

OMAHA BURIED SIOUX CITY.

Lamb's Turn on the Savages and Wipe Them Off the Earth.

LINCOLN CLEANS OUT THE ST. PAULS.

St. Pauls Gives Denver a Warming Up, and Milwaukee Annihilates Kansas City—National and American Games.

Omaha, 16; Sioux City, 7. Lincoln, 15; St. Paul, 3. Minneapolis, 30; Denver, 9. Milwaukee, 23; Kansas City, 2.

St. Pauls, Pa., May 12.—(Special Telegram to The Bee.)—It was a very big game that Omaha won from Sioux City today. Look at the score, 16 to 7. The cold suggestions of the table constitute a sufficient tale of woe. The Corn Huskers had no trouble to smite the opposition, for they knocked Ketchum out of the box in the third inning, and then they smote Dad Clark hit and thigh. They smashed six two-baggers, and still they reeled and wallowed in the dust of defeat. They were staid and unprofitable in the field. There was never a more masterly series of wild throws and muffs than the Corn Huskers exhibited this afternoon.

Omaha began the game by flying out to Morrissey. Halligan struck out and Sutcliffe duplicated Shannon's fate. On Sioux City's side Poorman transmitted the first ball pitched into a two-bagger, got third on Halligan's bad throw, and made a great slide over the rubber. Schebeck got his base on balls, Nicholson was hit. Then Schebeck slid for second base, but was caught by Nicholson. The same way, Swartwood and Morrissey got their bases, but Earle was thrown out at first.

Then the misery began. Twitcheil got to second on Van Dyke's error. Griffin hit safe. Walsh fouled out to second base. In the third, after Griffin was thrown out, Walsh hit safe and went to second on a passed ball, but Donnelly and McCauley went out at first.

Schebeck did not get to first. Nicholson hit safe and went to second. Swartwood produced two baggers, Swartwood and Swartwood. Earle flew out, but Genins hit for two bags, scoring Morrissey. Van Dyke flew out.

The Lambs were quickly done for in their half of the fourth, no one getting to first base, and the Corn Huskers retired.

In the fifth, Twitcheil struck safe and Griffin was hit by a pitched ball. Swartwood muffed Walsh's long fly and the bases were cleared. Twitcheil scored on Donnelly's hit and Griffin and Walsh came home on a wild pitch. McCauley struck out, but on his way to second base Clark's safe hit. Shannon flew out and Dad Clark's safe hit. Shannon flew out and Dad Clark's safe hit.

Shannon made a hit and scored. Genins hit safe and Van Dyke was caught at the plate, and by a double Schebeck was thrown out at first. Then Nicholson went out at first.

McCauley opened the seventh inning by taking his base on balls. Then Schebeck fumbled Dad Clark's hit and afterwards threw it wild that both McCauley and Dad Clark went out at first and Halligan struck out. Then Schebeck hit safe and scored and scored on Twitcheil's hit. Griffin hit his base on balls and Walsh fouled out to second. The Corn Huskers were impotent and could not reach the first bag.

In the eighth Donnelly got a base on balls, stole second and third. Then McCauley got a base on balls and stole second. Then Larko got a base on balls. After Shannon flew out to Genins, Swartwood struck safe and scored. Clark, McCauley and Donnelly Twitcheil fouled out. For the Corn Huskers, Genins was thrown out at first, Van Dyke fouled out to second, and Earle was hit by a pitched ball, but he was caught at second by Poorman's hit to short.

In the ninth, after Griffin had struck out and Walsh flew out, Donnelly hit his base on balls and McCauley was hit, but Dad Clark was thrown out at first. Schebeck got a Sioux City hit for the first time. Nicholson got on balls and both advanced on Swartwood's sacrifice. Schebeck scored on Morrissey's sacrifice, and Earle got a base on balls, but Genins' weak hit to short cut him off at second. Score: OMAHA, 16; SIOUX CITY, 7.

