CONGRESS.

National Associated Press.

WASHINGTON, D. C., May 25.—The bill appropriating \$15,000 for the erection of a light house and fog signal at the entrance of Little Traverse harbor, passed.

The bill to reimburse the Creek Indian orphan fund, was discussed and went over.

The Japanese indemnity bill was taken up, and Senator Morgan made a long argument in favor of the passage of the bill, and Senator Jones, of Florida, followed in opposition, and at 4:30 p. m. yielded to a motion for executive session, and at 4:50 p. m. the senate adjourned.

HOUSE PROCEEDINGS.

Mr. Calkins called up the Mackey-Dibbell case, and the democrats resumed filibustering.

Mr. Kenna moved to adjourn. The yeas and nays were demanded, resulting—133 yeas and no yeas.

Mr. Curtis asked leave of absence, and Mr. Randall demanded the yeas and nays.

The house spent the entire afternoon in filibustering, and at 5 o'clock took a recess until 8 o'clock.

Before recess the speaker laid before the house a communication from the secretary of state, with copies of correspondence touching the Venezuela award. The president calls attention to the necessity of congressional action in the matter, and says that if neither branch of congress take action, he will feel called upon to recognize the absolute validity of the award.

The house reassembled at 8 o'clock and filibustered for two hours, and on motion of Mr. Calkins adjourned at 10 o'clock.

CAPITAL NOTES.

A RAILROAD BUREAU.

WASHINGTON, D. C., May 25.—House committee on commerce agreed to report favoring Townsend's bill for a board of railroad commissioners as a bureau of the interior department.

SHIPPER.

draw his witness fees to-day. He promises to publish something startling to-morrow.

TWO TELLERS.

W. H. Gibson and J. C. Poynton, both of Pennsylvania, have been appointed teller and assistant teller, respectively, of the treasury.

MAHONE'S MAN.

Although the reported rupture between Senator Mahone and Mr. Fulkerson lacks confirmation, considerable comment has been occasioned by the rumor that both parties refuse to be interviewed. Friends of Fulkerson say he is dissatisfied with the non-fulfillment of a promise made, and will not be bound by Mahone's orders.

Some persons say Fulkerson feels the same and will more than likely vote with the democrats should the next senate be near a tie. The republicans in the house claim that Fulkerson is acting in good faith in voting with them, and there is no fear of his desertion now.

DEATH APPROACHES.

Guileux anxiously awaits the coming of Reed each day, but Reed has no good news yet. The report that he hoped to get the supreme court to issue a writ de lunatico inquirendo under an old Maryland law is denied by Reed. He knows it could not be done here, but has not abandoned the idea of habas corpus. Guileux is growing restless.

IMPORTS.

The imports of dutiable merchandise during March amounted to over \$50,000,000, and those free of duty to over \$18,000,000, making a grand total of \$68,000,000, an excess of \$8,000,000 over the same month last year.

ST. GEORGES.

The North American St. Georges societies convention wound up with a trip to Mt. Vernon to-day, and a soiree this evening.

ARMY CIRCLES.

CRIMINAL NEWS.

National Associated Press.

THIN MALLEYS CASE.

NEW HAVEN, Conn., May 25.—In the trial of the Malloys to-day, Magistrate Kane did not appear and produce the dress she promised to produce as the one she wore on the "flying horses" at Savin Rock the night before Jennie Cramer was found drowned, and which dress so resembled Jennie's, as according to the theory of the defence, deceived those who saw Jennie. Dignan, Magistrate's companion that night, testified, corroborating her story, but admitting they took a dozen drinks.

This afternoon a number of witnesses gave strong testimony as to an alibi, and on the whole it looks brighter for the Malloys than at any time previously.

HEADLESS LUNATIC.

DETROIT, Mich., May 25.—A special to The Evening News from London, Ont., says: The body of a man with the head almost severed therefrom was found by the roadside about ten miles from here, in Dorchester township, last night. A magistrate elicited the information that the man was named Odell Andrews, who had left the Griggs house yesterday morning to go to Fort Stanley.

Instead of going as he had taken the road to Belmont, intending to visit his sister's near there. The razor with which the deed was committed was lying under his knee. He had been a bartender at the Griggs house for fifteen years, and owing to disappointment in marriage about two years ago became mentally aberrated.

GAN ON TOAST.

Mrs. Robinson, of Aylmer, Ont., a guest of the Griggs house, blew out the gas in her bed room, and it took two doctors about three hours to bring her to consciousness.

THE BALL ROLLING.

Another special to The News, from East Saginaw, Mich., says Robert Graham, of that place, was shot and instantly killed near Gladwin, yesterday, by John Andrews, in a quarrel about wages. Andrews was arrested.

