The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it.—[Press. al-15]

COMPLAINTS AND COMPLAINTS.

That Are Made By People On Many Subjects.

THE BEE is continually receiving complaints about this thing and that from citizens who imagine everything is going wrong. This paper does not believe in chronic growling and were it to make public all the complaints received, a special edition would be required on some days.

Prostrated by Heat.

Yesterday afternoon, between 3 and 4 o'clock, Isaac Duncan, a foreman employed by the waterworks company, was prostrated by excessive heat. Dr. W. S. Gibbs was immediately sent for and found Duncan in a very poor condition, his pulse being much below the normal. Dr. Gibbs thinks, however, he is now on the way to recovery, but it will probably be some time before he will be able to resume work.

MINOR OFFENDERS.

Such as Judge Bencke Dealt With Yesterday.

Dan Smith walked up to the bar of justice in Judge Bencke's court yesterday to answer the charge of carrying concealed weapons. Daniel couldn't well deny the charge so he pleaded guilty. The judge always makes an example in these cases, believing that no man need carry a weapon in this law abiding community. He fined Smith \$50 and costs.
When Michael Sullivan appeared before Judge Bencke on a charge of drunkenness he told one of the most sorrowful tales the court has listened to for a long time. He said he had a large family dependent upon him out in the country, that he was as poor as a church mouse, and that three of his children were sick, while his wife was by no means well. He testified further that he had a game leg, which he produced in evidence to verify his statement. This combination of evils being taken into consideration Judge Bencke released the man with a little sound advice. This was at 10 o'clock yesterday. At 1 o'clock in the afternoon he was picked up again by the police in an elaborate state of intoxication. When he was taken before the court this morning Judge Bencke refused to listen to any more yarns and fined him \$20 and costs.
Of two others arrested for the same offense, one was sent jail and the other discharged upon payment of his fine.

TWO APPRAISEMENTS.

Council Wants Another Valuation on Farnham Street.

The Farnham street grade has again become a subject of live interest since council at its last meeting decided to have three more citizens appointed to appraise the abutting property. It is not so very long since that council took this very same action. The appraisers then appointed did their work and reported back, but no offer was made to property owners. Then the council decided to make the change of grade provided the owners of property would waive all claim to damages. The owners showed no enthusiastic disposition to waive and the matter was allowed to rest again. Some complications may arise in the matter should the present appraisers put a higher estimated value on the properties than did the other gentlemen. At all events Farnham street will be considerably appraised before council gets through with it.
Henry Dohle is making preparations to build a three story brick building in place of the old frame building, which now stands between Coroner Jacob's establishment and Paxton & Gallagher's. It will be a press-brick front, with stone trimmings. The building will be completed this season.
Michael Loy offers his two-thirds interest in the old California house, situated near the C. & N. W. railway depot, on lower Broadway, Council Bluffs, for sale cheap. The house is in a desirable location and can be purchased at a great bargain and on easy terms.

Worthy of Praise.

As a rule we do not recommend patent medicines, but when we know of one that really is a public benefactor, and does positively cure, than we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach, Liver and Kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend to all.—[Ex. Sold at 50 cents a bottle. J. & M. Mahon.]

A PROBLEM.

FOR COUNCIL BLUFFS SCIENTISTS TO SOLVE.

While excavating at the brick yard of Haines & Hammer on upper Broadway, in the eastern part of this city, the workmen exhumed the skull and bones of three human beings, together with two stone axes. These relics were found about three feet below the surface, at the foot of a high bluff. The bones were over the skulls and the skulls were laid on top of the axes. Each of the axes had marks near the edges, indicating that the same had been struck by some instrument harder and sharper than themselves. The marks upon the axes would indicate that the original of these remains had come to an untimely end in a fierce struggle years before civilization had made its progress to the far west. From the fact of there being no other bones found than those described it seems as if these two heads had been captured in an engagement and brought home as trophies.
GO 'WAY DAH.
A COLORED MAN'S PIRESIDE RUTHLESSLY INVADERS.
Crump and Brown were at it again yesterday. It seems that Crump, a colored man, claims Brown's wife, who is a white woman, more than his share and when he gets rubbing around Brown's hearthstone too often Brown is apt to strike pretty hard from the shoulder, especially since he was incarcerated for taking the beer kegs. Yesterday Brown berated Crump for lingering too long and often around his chamber door when Crump immediately knocked him over the left eye and wanted to know what right he, Brown, had to interfere with the plans of himself and Mrs. Brown. Brown entered complaint and had Crump up before Esquire Burke. The esquire, on Crump's pleading guilty to an assault, fined him five dollars and costs. Then Brown immediately filed a complaint, claiming that Crump had threatened his life if he (Brown) ever interfered with the domestic affairs of himself and Brown's wife. The judge told Brown that under the evidence he did not see how he could compel Crump to give bonds to keep the peace and referred him to Mrs. D. C. Bloomer or Gov. Gear for further relief.
QUITE COMPLICATED.
A ROW BETWEEN A GERMAN LADY AND SOME BOYS.
There was quite a fracas on Pierce street which came very near resulting seriously no matter who was to blame. It seems a very respectable German woman residing in that locality has been provoked almost beyond endurance by a lot of noisy and annoying boys who congregate in that quarter. Yesterday they began their insulting and boisterous conduct. She stood it as long as she could and then threatened to whip one of them if they did not go away from her premises. They still persisted and she started for the crowd and caught one of the smaller boys and was about to give him what Patrick gave the drum, when quite a lad by the name of Young, who had a sickle in his hand, interfered and made a pass at her. She grabbed the instrument out of his hands and with a single stroke struck the young boy with it, so that he could not be said. The same day Young received quite a severe cut on the right arm below the elbow. The wound was about one and one-half inches in length, but not very deep. The boy was taken to Dr. Penny & Lyman's hospital on Main street, where Dr. Lyman dressed the wound. A complaint was made in J. E. Abbott's court for the arrest of the woman on the charge of an assault with intent to do great bodily injury. A warrant was issued and placed in the hands of Constable Rosencrantz. The woman was arrested and bound to appear next Tuesday at 2 o'clock. The bond was fixed at \$200, which she immediately furnished. This is quite an unfortunate affair and might have proved more so. The lady's name is Nitz. She is said to be a very fine lady and belongs to a very respectable family.