Enraged fans: St. Pauls, 23; Omaha, 4. Two-base hits: Poorman, Schebeck, Swartwood, Morrissey, Earle, Genins, Halligan, Earle, Stolen bases: Clark, Swartwood, Morrissey, Double plays: Clark to Sutcliffe to McCauley, Swartwood to Nicholson to St. Pauls. Omaha, 4 hit by pitched ball: Nicholson, Donnelly, Griffin, McCauley. Struck out: By Hart, 5. Passed balls: 1. Time: One hour and forty minutes. Umpire: Eustice.

Table with 4 columns: Team, W, L, Pct. St. Pauls 10 10 0.500, Lincoln 10 10 0.500, Minneapolis 10 10 0.500, Denver 10 10 0.500, Milwaukee 10 10 0.500, Kansas City 10 10 0.500.

St. Pauls, Pa., May 12.—(Special Telegram to The Bee.)—The Lincoln team had a veritable picnic with the St. Pauls wenkings this afternoon.

O'Rourke opened the game with a home run by knocking the ball over the right field fence, and in the second inning Goodenough took a base on balls, stole second, went to third on a passed ball, and scored on Schmidt's hit to right. After this the Apollites made only three scattered hits and never were in any danger of scoring.

The senators did not commence hammering Schmidt until the third inning, when Clime hit on Schmidt's fumble. A single by Bartlett and a double by Dave Rowe brought around three more.

In the next inning, after two were out, O'Day hit safely. Clime took a base on Schmidt's fumble and O'Day scored on Raymond's hit.

The sixth was also full of fun, Schmidt allowing five men to get around after two were out. Flood was then put in to pitch.

In the eighth inning he was hit for a single by Rogers, who was forced out on O'Day's

grounder to pitcher, Clime sacrificed and O'Day tallied on Raymond's double.

RAIN DID NOT MATERIALIZE.

Expected Relief Fails to Come to the People of Michigan.

FOREST FIRES ALL OVER THE STATE.

Vast Areas Burned Over—Some Villages Not Heard From at All and Believed to Be Completely Wiped Out.

DETROIT, Mich., May 12.—The hoped for security from the recent rain did not materialize for the panic-stricken inhabitants of the burned district in this state. Some idea of the vastness of the fire district can be obtained from the fact that almost two of the dozen counties now filled with fire are as large as the whole state of Rhode Island. The Toledo, Ann Arbor & Michigan railroad has had to abandon all attempts to run cars north of the Lake county line. A freight train and a crew had a narrow escape from cremation yesterday. The ties in so many places were so badly burned that the rails spread when the train went over.

When near Moore's Station one of the cars in the center of the train was derailed and the train crew was obliged to abandon the cars before they reached Parole. There was another derailment and all but three of the train of eighteen cars were left to their fate. Three of the trainmen were killed, the engine and the application of the fire to the southwest into New Argo and Oceana counties.

SPARKS FROM THE WIRES.

Mr. Blaine is feeling much better.

Prof. Briggs has given formal notice that he would enter a protest against the appointment of committee and complained against the action just taken by the Presbytery.

Dr. Birch gave notice that he would in certain contingencies prefer charges against Prof. Briggs.

Dr. Shiland offered a resolution that a committee be appointed by the moderator to take into consideration the case of Prof. Briggs, which was adopted.

At the next regular meeting of the presbytery in June it will probably be determined when the trial shall begin.

In the opinion of thoughtful men this decision of the New York presbytery to appoint a committee to act on the majority report is beginning of a far-reaching split in the ranks of Presbyterians.

As Dr. Melville said, the condemnation of Dr. Shiland is the real beginning of a great party throughout the world which is gradually spreading in every branch of religious work.

The general assembly shall eventually discipline Prof. Briggs for what he said in his inaugural address there are several other Presbyterians who cannot conscientiously go along with self-righteous intolerance in the folds of Presbyterianism.

WESTERN FREIGHT AGENTS. Largely Attended Meeting of the Association at Chicago.

Chicago, May 12.—When the Western Freight association met today it proceeded to business under the regular rules of the association without regard to the president's nomination.

The meeting was held at the March meeting an attempt was made to reform the rules of the Western Traffic association but without success, and the attempt has not been renewed.

