

THE SUNDAY BEE. COUNCIL BLUFFS

OFFICE, NO. 12, PEARL STREET.

Delivered by carrier in any part of the city at twenty cents per week.

H. W. TILTON, Manager.

TELEPHONES: BUSINESS OFFICE, No. 43. NIGHT EDITOR, No. 25.

MINOR MENTION.

N. Y. Plumbing Co. New spring goods at Reiter's, tailor.

Additional Council Bluffs local on Seventh page.

On Monday the postoffice hours will be the same as on Sundays.

The popular resort is the Manhattan, 418 Broadway, Radio & Yennawine.

Rev. Father Halyo has been presented with \$125 as the net proceeds of the recent entertainment given for his benefit.

Mrs. Beck and Mrs. Albertson will entertain the Acme club at the former's residence on Glen avenue, next Thursday evening.

At least one enterprising merchant on Broadway has his bathing suits displayed in his show window in anticipation of the Lake Manawa craze.

Hoffmayer and Hardin have carried off the latest honors of the Manawa gun club, they being the going twenty-two out of a possible twenty-five.

The Dodge Light Guards have received their guns, and expect to get their uniforms to-day, so that they will be able to appear in the parade to-morrow.

The Grogan Elevation company, which recently appeared at the opera house, is said to have become an elevator, and to have gone up altogether. Des Moines is named as its stranding place.

Ladies interested in the success of the Pipe Organ Recital, and willing to work for the same, are requested to meet at the residence of Mrs. John T. Stewart, to-morrow morning at 6 o'clock.

T. J. Mackay, Rector.

Thursday evening the lightning struck into a drove of fat hogs belonging to Alex. Prontice of Crescent township, killing several. Mr. Prontice was tending to bring them to market the next day.

Charles H. Taylor, who has for several months filled the position of manager of the Underwriters' union, in this city, has resigned, the resignation to go into effect June 30. Mr. Taylor has made many friends during his stay here, and has filled the position with credit to himself and satisfaction to those concerned. It is not known who his successor will be.

General Agent Wood, of Omaha, who represents the Metropolitan manufacturing company of Philadelphia, was yesterday settling up the business of Harry King and Ed. Kissell, the two young men who were soliciting orders for rugs, pictures, etc., about the city and suddenly skipped town leaving some of their customers in the lurch.

Mr. Bebbington's old family horse, tried and true, has suffered a little in reputation by the statement that he had thus caused the accident to the lady on Humpback bridge the other evening.

This horse was quietly munching oats in the livery barn at the time of the accident, and was nearly three miles from the bridge, so that it is a little difficult to charge him with having been the cause of the accident. Besides this the horse is not a shyer.

Lime, cement, plaster, hair, coal, etc., Council Bluffs Fuel company, No. 539 Broadway, telephone 136.

The Murder Trial.

In the district court yesterday the trial of Jonathan Jones for the murder of David Roberts was continued.

The prosecution had completed its testimony in chief, and the defense was introducing evidence to show Jones to have been insane. Jones' mother, an old lady, was on the stand. She narrated how that Jones as a boy had been thrown overboard from drowning, and that after this event he never seemed as before, and at times acted strangely. He was somewhat recovering from this when the family moved from Indiana to this state, soon after some Indians came to their house, and he was badly frightened. This seemed to throw him off his mental balance, and at times after that he seemed to be worse. He was not to do farm work, and bought and sold cattle, but he had spells of deponency, and would not talk. There was also evidence introduced to show that just before the killing of Roberts he had family trouble, and that he charged Roberts with being the cause of it. A few nights before the killing he was singing and crying, moaning, and acting very strangely, so much so that his brother-in-law, after staying all night with him, went to his parents and told them that he was evidently not right in his mind.

The court adjourned until Tuesday morning, when the case will be taken up again. Jones still sits during the trial as if he had no interest in it. He does not talk with anyone, and hardly looks up, but when he does, there is a vacant stare and an expressionless face.

The Broadway Bridge.

Mr. T. J. Evans has returned from Washington and was yesterday besieged by anxious inquirers as to what news there was concerning the Broadway bridge. The protest of the Chicago, Milwaukee & St. Paul was heard before Secretary of War Endicott on Wednesday.

The bridge company was represented by Judge Sewell, of New York; Judge Shel-labarger of Washington, and Hon. George F. Wright of this city. Judge Carey appeared for the railway company. The entire day was taken up in the hearing of arguments and the reading of affidavits. It is not expected that a decision will be made for several days and both parties are to be notified when it is made. It is understood that there may be some more evidence presented to cover up some of the points in controversy before a final decision is announced.

Cheap storage in either small or car-load lots at Nos. 23, 24 and 26 Pearl street, J. R. Snyder.

A Good Record.

Yesterday morning at the Council Bluffs driving park, with W. H. Colby, of Fort Dodge, as driver, King Humbert trotted a mile in 3:24. The timers were Hugh McCaffrey, of Omaha, C. Eodiane and J. R. Withrow. King Humbert is a four-year-old stallion, sired by Mr. Archibald, No. 3015. He is the first of Dr. Archibald's get and is his oldest colt. Like Dr. Archibald he is owned by Wade Cary.

There are six of King Humbert's get in this city and their owners will no doubt be pleased to learn the above facts. E. L. Shugart has two sucklings by King Humbert, and Dr. Macrae one, while Dr. Stillman has a one-year-old. C. Haldino two jacks.

Organ Recital.

