

REFORM WITH A GREAT BIG R.

That's what the Omaha Independents Demanded Before Naming a Ticket.

THEN THEY MADE THEIR NOMINATIONS.

Delegates Named to the Republican Judicial Convention and Arrangements Made for City Primaries—Home Industry Resolutions.

For Mayor..... Dr. J. R. Conklin Police Judge..... Elmer E. Thomas Controller..... Fred Strickler Treasurer..... W. J. Welshans Clerk..... Louis J. Ihm

With three vigorous rays of the gavel Mr. Louis Ihm called the independent city convention to order last night in Gate City hall.

Mr. Ihm was elected chairman and Mr. Anson Bigelow secretary, and the following gentlemen were appointed as a committee on credentials: Allan Root, J. Jeffcoat, V. O. Strickler, H. Cohen and Charles Johnson.

While the credentials committee was preparing its report the secretary of the convention was unceremonious, the first time coming from Mr. William Mulhall. He said that the convention should nominate men with clean hands.

Mr. Mulhall, who will attend the convention with either the democratic or republican party. He was in favor of electing men who would fill the office with credit to themselves and the party.

"I don't want men," said Mr. Mulhall, "who will deal honestly with the working men. We want no more hoodlums in office. [Applause.] Let us have men who will clean up the city and who will not be afraid to do it."

Clark Potter gave a sample of his eloquence on the money question and closed with the words of Patrick Henry: "Give me liberty or give me death, clean hands and a good conscience are the only securities for the preservation of the rights of the citizen."

Before getting down to the business of the meeting W. A. Saunders was elected as a member of the committee on the Fifth ward to succeed A. L. Lock, who had been chosen to succeed W. A. Davis.

TUESDAY IS GERMAN'S DAY.

And It Will Be Observed in Omaha With Due Devotion.

PROGRAMME FOR THE CELEBRATION.

Description of the Floats, the Characters Included in Them and By Whom They Will Be Impersonated.

On next Tuesday the Germans of this city and vicinity, for the second time, will celebrate what is known as German's Day, and the devoted observance of which will, hereafter, become an annual occurrence in this section of country.

Last year, although but little time was given by way of preparation for the celebration, the affair passed off in a most happy manner. There was an entertainment at night, in which all the German societies took part, in which several eloquent speeches were delivered and which was attended by all classes of Germans, both from this and adjoining cities.

The spirit of friendship, brotherhood and patriotism—love of country both for the Vaterland and the great republic—was most pronounced. The occasion partook, in a very large degree, of the character of a family gathering, with the exception that the deeds which it commemorated were more numerous and of greater importance than have ever been credited to the record of any family since the creation of the world.

On next Tuesday, therefore, the anniversary of the landing of the first Germans in this country will again be celebrated. The observance will be upon a scale much grander than that of a year ago. The difference will be pronounced as to harbor a new era, not only among Germans but also among all other classes of people in the matter of public celebration.

The occasion will comprise two features, a procession during the day and an entertainment in Exposition hall in the evening. The order of the programme is as follows:

HUTCHINSON CLEAR HEADED.

Jennie Green's Murderer Said to Be Simply Feigning Insanity.

OPINIONS OF HIS MANY NEIGHBORS.

Shrewdest Detectives Have Been Unable to Draw From the Old Man a Single Damaging Admission—Lincoln News.

LINCOLN, Neb., Oct. 3.—[Special to THE BEE.]—From present indications the Hutchinson murder trial will end about the middle of next week. The defense has been most clever. The most important witness is missing, and what little testimony is left is met on the assumption that Hutchinson is insane. From the day that the murderer was arrested to the present time he has been closely observed by the officers and they declare that as long as they were secretly watching him he was apparently all right, but the minute he became well mounted they assume a solid stance and act as though he was wholly indifferent to his surroundings.

The jailer declares that the minute Hutchinson appears in public he assumes an unnatural air and carries it until he gets back to the jail. At the jail he shows himself cunning and shrewd fellow and the shrewdest detective has not got enough evidence to convict him.

The wealthy relatives of the murderer have been doing what they can to save him. It is believed that they have agreed to acknowledge the murder, but to claim insanity as the cause.