As a consequence there has been no interruption to the proceedings. The Chicago & Alton, the Chicago, St. Paul & Kansas City and the Kansas City, Fort

Smith & Memphis were all represented. The meeting was continued tomorrow.

One subject to come up is the application of the Burlington road for authority to make a lower rate to Beatrice, Neb.

When the application was first presented the Burlington insisted upon its taking its regular course under the rules of the Western Freight association, but it afterward consented to let go to the board of commissioners of the Western Traffic association.

From that board it was referred to the advisory board, which failed to take action on the application, and the question of jurisdiction as between the two associations still remains unsettled.

A conference of representatives of the roads east and west of Chicago will be held Thursday on the question of the reduction of through rates by the various junction points of traffic from the Missouri river

to the Atlantic seaboard. In his capacity for the meeting Chairman Midgley says that the situation has become embarrassing and that to avoid trouble or further misunderstanding of the highly important question an immediate decision must be made.

MILLERS ELECT OFFICERS.

New York, May 12.—At the millers' convention today a resolution was adopted endorsing the resolutions passed by the millers' association in relation to the transportation and handling of grain.

Dr. C. S. Sparks, Buffalo, first vice-president, H. H. Callahan, Cairo, its second vice-president, L. C. Porter, Winona, Minn.; treasurer, H. Seaman, Milwaukee; secretary, Frank Barry.

Red and the Walking Dress. Some one who I was not with has determined to push red as a fall in walking dress, with the result that if the preparation of most of the leading London clothes are taken full advantage of a thoroughfare like the Strand, seen from above will resemble a swarm of red ants making a general sugar bowl.

That Tired Feeling. That extreme tired feeling which is so distressing and often so unaccountable in the spring months, is entirely overcome by Hood's Sarsaparilla, which tones the whole body, purifies the blood, cures scrofula and all humors, cures dyspepsia, creates an appetite, rouses the torpid liver, braces up the nerves, and restores the vitality of the system.

Full Sleeves Are Doomed. "All the best dressmakers say that the high collar sleeves are doomed. The swell gowns on the march are made with long, tight-fitting sleeves, just slightly raised at the shoulder, observes a New York correspondent. "I am sorry enough to hear this, for surely the graceful outline of a well-draped sleeve has been a boon to the many tight-armed women who look and feel like a pair of iron rods."

Such a pretty gown was seen "between showers" in the park last Sunday. It was of tawny-colored cashmere, with a plain skirt, in which was embroidered as high as the knees in small red poppy flowers. A little ruche of red silk went all round the skirt, so that only a glimpse of the bright color was seen now and then. The short bouffant of the fawn color, with a prettily draped front of the poppy-sprinkled material, outlined with a tiny ruche of red silk, coming to a point at the waist. The sleeves were full and of the plain stuff, and with cuffs finished with the same ruche. How to disguise the inevitable slouch in this gay little gown was of fawn-colored lace straw, with soft bows of red silk, most artfully tucked, resting on the crown, and dropping a little over the hair, but, to my mind, the quaintest and prettiest part of the ensemble was a loose "brill" of poppy flowers, which, from a distance, gave the impression of a cloud of red and white.

The short bouffant of the fawn color, with a prettily draped front of the poppy-sprinkled material, outlined with a tiny ruche of red silk, coming to a point at the waist. The sleeves were full and of the plain stuff, and with cuffs finished with the same ruche. How to disguise the inevitable slouch in this gay little gown was of fawn-colored lace straw, with soft bows of red silk, most artfully tucked, resting on the crown, and dropping a little over the hair, but, to my mind, the quaintest and prettiest part of the ensemble was a loose "brill" of poppy flowers, which, from a distance, gave the impression of a cloud of red and white.

Such a pretty gown was seen "between showers" in the park last Sunday. It was of tawny-colored cashmere, with a plain skirt, in which was embroidered as high as the knees in small red poppy flowers. A little ruche of red silk went all round the skirt, so that only a glimpse of the bright color was seen now and then. The short bouffant of the fawn color, with a prettily draped front of the poppy-sprinkled material, outlined with a tiny ruche of red silk, coming to a point at the waist. The sleeves were full and of the plain stuff, and with cuffs finished with the same ruche.