The opening of the new pipe organ of Saint Paul's church will be a notable incident in musical circles. Miss Nellie Hatcher will give a beautiful musical recital, in which solos from the Messiah will be sung and the pastoral symphony played on the organ. This recital is entirely new, and is worth the full price of admission. In addition, solos will be sung by Mr. I. M. Treynor, Miss Kate Pusey, Miss Lulu Jones, the Misses Merkel and Mrs. Dillon. Mr. Gratian, son of the builder of the organ, will act as organist and play several selections, showing the capacity and beauty of the instrument. Mr. Gratian is a graduate of the best musical schools in England, and an accomplished organist.

Peace Reigns.

The unfortunate controversy between the Knights of Labor and the ladies of the Cottage hospital has ended amicably.

The knights had appointed a committee to examine into the care which Dell Perkins had received at the hospital, there being complaints that the food was not of the right kind. There was some bitterness indulged in by the Nonparol in denouncing the knights for taking action towards looking into the complaint. In regard to the treatment of their brother knight, and some feeling was caused by this. It is a matter of congratulation that the controversy has been adjusted as between the knights and the ladies. A meeting was held yesterday, at which the committee of the knights met the ladies, and after a full hearing the following was agreed upon for publication.

THE KNIGHTS' CARD.

To the public or to all whom it may concern: After a thorough investigation of the affairs connected with the Cottage hospital, we, the undersigned, do believe the reports have been misrepresented, and believe the ladies of the W. C. A. are and have been doing all in their power to relieve and comfort the patient Dell Perkins.

THE LADIES' CARD.

To the public or whom it may concern: We, the undersigned committee of the ladies' hospital, do not in any manner blame the committee of the Knights of Labor for making an investigation of the Dell Perkins case upon the information that came to them.

Mrs. C. R. ALLEN. Mrs. E. GEORGE T. PHELPS. And all the Members of the W. C. A.

Drs. Hanchett & Smith, office No. 13 Pearl st., residence, 120 Fourth st., Telephone No. 10.

Oakland Litigants.

Injunctions are getting popular. Oakland is now having a rage over them. In this moral and thriving little town, however, they are not saloon injunctions which are interesting them, but concerning other controversies. About two years ago the town purchased about six acres for cemetery purposes. The land was owned by the estate of Thomas Kearney, a residence, and he protested as the land lay higher and he feared the result of drainage. The controversy revives remembrance of the controversy over the cemetery here. The matter has been dormant for two years, but lately the town got Mr. Brodbeck to make the surveys for platting, and to get ready for using the ground for cemetery purposes. Mr. Kearney, through his attorney, C. H. Converse, yesterday brought the case into court. A petition was filed before Judge Carson, asking for a temporary writ of injunction restraining the town from using the ground for cemetery purposes. The writ was granted. Mr. B. Robertson appeared as attorney for the city.

Another action brought by the same attorney was to restrain the town from giving away one-half of a street. The land men desired the portion of the street in order to get better accommodations for their elevators. A temporary writ was issued in this case also to stay proceedings until the matter could be looked into more carefully and thoroughly, and the matter permanently adjusted.

Attention Sir Knights Bluffs Division No. 27, U. R. G. of P. You are hereby commanded to report at Castle hall in full uniform on Monday May 30th, at 1 o'clock sharp, to participate in memorial services. C. W. Hicks, Captain Commanding.

A Big Mortgage.

There was yesterday filed in the county recorder's office here a big mortgage, or rather the renewal of one. It was the mortgage on the Union Pacific bridge, it being in favor of the Central Trust company, of New York, as trustee for the bondholders, the amount being \$1,621,000.

ELECTRICITY

DR. RICHARDS' Electric Bath Rooms and Office

No. 607 Mynster St., Council Bluffs.

One Square North of the P. O. Building

Treatment and Baths Given Ladies by Mrs. Dr. Richards on Tuesday, Thursday & Saturday.

Electricity is a remarkable natural agent which has long been known and utilized as a remedy for disease and continued experience has enlarged its sphere of usefulness and improved its appliances by which it is employed until its utility and virtue has become second to no other known remedy, in the treatment of certain forms of disease. This agent is employed here in all its most serviceable forms by the aid of large batteries, static machines, electric cabinet baths, electric water baths, the electric chair and electrodes for treating all parts of the body. We are prepared to do all that can be done with these great remedies. In cases of Rheumatism, Neuralgia, Paralysis, Spinal Irritation, Rectal Diseases, Nervous Diseases in females arising from Uterine disorders and many other chronic and subacute troubles, it stands at the head of all known remedies or methods. A thorough study of it for years and the successful treatment of hundreds of cases, after all other remedies had failed, is sufficient evidence of its great worth and perfectly satisfies us with its good effects on the diseased body. In the great hospitals and sanitariums of America and Europe, electricity is leading all other methods of treatment. In all leading colleges the professors are teaching electricity as one of the potent remedies and a special chair is appointed in many of them. Many of the ablest physicians of all schools are making a specialty of electricity to the exclusion of almost everything else. This great remedy has often fallen into disrepute by being recommended and used by persons, and physicians, perfectly ignorant of its properties and powers, who would as often advise and use the wrong current as the right one or depend upon it in diseases for which it is not adapted. We are sure that when the people become educated in the use of electricity for many diseases with which the body is afflicted and find the great good thereof, the medicines and patent riches no longer upon which they now rely will grow old and dusty on the shelves. Electricity is nature's great remedy and to fully understand and skillfully apply it is our effort and aim in life.
