Police Judge Parsons has a hearing—The News at the State House—Cleveland Will Be Asked to Visit Lincoln.

[FROM THE BEE'S LINCOLN BUREAU.]

Last week week when the attorney of the Elkhorn road appeared before the railroad commissioners to answer the charges of extortionate rates proffered against that road by the Lincoln freight bureau, the attorney filed a demurrer and agreed that the charges were not specific enough. There were therefore filed yesterday at the commissioners' office charges that a perusal will show are decidedly specific. When the former charges were considered the board held that they were sufficient for an action but they granted the request for more specific charges and they have them now, for they were duly filed yesterday. One week's time is given by the board for the Fremont & Elkhorn road to answer these charges and on Wednesday, the 17th, the hearing will be had before the railroad commission. The following are the amended articles or charges and they are not by any means uninteresting:

To the honorable board of railway commissioners of the state of Nebraska: Amended complaint of the Lincoln board of trade and freight bureau of Lincoln, Neb., against the Fremont, Elkhorn & Missouri Valley railroad company, charging said company as follows:

1. With discrimination in the freight rates charged by said company against Lincoln and other points in the state of Nebraska. 2. With charging, demanding and receiving unjust and unreasonable and exorbitant rates on local freight in the state of Nebraska, compared with Illinois, Iowa and Minnesota, and asking and demanding that said local rates be reduced two-thirds, and equalized on some basis with the rates of Illinois, Lincoln, Omaha and Fremont on a just and equal basis, and your complainant in this and other counties, and your complainant in their original complaint set forth by way of argument, statement or illustration. The said board of trade and freight bureau of Lincoln, Neb., in this and other counties, and your complainant in their original complaint set forth by way of argument, statement or illustration. The said board of trade and freight bureau of Lincoln, Neb., in this and other counties, and your complainant in their original complaint set forth by way of argument, statement or illustration.

The local rates of freight of said railway company are unjust, unreasonable, extortionate and oppressive, and should be reduced 67 2/3 per cent of the present rate. The said table herein set forth exhibits local rates of freight of the Fremont & Missouri Valley railway for the distance of 300 miles aforesaid, and is the printed and published tariffs of said line of railway, referred to, and if made part of this complaint. It is alleged by the complainants that the local rates charged with this line of railway, and on road beyond Valentine, and in excess of distance of 300 miles as shown in comparative table herein set forth is still more unjust, unreasonable, extortionate and oppressive, as compared with the tariff in Iowa, and Minnesota, and in justice should be reduced at least 65 per cent of the present rate, and permitted to charge within the state more than one-third of the present rate as charged.

And further complaining against said Fremont, Elkhorn & Missouri Valley railway company, complainants state and charge the following facts against said railroad, to-wit: Charging and collecting unjust, unreasonable, extortionate and excessive rates from Lincoln, Neb., to points on their said line of railway in the state of Nebraska, as compared with the rates charged and collected for the transportation of freight from Fremont and Omaha to points in the state of Nebraska, and local points located on said railway.

Table with columns A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z. Rows include Rates to Chadron, Neb., Rates to Omaha, Neb., Rates to Lincoln, Neb., Rates to Fremont, Neb., Rates to Norfolk, Neb., Rates to Council Bluffs, Neb., Rates to St. Louis, Mo., Rates to Kansas City, Mo., Rates to St. Paul, Minn., Rates to Chicago, Ill., Rates to St. Louis, Mo., Rates to Kansas City, Mo., Rates to St. Paul, Minn., Rates to Chicago, Ill.

And further complaining against that said railroad company, complainants state and charge the following facts against said railroad, to-wit: Charging and collecting unjust, unreasonable, extortionate and excessive rates from Lincoln, Neb., to points on their said line of railway in the state of Nebraska, as compared with the rates charged and collected for the transportation of freight from Fremont and Omaha to points in the state of Nebraska, and local points located on said railway.

Complainants pray that your honorable body will remove the discrimination in rates and charges, and place this city of Lincoln and other points on an equalized rate basis with Omaha and Fremont in the tariffs to, and also reduce the local rates in this state to a reasonable and just basis, or at least sixty-six and two-thirds per cent less than the present tariffs in this state, and further relief as may be deemed just and equitable, and good conscience and right may require.

