

MORE WORK OF VIGILANTES.

Nebraska Justice Meted Out to Billy Cole This Morning.

HUNG BY TWELVE MASKED MEN.

Guide Rock Citizens Push the Would-be Murderer Off a Railroad Bridge with a Rope Around His Neck.

Another Nebraska Lynching.

GUIDE ROCK, Neb., August 20.—[Special Telegram to The Bee.]—Billy Cole was lynched this morning. Ever since the shooting on the 17th of William Montgomery and Charlie Grant at Talbot's ball the friends of the wounded men have sworn vengeance. But the prisoner was so closely guarded to prevent any attempt at lynching that it was thought best to wait until the officers should become convinced that there was no danger and so relax their vigilance. The officers laid for them the trap.

WELL INTO THE TRAP.

As soon as he was dead the masked men took the guards back to the lockup and imprisoned them to prevent an alarm. Then they quietly disappeared, leaving no clue as to their identity. After placing the rope around Cole's neck they waited.

CONFESSED THE SHOOTING.

Everything is now quiet. The coroner at Coville was notified and held an inquest. Young Cole's father and sister live here. His sister is much respected and has the sympathy of the community.

Cole's history is that of

He had to flee from Texas for a shooting scrape indulged in there. At the present time the Kansas authorities are offering a reward for his arrest for some bad conduct in that state. The best citizens here regret that the circumstances were such that the lynchers felt justified in disregarding the law and feel that the lynching is chargeable to the fact that several important prisoners have been allowed to escape from the county jail at Red Cloud recently. Cole claimed relationship with the Younger family and seemed desirous of violent acts.

COLE'S VICTIM THE LIVES.

Young Grant, one of the victims of the shooting, is still in a precarious condition but may live. His folks from Knoxville, Ia., came last night, bringing with them their family physician, Dr. Cornell, and everything possible is being done for the wounded man. Cole's accomplice was released this morning.

Nebraska City's Bridge Opening.

NEBRASKA CITY, Neb., August 20.—[Special to The Bee.]—Nebraska City will certainly experience the greatest day in her history on August 30, unless some unforeseen calamity mars the proposed bridge celebration. Everything that might tend toward its success has been done, and the board of trade and citizens generally have shown liberality and done earnest work in the interest of the celebration. Invitations have been extended to all the city councils, boards of trade, municipal officers, civic societies, military organizations, bands, etc., throughout the state. Among the orators who have been invited their intention of participating in the celebration and have applied for accommodations, are: S. H. Shanderson, Ia. band and military organization; William C. Curtis, from Lincoln, Pa.; W. J. S. Bennett, Bennett and Beatrice, and bands from Tecumseh, Auburn, Syracuse, B. Bennett, and the female band from Weeping Water. The board of trade will give transportation to all bands, fire companies and military organizations within 100 miles of the city that may wish to come. Two purses of \$5 and \$15 will be offered to visiting bands for competition, the home band being excluded. A special committee, a large number of prominent railroad officials from Chicago, Omaha and elsewhere will also be present. Governor Thayer and staff have expressed intention to attend, and an invitation has also been extended to the governor of Iowa, John M. Thurston, of Omaha. A special committee, headed by General Van Wyck and John C. Watson will be the speakers of the day. An elaborate trade and labor procession will be one of the attractive features. Excursion rates have been fixed for the round trip will be run on the B. & M. from Lincoln, leaving that place at 11:30 a. m., and from Beatrice, leaving at 2 a. m. The special train will be conducted from Red Oak and the Missouri Pacific one from Omaha. Perfect arrangements have been made for the entertainment of thousands of visitors. A special invitation is extended by the Nebraska City Press club to members of the fraternity everywhere. The club promises them a royal reception and a sumptuous dinner. A special program for the day has been prepared and, the weather permitting, will be fully carried out.

Happenings at Holdrege.

HOLDREGE, Neb., August 20.—[Special to The Bee.]—The reunion at this city closed on Friday with an excellent address by Governor Thayer. Fully 15,000 people were on the grounds on Thursday and the camp was really a surging sea of humanity. Chairman Leavelle was the first to speak on the grounds and Mr. January, a union soldier who amputated his own feet to avoid conscription by gauging while in a rebel prison, entertained the great assembly with a recital of his sufferings and a display of his wooden feet and legs. The reunion was a grand success and the bridge has added new lustre to her past brilliant career.

Politics in Phelps county have quieted down since the very orderly and satisfactory republican county convention at Holdrege.

Ensel, candidate for state treasurer, named the delegation to the state convention. "The corn crop of this county is excellent. Small grain is in stack and a great deal of it thrashed. The teachers' institute for this county is in session with an attendance of about sixty. Mrs. Hopwood, county superintendent, Prof. Hart, Mrs. Metcalf, of Lincoln, and Prof. Walters, of the Wesleyan university, are the lecturers. A baby drowned.

SCHEFFER, Neb., August 20.—[Special to The Bee.]—This morning a two-year-old child of Malcolm McPherson wandered away from the house unobserved, and falling into a pool of water formed by the night rains, was drowned. The parents are wild with grief.

