Walker St., Baltimore, Dec. 1884. For six years I have been a great sufferer from Blood Purifier, Dyspepsia, and Constipation, and became so debilitated that I could not retain anything on my stomach. In fact, life had almost become a burden. Finally, when hope had almost left me, my husband procured BROWN'S IRON BITTERS, and advised me to give it a trial. I am now taking the third bottle and have not felt so well in six years as I do now.

BROWN'S IRON BITTERS will have a better tonic effect upon any one who needs "bracing up," than any medicine made.

TAKE YOUR OLD JOB! The Way a Postmaster Feels in Ten Feet of Water.

The destitution caused by the floods at Caseyville, Ky., is so great that it amounts to a real famine. The starved Gen. W. P. Edgerton, chief postal inspector for this division, wrote to the postmaster at Caseyville, Ky., concerning some missing mail matter, and in reply received the following:

CASEYVILLE, Ky., Feb. 27, 1885. W. P. EDGERTON: SIR—I have sent to replies to yours. What more can I do? I was taken sick and have been down for ten days. Water is ten feet deep in the post-office. At such times papers get mixed. I have no ground for land for two weeks. I have had to send to Evansville for something to eat. I had to leave my home. I have a large family, and am in the upper story of a business house. The country people can't get in to bring us anything to eat. Jones of Guernsey, Jones and Co. shipped us a box of something for five days. Only three families are trying to stay in town. All the others are out on the hills.

Yours, &c., J. M. SCARLEND, P. M.

Although it was perfectly evident from the tone of the letter that Mr. Scamland was in that reckless mood which a man wouldn't give a concealed postage on the Caseyville postmaster, and sure thing on the Caseyville postmaster for the period of his natural life, Gen. Edgerton felt that the feeling is at least pardonable under the circumstances.