MODERATE DEMAND FOR MONEY.

Currency Sent to the Country for the Shipment of Grain—Result of Crop News on the Markets.

Western Financial Affairs. CHICAGO, August 6.—[Special Telegram to the BEE.]—Local financial affairs remain in about the same condition as noted during the past two or three weeks. The demand for money was only moderate from all sources, and the market generally quiet. Some interest rates were shaded only in special cases. Bankers are well supplied with loanable funds and all parties able to present good collateral experience no difficulty whatever in obtaining all the favors asked for. Less money than usual was loaned to pay for grain and provisions delivered on the first of the month, consequent on the inquiry from the speculative element was limited. Orders from the country for currency were somewhat larger and an increased amount of money was forwarded to grain districts. Lumber dealers have been light borrowers. Wholesale merchants have presented some paper for discount, but chiefly to pay bills of interest on grain. Some goods for the fall and winter trade are being forwarded to more distant distributing districts. Rates of interest were quoted at 5 1/2 per cent on call and 6 1/2 per cent on time paper, depending on the amount of money required and the standing of the borrower. Very few rates were presented on the street, and rates of interest ran at 4 1/2 per cent. Money in eastern financial centers was quite close early in the week, but ruled easier again within the past two or three days, owing to the prospect of the treasury department disbursing considerable money in the way of anticipating interest on bonds. Rates of interest ranged at 5 1/2 per cent. Advances from abroad indicated a little more activity in monetary affairs. The demand for money was a little more active and interest rates were strong. The Bank of England rate advanced to 3 per cent. This is partially due to a speculative movement in securities in the London market. New York market was in good supply and the demand was limited. The market ruled dull and dragging throughout the week. Some bills were made at 90 1/2 per cent discount per \$1,000, and the market closed easy at 60. Foreign exchange was offered fairly freely and the demand was restricted. Export breadstuffs and provisions were moderately free, and shippers sixty days documentary bills were in demand. Exchange on London was made at \$4.81 1/2, and the market closed easy at \$4.80 1/2. The New York stock market exhibited more activity during the week just closed, but the feeling was somewhat unsettled and prices ruled irregular. Early in the week there was more activity in the market and prices declined materially. At the close of the week the market was somewhat better, and prices rallied again, and closed comparatively steady. The "shorts" bought rather freely at the declines, which assisted to some extent in restoring the market to a normal tendency of the market. Wall street operators traded quite freely and out-look for the week was not so gloomy as Chicago parties limited their operations to small quantities. Advances from abroad indicated an easy feeling and lower prices in the market. The market was somewhat better near the close. The earnings of the leading railroads are not quite so large as in the past, and the market is somewhat better. The New York stock exchange for the week aggregated 2,169,000 shares.

The leading provision markets attracted considerable attention during the week just closed, notwithstanding the unusually hot weather and the fact that it is the full season of the year. The market was heavy operators enjoy a season of vacation and rest. To a great extent the course of prices has been determined by the weather condition in the south and west, and the advice in reference to the outlook of the market for small grains. Dry and hot weather in the corn belt of the west has retarded the growth of that cereal and inflicted considerable damage to some portions of the country. The Chicago market has tended to revive the price of grain, and the market is somewhat better. The New York stock exchange for the week aggregated 2,169,000 shares.

Some of the citizens of Lincoln have caught the fever to invade "Grover the Great" to visit the real live western town. Under resolution of the council Mayor Sawyer has appointed the following non-partisan as a committee on invitation and to prepare a formal address: Governor Thayer, General Cobb, John Fitzgerald, Postmaster Watkins, Councilmen Billingsley, Burks, Pace, Graham, Ensign, Halley, Brock, Briscoe, Hovey, Frass, Cole, Dean, Editors, Geo. Calhoun, Hodge, Kleutsch, citizens, J. J. Quinoff, E. P. Child, C. U. Burr, Wabash McManigal, Charles Jours, O. P. Mason, S. Schwab, Major Bohannon, H. J. Whitmore, H. S. Gordon, Neason Gregg, W. H. H. Dunn, Bishop Geo. B. Skinner, A. Humphrey, A. S. Godfrey, E. E. Brown, J. C. Crocker, J. H. Ames, E. Oppenheimer, S. B. Bond, W. Bond, Wm. McLaughlin, J. A. Buckstaff, H. E. Lewis, A. S. Tebbets, Fred Schmidt, G. M. Lamberton, Patrick Egan, T. Lyehen. This committee will meet at the city hall on Wednesday, August 10, and formulate their letter to the president.