Eighteen Buildings Burned.

WADENA, Minn., August 20.—Early this morning eighteen buildings were burned, eight families being made homeless. The total loss will amount to \$75,000. It is thought the fire was incendiary.

IMPORTED CONTRACT LABOR.

Master Workman Powderly Testifies Before the Commission.

New York, August 20.—At today's session of the immigration investigation committee General Master Workman Powderly, of the Knights of Labor, was the principal witness. On the subject of imported contract labor Powderly said the system was a reprehensible one. These foreigners who come here under such conditions are grossly immoral. They are brought here under promise of land and great prosperity which they never realize. Describing the condition of workers in the Pennsylvania mines, Powderly said that in the coal regions native miners have been driven out by Hungarians, he said, never learn the English language, and herd together until they die or return to their native country. They never become Americanized. Powderly thought no person should be admitted to citizenship until he was able to read and understand the declaration of independence and the constitution of the United States.

In reply to a question from General Spinoza, Mr. Powderly said that the trusts in this country are in the interests of the public generally, and are organized in the interest of a few to control the output, limit production and smother small agricultural interests. He had personal knowledge of coal trusts, and knew that an individual concern could no more ship coal to Europe than a trust could. He thought the strong arm of the law should be outstretched to crush out this evil.

"On this I do not agree," said Mr. Oates, "that trusts are private concerns, which legislators have no right to control."

"We regard them in the same way that we do highwaymen," said Mr. Oates.

"You think, then, that these trusts are in the interests of the public?" asked Mr. Spinoza.

"They are, and they should be wiped out of existence as speedily as possible."

"What do you mean by 'wiped out'?" asked Mr. Spinoza.

"I mean that they should be broken up and their property sold to the public."

TO TRAIN COLLEGE MILITIA.

The Bill to Provide Instructors is Taken Up.

OPPOSED BY A SOUTHERNER.

Little Hope for the Democrats in Maine—Republicans Have Their Tariff Measure Ready to Submit—Notes and Personals.

College Military Instructors.

WASHINGTON, D. C., August 20.—In the house this afternoon the bill providing for the detail of fifty officers from the army and navy as military instructors at state universities and agricultural colleges, was called up in the house and an unsuccessful attempt was made to put it upon its passage. This is the bill which was drawn up by the war department to amend the present law so as to give each of the colleges an instructor. It was the immediate outcome of an appeal made by the governor of Minnesota and the request of the Minnesota state university for an instructor in that institution. The state being in the same district with Nebraska the universities of the two states had to be satisfied with one instructor, who was located for four years alternately at each school. For three years Minnesota has been without an instructor, and to meet the difficulty, as several other states were deprived in the same way, the senate was urged to recommend an amendment of the present law. It had total detail of officers should be increased from forty to fifty. The senate has already passed this bill and the military affairs committee desired to pass the bill at this time so that the schools might avail themselves of the benefit of the new law.

Mr. Blunt, of Georgia, who has just returned here after a hard struggle to secure renomination, and who was elected to congress on a vote of 100 to 90, was introduced and objected. He had no particular objection to the bill except upon what he calls "general principles." He has a holy horror of the idea of men wearing uniforms in the United States scattered over the various states, and believes it is giving the United States a bad name. He said he would not want any of these men at the schools in the south, so he fought the bill. Every effort was made to get him to withdraw his objection, but he refused. Mr. Tamm and Townsend finally moved to take up the bill under a general suspension of the rules, this being committee suspension day. This bill is the only one that will come up at the point of a quorum and it was found that no quorum could be secured. Finally Governor McCrea arose and said that he did not object to the bill, but that he would like to see the bill passed. He thought it likely that the bill would not be reported to the senate till Wednesday, so that there could be made any changes found necessary before it reached the senate.

Reports received here from Maine respecting the political outlook there are extremely encouraging. The election in that state occurred on the 14th of August. The republican party was victorious. The republican party is now all well satisfied with the bill and say that it is not only a step toward the solution of the tariff question, but that it will give the republican party in its position on the tariff question.

WHITECAP OUTRAGES.

They Are Even Worse Than They Looked Upon to Be.

INDIANAPOLIS, Ind., August 20.—[Special Telegram to The Bee.]—Attorney General Michener, who has returned from the "whitecap" section, is preparing a report for the governor on the result of his investigations. To a reporter, he said: "In Harrison county it is thought that the outrages are of a more spontaneous nature. Where a citizen has not acted properly, a party of neighbors gather and whip him, as in Crawford county there seems to be a strong central organization with a well maintained system of communication. In this way they manage to have a man punished by strangers, who have come from another neighborhood for the purpose."

"What did you find to be the sentiment of the people in relation to the matter?"

"It is not very encouraging. Until recently the better class of people rather looked upon the performance of vigilantes as irregular, but upon the whole salutary, and seemed to think only those persons were punished who richly deserved their treatment. But of late there has been such glaring cases of cruelty and such continual reports of 'white cap' operations, that a strong sentiment is springing up in favor of the law. The law is being enforced as irregular, but upon the whole salutary, and seemed to think only those persons were punished who richly deserved their treatment.