All the efforts of the defense are concentrated on this point, while the prosecution has been weakened as much as possible. Lu Rice, the main witness for the prosecution, came to the city on Saturday.

Ever Augustus Gilbert, a brother of the murdered woman, appears in the role of a witness for the defense.

The session today lasted only until noon. Dr. Woodward testified as to the nature of the wound made by Hutchinson when he shot Mrs. Green.

Justice Foxworthy, who took the dying statement of Mrs. Green, was called to the stand. The defense objected to the introduction of the statement, on the ground that it was not properly an ante-mortem statement, but this was overruled and the statement read.

The witness also testified that she had known Hutchinson for over a year, and never knew him to be other than rational and sane, and affirmed her belief that he was sane when he fired the fatal shots. The defense objected strenuously to the admission of the latter part of the statement.

Dr. Woodward, who had attended the deceased, gave his testimony and the state rested, and the defense called its witnesses.

Grant Barker, who runs a stationary engine at East Omaha, believed Hutchinson sane, and told of his queer actions in Omaha.

Mrs. Griffen and Moore testified as to what caused the woman's death, both agreeing that it was the gunshot wound inflicted by Gilbert, brother of the deceased, was next called. He told of Hutchinson's frequent visits to his sister's home.

Witness said he was in the bathroom when the shooting occurred; ran out with his shirt on and saw Hutchinson going out of the door. He picked up the pistol to his own English. The latter gentleman waited upon yesterday by Judge Sackness and Mr. Julius Postner and consented to the taking of the deposition.

The other witnesses examined were E. W. Smith, S. S. Smith, Frederick Parke, J. C. M. W. Madden and Michael Malone. The general trend of their testimony was the same as that of the twenty who had gone before. The change in the prisoner was not about a year ago, and the general symptoms of frightfulness, inebriation and generally queer actions were noted by each.

The hearing will be resumed Monday. STRAIGHTENING EDGEMONT OUT. The attorney general has found it necessary to call the attention of W. H. Poynter and C. H. Curtis, chairman and secretary of the independent convention, to the fact that their notice about Joseph Edgerton being nominated for associate justice of the supreme court is not correct. There is no such office known in the statutes. There is a chief justice and two judges of the supreme court, but nothing is said about associate judges.

MRS. SHEEDY STILL SHOWS FIGHT. Mrs. Mary Sheedy filed a motion in the Lincoln county court objecting to the jurisdiction of that tribunal in passing upon the case wherein the other heirs of the late John Sheedy appealed from the decision of Judge Stewart allowing the widow \$1,000 a year from the estate. She objects on the ground that no appeal was granted by the county court, and she therefore asks that the proposed appeal be dismissed.

The regular monthly and annual meeting of the City Ministerial association will be held at the Young Men's Christian association Monday, October 5, at 8 o'clock. A full attendance is desired, as the officers for the year are to be elected. Rev. L. W. Terry will read a paper, subject, "Christ, the Light of the World."

Mr. John Jenkins, late deputy labor commissioner of the state, has been appointed by Governor Poynter as superintendent of construction of the new Home for the Friendless in this city. The construction of this structure has been assigned to Mr. Jenkins as superintendent with the understanding that the work is to progress as rapidly as good workmanship will permit.

Today the certificates of the nomination of Jefferson H. Brady for the position of judge of the county court, and of E. H. Rogers and D. F. Heinecker as candidates for regents of the state university were filed with the secretary of state.

The document was signed by Frank P. Ireland and George J. Sternsdorff, respectively chairman and secretary of the late democratic convention.

The name of Dr. George L. Miller of Omaha has been added by the governor to the list of delegates to the Mississippi conference to be held at Omaha October 10-12 inclusive.

Among the subjects to be discussed are: the prohibition of foreign capital, amending mineral laws, restricting new companies, elevating mining, a disgraceful speculation, to a legitimate industry, and the sale of public lands. Special railroad rates are assured from Chicago and the Pacific coast.

Will Make It a Success. NEBRASKA CITY, Neb., Oct. 3.—[Special Telegram to THE BEE.]—Charles King, the 85-year-old man, has been elected to the office of mayor of this city. He is a native of Hamburg, Pa., and is now 85 years of age, is dying tonight.

SUTTON SICK OF THE LEAGUE.

Secretary of the Irish National Organization Will Quit.

