BADLY BURNED.

Another Accident from Indiscreet Use of Explosive Fluids.

On Wednesday evening a serious accident occurred at the residence of Mr. W. V. Morse, on Capitol avenue and Eighteenth street. Mr. and Mrs. Morse were just starting out to spend the evening at a neighbor's when, as Mr. M. opened the gate and turned toward the house, he saw a bright light in one of the rooms of the house.

With great presence of mind, he pulled off his overcoat and throwing it about the young woman, managed after some exertion to stifle the flames, not, however, until her hands and arms were both badly burned, as well as a part of her hair, which had caught fire.

It appears that the girl was trying to clean her gloves with "light oil," and having them thoroughly saturated lit a match and applied it to the surface, under the impression that the sulphur would bleach the spots out. It did, but it also took the gloves with it and very nearly cost the unfortunate woman her life.

WAITING FOR THE VERDICT. THE RESULT. At the Academy of Music last evening the long expected performance took place. A large and appreciative audience was in attendance.

Everything passed off smoothly until the curtain was about to go up for the third and last time, when an old man, with only one arm, who had been an affected spectator during the last scene, rose to his feet and commenced to kick viciously in all directions.

Two young ladies seated in front of him turned pale and were preparing for a rush when the man became quiet and sat down.

Something evidently was troubling him, and it was with difficulty that he could keep his seat. Just as the bell tapped for the curtain to go up, he again rose to his feet and waving his hand, said: "Feller citizens, I'm goin to divulge a secret, its something you all should know; I'm a stranger in your city, but I have found that Whipple, McMillen & Co., The Jewelers, are offering greater bargains than was ever heard tell on afore. My son bought a gold watch and a-" At this juncture a policeman put in an appearance and the enthusiast was bounced.

A MAN FROZEN. United States Senator John J. Johnston, from California, came in on the east bound U. P. express yesterday afternoon, and was interviewed at his rooms to-day by a BEE reporter.

The gentleman had one of his feet and the side of his face badly frozen, and tells the following strange story. He says: "When the train stopped at Pine Bluffs for wood and water a scout from Fort Fred Steele boarded the train, and stated that a crazy man had been discovered at the entrance of a cave on Willow creek, about four miles distant. He said that the madman had an old musket, and was marching back and forth and was gradually freezing to death, and could not be induced to leave. Another gentleman and myself accompanied the scout to the cave, and found the lunatic still on guard. We disarmed him, and on entering the cave found that he had stored away a large amount of jewelry bought at John Baumer's, 1314 Farnham street, Omaha."

At this point in the conversation a physician entered, and the reporter left.

"THERE'S NOTHING LIKE IT"

The Entertainment at the Academy Last Evening.

The Academy was packed Thursday, on the occasion of the first presentation of "Waiting for the Verdict" by an admirable company of Omaha amateurs, composed of members of the Union Catholic Library Association and several volunteers.

That the rendition was a success was evident from the fact that it held the audience unwearyed from 8:00 o'clock until 11:30, and that on the way home the universal verdict was "There's nothing like it." Really Omaha has reason to be very proud of her amateur actors, and in this case they surpassed the already brilliant record of our home talent.

We could, had we space, make special mention of every participant without over-doing the matter one whit, but we are compelled to content ourselves with saying that as "Blinkey Brown," Mr. W. O. Saunders was the "star of the evening, beautiful star," so to speak. The play will be repeated at 2 o'clock this afternoon, and we already predict that part of the crowd will have to hang themselves out of the windows for want of standing room.

I will keep my harness and saddlery store open to-morrow New Year's for the reception of my many customers and friends, at the Sign of the Lion that continues to roar unceasingly for Moore's Harness and Saddlery, No. 404 Thirteenth street. LADIES ARE ESPECIALLY INVITED.

Our New Court House. Messrs. Drexel and Knight returned last night from Sioux City, where they went to examine the court house built there in 1876, at a cost of \$100,000. They liked its appearance and interior arrangements better than any house they have yet seen. They expect to visit other places before the plans are determined upon for our own court house.

Sneak Thieves at Work. Late Thursday afternoon Mr. A. J. Qvistgard had a lot of goods unloaded in front of his grocery on Thirteenth street. About dark one of the porters went out to take them inside, when he discovered that one of the boxes had been broken into and about thirty packages of coffee stolen.

When matters come to this, and property is carried away from our front doors in broad daylight, it is getting too dangerous to be safe.

The Seventh Ward.

The second meeting, called for the purpose of dividing the Sixth ward, was held Thursday at No. 1 engine house. The meeting was called to order by Mr. Joseph Redman. On motion, Mr. D. L. Thomas was chosen chairman, and Mr. Thomas F. Hall, secretary. Mr. John B. Faray presented the report of the committee selected for the purpose of framing the petition, which was received and adopted. The following resolution was adopted:

Resolved, That it is the sense of this meeting that the form of petition pending, asking the legislature to divide this city into eight wards, is proper.

The following committee was then appointed to circulate the petition for signers: Messrs. Joseph Redman, G. A. Hill, J. Kountzmann, H. Bollen, P. Halsey, J. H. McAlvin, Geo. Stratman and Jos. Doherty. The meeting then adjourned.

A broken rail dented the dining car attached to the south-bound Wash-bash train Thursday morning about six miles below Council Bluffs. The car was considerably smashed up and several of the inmates, none of whom were passengers, were hurt. The worst injury received was by Geo. Patrick, a colored waiter, who had his arm dislocated and was otherwise hurt. The wrecking car and force were sent down to right: the came yesterday morning.

The Bee announced about a week ago that there would be an extra train put on the bridge division of the Union Pacific soon, and now we learn that the Union Pacific on and after Monday, January 31, will run an extra dummy train, leaving Omaha at 4 p. m., for Council Bluffs, and returning at 4:20. This train will make the same connections for the east as train No. 4. (the regular through express). This arrangement has been made for the accommodation of Omaha people who prefer leaving here later, and not have so long a time to wait at the transfer.
