotlessly clean. It does not break, chip or crack.

The refrigerator is one of the most important places for porcelain to be used. For economy's sake food must not be allowed to spoil. For health's sake our food must be kept absolutely pure.

The four essentials of a good refrigerator

The first requisite is a real porcelain lining. The refrigerator must be designed so there will be a proper circulation of cold air. The insulation must be as nearly perfect as possible. Workmanship and material must be of the very best.

As a Gift
Our Diamond Cluster Solitaire Is a Timely Suggestion

\$75

The fact that you make a choice in your own home of this Diamond Cluster Solitaire is directly in keeping with the exclusive beauty of this original conception, for it was conceived by our platinumsmiths. They cleverly joined seven pure white diamonds with a slender, yet strong, platinum connection, giving the effect of a solitaire of about one and one-half carats in size.

Inquiries are invited relative to having a selection package of well-chosen Diamond Cluster Solitaires sent to your home for a choice and inspection.

If you do not wish to pay all cash, arrangements may be made for the payment of one-fifth the purchase price cash, and the balance, plus five per cent (which is our only additional charge for credit accommodations) may be divided into ten equal monthly payments.