HOW HE VIEWS THE SITUATION.

Sarah Bernhard's Snakes Cause Commotion in a Chicago Hotel—Results of Dueling in the Garden City.

Chicago Herald of the Bee, Oct. 3.—John P. Sutton is sick and tired of Irish politics on this side of the water and is going to resign his position as secretary of the Irish National League. In a few days he will be free from every evil influence, out from under the thumb of the violently inclined faction leaders and under the prodding agents of his friend and counselor, John Fitzgerald, the retired president of the league. The two Johns will hereafter devote their selves to business pursuits, seeking their rewards in a legitimate way from honorable toil. Sutton will be Fitzgerald's right hand man in railroad contracting business.

"I'm weary of this Irish work," sighed the secretary today as he dangled his feet over the edge of a comfortable arm chair in McClellan hotel, and he said that he was as good as dead. "I have given it the best that is in me, but it seems that the more we work and struggle the more ground we lose. The greater is our difficulty, the more we are driven to work. I collect the money I am compelled to spend, for I don't have the cash."

"I'm tired of this work," said Sutton, "I don't want to get any more of it. Let them get another secretary."

The tragedienne, Bernhardt, will reach Chicago tomorrow and an entire party has been reserved for the diva. This morning the agent of a local express company called on Clerk Drummond at the residence of Mrs. Bernhardt and struck some snikes at this office for Mrs. Bernhardt. "What will I do with them?"

Mr. Drummond thought that he had the other end of the line. "Why send them up here? I'll put them on ice and keep them until Mrs. Bernhardt arrives and then I'll send them to her."

"Why do you mention it, what do you want to put them on ice for? They'd freeze to death."

The telephone girl at the "central" came to the rescue and took off a wire that had crossed the one leading to the hotel and then Mr. Drummond called the express man and said: "The express man and his snakes or rather aides. They were ordered brought to the hotel and were assigned to a room with the porter."

Morgan Park Sensation. The classic village of Morgan Park has been discussing for some weeks a sensation of no mean proportions, when Richard M. Truax, a young man, was arrested for assault and battery committed last night upon Edith Decker, a young lady of Rockford, Ill. Truax until recently was western agent of the Rockford house of Dr. Appleton and is married and has three children. Miss Decker is a brunette and reputedly a beauty. The case was taken up by the police and the case was taken up by the police and the case was taken up by the police.

Heroic Struggle for Life. The heroic struggle for life by the crew of the schooner Frank Yerew on Lake Superior has been continued. The life saving station at Whitefish should be thoroughly investigated. No satisfactory explanation has ever been given of the life saving station so it is said, to rescue the crew of the schooner Atlanta who were lost in the surf during the time of the life saving station. It is charging in so many words that the life savers were enjoying a comfortable meal during the time of the life saving station. The Atlanta were perishing one by one in full view of the life saving station.

Arrested for Duelling. The Parisian mania for duelling which has taken possession of the Garden City recently caused the arrest of a young man, Richard M. Truax, who was arrested for duelling today who thrived for the sake of R. C. Berry, another creditor, and insisted on fighting him with pistols at Rockford, Pa. The case was taken up by the police and the case was taken up by the police.

Free Evening School. Free evening schools under the control of the Board of Education of this city Chicago will be opened Monday evening next in forty-five of the public school buildings. Admission to these schools is open to all, regardless of age.

ONE MASS OF SCALDS. Ailed 3 Years by Dreadful Skin and B'ood In case, with Intense Pain and Loss of Hair. All Other Remedies Fail, Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the CUTICURA REMEDIES. They have cured me in four weeks that which had ailed me for three years. At certain times, my skin would be very sore, and always kept itching and peeling in the most distressing manner. My hair fell out in great masses. When in the cold air the pain was intense. It would almost bring tears to my eyes, and my blood would be so poor that I could not get on my feet. I have tried every known remedy that was recommended to me, but it was of no use and gave me no relief. I have now used CUTICURA REMEDIES, and I am glad to give them a trial. The first application gave me almost instant relief. In a few days my skin was soothed, and my hair began to grow again. I am now well and happy, and I can truly say that I have been cured. Your CUTICURA REMEDIES are a blessing to those who suffer from such troubles. I can recommend them to any one.