HAVERLY'S MASTODONS. Haverly's mastodons closed their engagement at the Boyd last night, highly entertaining a large audience. The most noticeable feature of the programme was the equestrian act of Hilton, the climax of which was his picking his handkerchief off the stand upon which he had placed two chairs on the highest rung of the back of each of which his mastodons were seated. He gradually bent backward a distance of nearly nine feet and picked up the handkerchief as above indicated. It was a dangerous act and was most skillfully performed.

This evening there will be an excellent performance given by the Baureis & Pils German dramatic company. The piece will be "Schuster," with an accompanying moral of "shoemaker's stick to your last." The piece abounds in musical sections and will introduce all the leading members of this now popular company.

Mr. John Brandt, well known as the late manager of the Stadt theatre, and the man who has done a great deal in building up the German drama in this city, has returned from his European tour with his brother-in-law. He was absent about two months. Mr. Brandt is in the best of health and speaks in his happiest terms of the pleasure which his trip afforded him.

THE OLYMPIC. This theatre was filled again last night, as it has been so many times before, thus intensifying the fact that a good variety theatre in this city may be sure of drawing a large audience. The performance was a rich and varied one and was highly entertaining till the closing hour.

PHOTOGRAPHERS WAR. The trouble between Messrs. Cronyn and Eaton. For some time there has been difficulty between Wm. W. Cronyn and Edrie L. Eaton. Both are photographers, and the question between them is in reference to the gallery on Farnam street near Fourteenth. The case has been ventilated in court, and was published in the BEE from time to time. It seems that Mr. Cronyn, tired of litigation, moved out of the gallery a day or so ago. Yesterday the rumor was circulating that he had left town. An inspection of the abandoned studio revealed a condition of total wreck within. Every article of furniture and item of apparatus has been removed, and the ceilings, walls and floors look as though some one had been practicing upon them with an axe. On the high table, there remain thousands of negatives which accumulated during Mr. Eaton's years of work. Some of these have evidently been tossed into a corner, where they lie in a mound of crumpled glass.

A GUTTED TREASURY. A New York Syndicate Cleans Out an Ohio Railroad. CINCINNATI, August 6.—[Special Telegram to the BEE.]—It has become known to a limited circle that the treasury of the Cincinnati, Hamilton & Dayton railroad "has been completely gutted" under the Ives-Stayner management. The words quoted are from a statement made by one of the road's directors, Christopher Meyer, of New York, when asked as to the amount that had been abstracted from the treasury, replied that in cash and securities of branch lines, it would probably exceed \$3,000,000. The money which Ives and Stayner had thus raised had been used, he said, in deals in which they had been engaged.

The meeting last evening was called by local stockholders. A resolution was adopted setting forth that the newspapers and the stock market which have injured the road's securities in the opinion of the public, and declaring that a committee ought to be appointed to make an investigation into the matter. The plan finally decided upon was to retire Stayner from the position of president, and Mr. Day from the position of vice-president, and to vacate the seats of both these gentlemen in the board, as well as the seat of one of the directors, Mr. J. W. Bond, and retire, taking Stayner and the other New York men, who has not been named, with him, all will be well and good. H. Stayner will be asked to resign, and a light late-as-night lives had not decided upon his course. He said that to retire under such circumstances would mean financial ruin to him. He further said he should be able to return to the company all that it may be found in its debt to it. No confidence was placed in this statement.

