Blair's Educational Bill Passed After a Spirited Debate.

NO MORE TROUBLE WITH CANADA.

The Fisheries Commissioners Prepare a Treaty As a Result of Their Two Weeks' Session.

Senate.

WASHINGTON, Feb. 15.—In the senate this morning Mr. Hale secured the floor to speak against the education bill. Mr. Hale based his argument on the fact that the bill would not accomplish the objects aimed at. At the close of Mr. Hale's speech Mr. Morgan read a paper on the constitutional objections to the bill. Mr. Salisbury then spoke in opposition, after which Mr. Blair took the floor, closing the debate on the bill. He spoke at length in advocacy of the measure, explaining that the opposition of the friends of the bill is based on the fact that the bill would not accomplish the objects aimed at. William Ferguson Sets Out to Slay Joe Howard, But Instead Sends Ole Olson to an Untimely Grave.

Fatal Ending of a Feud.

"Come, Ole, let's go and get a car or we'll have to walk to the fort," spoke Charles Heller, a musician attached to the band of the Post Omaha, to his friend, Ole Olson, a milkman who took his horse, by the arm and attempted to move him from the beer and pool hall of Montgomery & Adams, better known as "Barney Maguire's place," at the corner of Dodge and Fourteenth streets. This occurred a few minutes before 10 o'clock last night, and fifteen minutes later Ole, who had stubbornly refused the good advice given him by his friend Heller, lay on the floor, shot through the head by a bullet from a forty-four calibre revolver. The bullet entered the forehead and passed through the brain, and he died almost immediately. The murderer, William Ferguson, was seen by the police shortly after the shooting and was taken to the police station. He is now in custody and is being held for trial.

A MASONIC GATHERING.

Public Institution of Sir John Gorst.

London, Feb. 15.—[New York Herald Cable.—Special to the Bee.]—A Masonic Free Masons will doubtless be interested to hear of a memorable occasion in the annals of the Masonic brotherhood. Every American Mason visiting London is apt to make acquaintance with the celebrated Free Mason tavern, Drury lane, opposite Newell's place. There a number of the craft, all very "accepted," dined last evening after an interesting gathering in Drury lane lodge. The occasion at the latter was the installation, as its worshipful master of Sir John Eldon Gorst, G. C. M. P., under secretary of state for India. J. C. Parkinson, who was recently a guest of the American fraternity and past grand deacon of England, conducted the ceremony. At this time the lodge was crowded with members of the craft, and the installation was a most interesting and successful one. THE SPECULATIVE MARKETS.

Bears Hammer Wheat Prices With Great Success.

SELLING ORDERS VERY LARGE.

The Corn Session Characterized by a Heavy Volume of Trading—Nothing New in Provisions—Quotations.

CHICAGO PRODUCE MARKET.

CHICAGO, Feb. 15.—[Special Telegram to the Bee.]—After two days of bull news the bears seemed to lose courage, and this was their day for letting go of their lead. This same failure to respond to good news was full of encouragement to the bears and they hammered the market with great success. Selling orders seemed to come from everywhere and local bears were helping the break as much as possible. New York was a heavy seller in this market and commission houses whose correspondents are chiefly in the northwest were free sellers. In fact, for a time it seemed as if the only buyers were those who had already sold at higher prices and were now realizing their profit. The supposed critical point of 80c for May wheat was passed and 79c reached, at which the break from the opening amounted to 1/2c from the highest price for several days. There seemed to be no expectation that at this time would be large quantities of wheat thrown over on stop orders, but that expectation was not realized. Some wheat did come out, but was much more than balanced by the orders to buy at that figure, and there was a fair recovery before the close, with a feeling that the immediate danger was over. May wheat opened at 80c and sold over early to 80 1/2c, then gradually dropped to 79 1/2c, where it closed. The 1 o'clock close was at 80 1/2c, and the 1 o'clock close was at 81 1/2c. The corn trade was of large volume. The danger point was reckoned to be 50c for May corn, and raiders pounded the market down to that price. The market showed the session in this city and elected the following officers for the year: J. B. Deland, Columbus, president; John McBride, O'Neill, vice president; John H. Lindale, West Point, treasurer; George J. Paul, Omaha, secretary.

AMUSEMENTS.

"ONLY A WOMAN'S HEART" AT BOYD'S LAST NIGHT.

Helon Blythe, supported by a fairly good company, appeared at Boyd's last night in "Only a Woman's Heart." The piece embraces some interesting points and is a story of the ordinary melo-dramatic type. Miss Blythe is a very good actress, and her performance was well received. The play was well acted and the audience was well pleased.

THE X ROADS IN MOURNING.

Death of D. R. Locke, the Nasby of Toledo.

TOLEDO, O., Feb. 15.—D. R. Locke, editor of the Blade, of this city, widely known as "Petroleum V. Nasby," died at 6:35 this morning of consumption. STRIKE OF MINERS AT LEAVENWORTH.

LEAVENWORTH, Kan., Feb. 15.—[Special Telegram to the Bee.]—All the miners employed by the Leavenworth Coal company, between three hundred and four hundred men, struck this morning on account of the reduction from 5 to 4 cents a bushel, which was to go into effect to-day. The mine authorities have stopped all the machinery and are doing all in their power to get the men abroad, but will quietly await developments. The miners at the Riverside shaft, south of the city, sixty-five men all told, also struck to-day, and are demanding a 10 per cent increase in operation now in the state shaft at the penitentiary, named by convicts. The strikers are orderly and make no threats, simply demanding to be restored to the old wages. The company says they cannot afford at this time of the year to pay 5 cents. Meetings are being held among the miners, and it is probable they may submit to a compromise.

The mine authorities have stopped all the machinery and are doing all in their power to get the men abroad, but will quietly await developments. The miners at the Riverside shaft, south of the city, sixty-five men all told, also struck to-day, and are demanding a 10 per cent increase in operation now in the state shaft at the penitentiary, named by convicts. The strikers are orderly and make no threats, simply demanding to be restored to the old wages. The company says they cannot afford at this time of the year to pay 5 cents. Meetings are being held among the miners, and it is probable they may submit to a compromise.

STRIKE OF MINERS AT LEAVENWORTH.

LEAVENWORTH, Kan., Feb. 15.—[Special Telegram to the Bee.]—All the miners employed by the Leavenworth Coal company, between three hundred and four hundred men, struck this morning on account of the reduction from 5 to 4 cents a bushel, which was to go into effect to-day.