LAUDANUM.

Lewis Waits suicided with laudanum at East Saginaw.

Fast Pigeons.

FALL RIVER, Mass., May 25.—Two young pigeons, belonging to E. G. Graymond, of this city, liberated from New York this morning, reached here in 3 hours, 28 minutes. They were winners last year in the inter-state contest. The average to-day was one mile in less than one minute, which is extraordinary.

The Spirit has Fled.

CHICAGO, May 25.—A young man named Chaffee, son of the president of the Peoria sugar refinery, was taken violently insane, and was taken to Dayton, O., his former residence, and placed in an insane asylum. Cause, spiritualism.

Drowned.

CHARLESTON, W. Va., May 25.—A clay boat at the government works, with many laborers on board, sank last evening. All were saved but Harrison Banks, who drowned.

Fell from a Scaffold.

CHICAGO, May 25.—F. A. Anderson was killed and Fred Helm, John Silvers and John Alsen badly injured by falling from a scaffold on Erie street this morning.

Illinois Crop Prospects.

SPRINGFIELD, Ill., May 25.—The department of agriculture has made deductions from recently received crop reports from all parts of the state, that are far from encouraging. Corn planting has been hindered by wet weather, and it is known that much seed planted has rotted in the ground, necessitating replanting. There are increased fears about chinch bug ravages, and the secretary of the state board thinks if a season of hot weather should set in before harvest the damage could not be but great. There is as yet no abatement of the ravages of the army worm in the southern counties. The blades in many fields have been stripped off and the insects are at work on the heads, particularly the late and tender varieties.

The Brewers.

CHICAGO, May 25.—The brewers' convention adopted a long series of resolutions setting forth that the prohibition movement had assumed startling proportions in all parts, and the dominant party in congress had declared itself antagonistic to distillers' interests, and therefore the members of the convention pledge themselves to work at the ballot box to defeat all candidates favoring prohibition. Adjourned to meet in Milwaukee at the call of the executive committee.

The Call Heard.

CHICAGO, May 25.—The sale of seats to-day on call board of trade aggregated \$71,000 for the 435 seats. There are now 1,000 members of the call board, less than half of whom are provided with seats.

Political Assessments.

NEW YORK, May 24.—The trial of Gen. N. M. Curtis, ex-treasurer agent of this city, indicted for receiving money from his fellow office holders for political purpose in violation of

the statute, was continued to-day. After some further testimony the case was given to the jury, who were directed by the judge to bring in a sealed verdict, in case they should agree.

NEW YORK, May 25.—The jury rendered a verdict in the case of Gen. N. M. Curtis, under indictment by the Civil Service Reform association for soliciting and receiving, as the treasurer of the republican state committee last fall, election contributions for campaign purposes from federal employees, himself being in employ—special treasury agent. He was found guilty under two counts of the indictment, charging that he received \$50 from Peter Vogelung, a post-office employee, the other that he received \$10 from C. J. Charles Freichel, of the custom house, the jury finding that he and they were federal employees. The federal statute under which the enactment was procured, forbid such conduct on the part of federal employees, Curtis maintaining that he was a federal official and not an employe. Curtis gave notice of a motion for a new trial.

ATLANTA, Ga., May 25.—The general assembly of the Southern Presbyterian church in session here sent the following dispatch to the assembly at Springfield, Ill., in answer to the overtures from the Presbyterian assembly in session there:

"The following paper was adopted almost unanimously. In order to remove all difficulties in the way of that full and fraternal correspondence which on our part we are prepared to accept, we adopt the following: That while receding from no principles we do hereby declare our regret for and withdrawal of all expressions of our assembly which may be regarded as reflecting upon or offensive to the general assembly of the Presbyterian church in the United States; that a copy of these papers be sent by telegraph to the general assembly for their prayerful consideration, and for their reciprocal consideration as affording a basis for the exchange of delegates forthwith.

(Signed) R. K. SMOOT, Moderator.

JAS. R. WATSON, States Orator.

ATLANTA, Ga., May 25.—The general assembly of Presbyterians discussed the case of the negro preacher, Parks, of Memphis, who insists on voting in the Presbytery.

SPRINGFIELD, Ill., May 25.—The General Assembly to-day received and read a telegram from the Assembly of the church south, in session at Atlanta, Ga., expressing regret with reference to any action of the past which has given offense, and hoping this assembly would take corresponding action, as a basis for more intimate relations in the future. The dispatch was received with wild delight, and it is understood the assembly will return a response of still warmer cordiality, and which will end the estrangement of the two bodies.