JUVENILE LAWN PARTY.

Little Bessie and Jack Stewart, children of J. T. Stewart, aged six and eight years respectively, concluded before the platform was removed from their yard, to emulate the recent example of their sires and give a lawn party themselves. They procured the services of Oiler's orchestra and invited about 150 of their little playmates last Thursday evening. The dancing platform was lighted as usual with Chinese lanterns. The music was promptly on hand and the little folks kept it up pretty lively until about 11 o'clock, when they were relieved by about 50 couples of bigger folks, who took possession of the platform until Prof. Oiler declared that he hadn't strength enough left to blow a tin

There will soon be opened up near the corner of Broadway and Main street an extensive dry goods house called the "Arcade." It will be owned by parties from New York.

The circuit court will convene Monday, August 15. Yesterday was last service day.

The city council met last night. A full report will be given Monday morning.

Burnham & Tulley, who have so long been identified with real estate transactions in this section of Iowa, broke the ground Thursday on the site where they will immediately erect a very handsome place of business. They saw the necessity some time ago of securing a lot near the business center of the city on which to build. Their structure will occupy the lot on Main street just below the so-called postoffice building, which for a city of 20,000 inhabitants, Uncle Sam ought to be ashamed of.

Van Brunt & Co. propose to erect a mammoth implement warehouse near the C. & O. railroad depot. This act becomes necessary for them to meet their rapidly increasing trade.

The Rescuers of this city are preparing to meet their old competitors at Quincy, Ill. The Rescue team are fleet enough of foot. All they want is to be sure of their coupling. It was the splendid coupling made by the Decatur that enabled them to take away the prize during the last tournament.

Capt. Price, of temperance fame, called at THE BEE office yesterday. He says that Rev. M. B. D. Collins, pastor of the Methodist church, has secured the services of D. L. K. Rine, of New York, who has been in this city, en route to Toronto, Canada. Mr. Collins has prevailed upon him to remain awhile in Council Bluffs and talk temperance to the people, which he will do in the Broadway Methodist church to-morrow evening. THE BEE hopes he may do some good, although Council Bluffs is the most temperate and quiet city of its size in America.

Over 1,500 head of cattle were received at the stockyard Thursday. 21 cars were shipped east over the Chicago & Northwestern railroad.

Mayor Vaughan should come out in a card and give Mrs. Bloomer and certain ladies credit for the pure, cool ice water that is furnished the parched traveler at the city's expense. Mr. Vaughan is making a very good mayor and deserves credit, but we are bound that the temperance women of Council Bluffs shall have the credit for giving men their choice between ice water and beer.

Council Bluffs will soon have one of the most extensive beef and pork packing establishments in America. The Paxton enterprise is a foregone conclusion, and will do the city more good than a dozen Turner windmill shops.

A meeting of the Council Bluffs land league will be held at their hall in St. Francis' Academy to-morrow afternoon at 3:30 o'clock. A large attendance is expected. Able addresses on the present exciting topics that are agitating the Emerald Isle, will be delivered. All interested in the welfare of Ireland are invited.

St. Patrick's benevolent society has accepted an invitation to participate in a body at the picnic to be given in Omaha on the 20th inst., by the land league. The society expects to be present in force. They number at present nearly two hundred.

Henry DeLong, the well-digger, who was recently severely injured by the fall of a bucket, has nearly recovered and will soon be able to resume business.

E. L. Northrup, proprietor of Northrup's picture frame establishment, while filing a saw received a piece of steel in his eye, causing a severe injury. Dr. McKune is attending him.

There was a dog fight yesterday in the rear of Mac's stable. Mr. Wise after a desperate struggle, with the aid of a watering pot, succeeded in subduing the dogs.

A false alarm sent in from box 3, about twelve o'clock, called out the fire department. The Rescuers were on hand promptly. It is certainly hard enough on the boys to turn out when there is a fire. Any person who will sound a false alarm should be taken to Omaha and fed to those mountain lions.

A. J. Fisher has returned from a flying business trip to the lake city. Mr. Fisher reports that the time is not far distant when the Council Bluffs company will take the lead in this state.

Mr. Berry, secretary of the Council Bluffs insurance company, has gone into the northern part of Iowa and southern part of Minnesota on a business trip.

Ethan Dagget was in the city yesterday. He came down from Missouri valley to see the city once more before it grows out of his remembrance.

A woman who calls herself Nell Roberts complained at police headquarters of being \$500 cash and a bank certificate of deposit for \$750 more. She had no idea how or where she lost it. She remembers having it in one of her stockings. It is a little singular that she should neglect to remove \$810 from one of her stockings when she sent them to wash. There may be some truth in her story, but it looks thin.

A bay team of horses ran away on Pearl street yesterday. They ran up Pearl to Broadway until they came in

front of the First National bank, where a man named S. P. Nelson stopped them, displaying courage that elicited the applause of the crowd on the streets.