CINCINNATI, July 6.—The directors of the Cincinnati, Hamilton & Dayton railroad met this afternoon and agreed to go to New York and hold a meeting Monday to elect directors to fill two vacancies. No action was taken on the question of releasing Mr. F. Wayne road and guarantee its stock, all that being postponed until the present complications are settled. The president Stayner was not present, but sent a telegram declining to resign. NEW YORK, August 6.—The Cincinnati, Hamilton & Dayton road was quoted at \$130 at the close yesterday; at the close today showed a decline of 70 points and was quoted at \$60. NEW YORK, August 6.—It was reported to-day that Henry S. Ives & Co. had made an assignment, but this was denied by George Ives, who said that a contest between the firm was found in the office, and he said the firm did not intend to make any assignment. Up to the present time no assignment had been filed in the county clerk's office.

NEW YORK, August 6.—At the banking house of Ives & Co. it is stated that Ives will attend the meeting of the Cincinnati, Hamilton & Dayton road to-day at Cincinnati. Notes of the Doings of the Various Clubs and Societies of Omaha. THE ELECTROTYPERS' UNION. The Bohemian Picnic—The Apollo Club—Knights of Pythias—General Gossip Sub Rosa. Our Societies. The secret orders of Omaha are in a most flourishing condition, each organization evincing a renewal of life, an activity that is especially gratifying to all those interested in these worthy and commendable institutions. Most of the orders during the past fortnight have been engaged in the transaction of particular work, and much in the way of putting in new members and perfecting the programme for late summer and autumn work has been accomplished. The outlook is indeed promising for an enjoyable season of the different brotherhoods, and the respective members are looking forward to the cool evenings coming on apace with an eagerness that well attests to the benefits and pleasures they derive from the associations of the lodge room. To the uninitiated in all these orders, but to the initiated, the links of the golden fraternal band, it is fraught with a significant meaning no other tiding can convey. Of all the pleasures and enjoyments, with which the weary journey of life is but sparsely interspersed, none surpasses and but few equals, those realized by the true Mason, the Odd Fellow or Pythian within the sacred precincts of the charmed circles. THE BOHEMIAN GYMNASIUM association will hold a picnic at Schuyler, Neb., on August 28. Several civic societies of the city will accompany the athletes and the arrangements promise a most enjoyable time. The gymnastic societies of Schuyler and Wilber will be present and there will be a contest between the crack members of the "three." FRIDAY EVENING the well-known Concordia singing society gave a moonlight excursion to Bassor's park, situated about seven miles on the Missouri Pacific, to which a special train was run leaving the city at 7:15 in the evening. The picnic was only for those who received invitations and was made a most enjoyable event to all participants. AT THE meeting of the Pressmen's, Stereotypers and Electrotypers' union, held Sunday, the following officers were elected: M. J. Buckley, president; Matt Reiner, vice president; A. H. Clinton, recording secretary; C. M. Birch, finance and corresponding secretary; F. M. Youngs, treasurer; Michael Kelly, secretary-at-large; Executive committee, F. Wallace, S. L. Rowzee, Thomas S. Granville, F. Devose, A. A. McCann. THE MODERN Woodmen of America gave a moonlight excursion Wednesday evening, August 10, starting from the foot of Douglas street at 8 p. m., on the steamer "John M. Abbott." THE APOLLO club, much encouraged by their cordial reception at their first concert, have perfected their arrangements for next season. Mr. Young will continue to be the director, and the club will give three concerts of somewhat new departure will be inaugurated, in that these concerts will be given to associate members only. No tickets will be sold at the box office elsewhere. The object of this plan is to enable the club to forestall its expenses in a measure. A moment's reflection will convince anyone that the expenses of providing three concerts is considerable, and that much better preparation can be made with an assured sum from associate members, to build upon, and it is only right that in return for this they should have exclusive rights. Each associate member will receive for his annual fee of \$10, four tickets to each concert, twelve tickets in all, beside the privilege of admission to certain rehearsals, a very good equivalent for money. The number of associate members will be limited to 200. The club is now receiving applications for associate membership. Application may be made to C. D. Dorman, president, Nat. M. Brigham, vice president, Mr. G. O. Serberner, treasurer, H. W. Snow, secretary, or to any member of the club. THE IMPERIAL club gave a picnic Friday at Fries lake which was a very successful affair and one in which all enjoyed themselves greatly. Among many present, were: Mr. and Mrs. F. E. Bally, Jr., Mr. and Mrs. E. Stephens, Mr. F. W. Pickers and Miss Jennie Hall of Columbus, Ohio, Mr. C. E. Humire and Miss Clara Albee, Mr. H. C. Bowden and Miss Mattie Giassmuck, Grand Rapids, Mich., Mr. G. W. Howard and Miss Jennie Howard, Grand Rapids, Mich., Miss George Shipman, Mr. Bert Sampson, Misses Jennie and Addie Sampson, Mr. C. R. Lee and Miss Annie Frazier of New York City, Mr. Alfred Meunberg and Miss Florence Lee, Mr. W. Clark and Mrs. Hubbard, Miss Coater, Mr. Louis Littlefield and Miss Nettie Ausruck of North Platte, Mr. W. G. Ruster and Miss Laura Ward, Mr. and Mrs. Henshaw, Miss Ethel Lake, Mr. Louis Strober and Miss Reeves, Mr. Nicholson and Miss Birdie McCoy, Mr. Lewis and Miss Ida McBeth, Mr. J. P. Shipman, Mrs. C. C. Littlefield, Miss Ruster, Messrs. Haxhold Arzo, Fairs. The music was furnished by the First Omaha band. ON WEDNESDAY, August 10, the West Side Social Club will give a picnic at Hanscom Park, which promises to be a most pleasant affair. LAST SUNDAY there was a meeting of all the officers of the local divisions of the K. of C. in this and Lily army, and a committee consisting of Sir Knights Colonel Burrill, Lieutenant Colonel McManis, Adjutant James Donnelly, First Lieutenant J. A. Brown and Captain C. P. Neenan was appointed to make arrangements to secure a regimental armory in some of the new buildings now in course of erection. W. N. BAROCK, of the Elks, accompanied by his wife, left for Denver Monday night en route to Manitou, Col. THE ELKS lodge of this city has received six new applicants, their petitions being filed on Thursday evening. Among the number were Hon. Charles F. Mauderson, senator from Nebraska, and Charles S. Parrotte. THE G. A. R. camp during the grand reunion next month will comprise 240 acres of the country lying between Cutler and Fremont roads and at the head of Sixteenth street. The city council have ordered a road opened to this place, and the work on it is already in progress. The road is to be fifty feet wide and near the base of the bluff. THURSDAY EVENING W. C. Gregory, George B. Eddy, Robert Hunter, George B. Mills and Charles B. Ott, of the Elks, left for a ten days' trip through Colorado. THE PICNIC of the Brotherhood of Locomotive Engineers at Lake Manawa Friday afternoon would be a most pleasant affair had it not been for the unfortunate accident for which the management were not responsible. Aside from the sad incident the affair was one to be heartily enjoyed. THE NATIONAL Conference of Charities and Correction which convenes in this city the latter part of this month will bring many eminent people together and it is the duty of our citizens to see that the delegates are properly entertained. It is an honor the convention has paid to Omaha in deciding to meet in this city and our people will find in maintaining their reputation for hospitality if they do not send the representatives away with the pleasant recollections of the Gate City. FRIDAY NIGHT Myrtle division K. of P., the oldest division of the order in the city, held a special election of officers made necessary by the election of the former captain, Burrill, at the head of column of the first regiment. H. J. Fuller and Dr. M. A. Whinnery, formerly sr knights first lieutenant and herald, will be raised to the position, respectively, of sr knight and sr lieutenant. W. W. Wells was elected sr knight herald. LIEUTENANT MERRIAM will issue the Prisms Spect on A. E. of other states, who will hold an anniversary celebration in Metz's garden, it being the fourth anniversary of the organization. There will be a choice programme of musical and literary features, together with a number of pretty farces which will be produced by the Baureis & Pils German theatre company. It is expected that a number of Druids from other cities will be in attendance. VETERANS of the late war and members of the G. A. R. of other states, who reside in the northern part of the city, intend to organize a new post. A meeting for this purpose will be held some time next week, notice of which will appear hereafter. THE Union Pacific bank will give a concert at Hanscom park this afternoon at 4 o'clock, if the band has no other engagement.
