COMPLIMENTING EACH OTHER MANNERS
Fenton and Jarvis Make their Maiden Efforts in the Senate—Harris Will Ask the Senate to Complete the Bill Before Adjournment Today.

WASHINGTON, June 22.—Quite a number of bills were passed before the consideration of the tariff bill was resumed by the senate today.

The house bill to incorporate the supreme lodge, Knights of Pythias, was reported favorably by Senator Faulkner and was immediately passed.

The following bills were also passed: Senate bill for the relief of Charles College, Missouri (being a payment for the use of property during the war); senate bill appropriating \$40,000 for the investigation and tests of American timber by the forestry division of the Agricultural department; senate bill making the first Monday in September of each year (Labor day) a legal holiday; house bill granting to citizens of Saeleto, Cal., certain rights over Lime Point military reservation.

Mr. Kyle then took the floor. He made a general argument favoring the income tax dwelling on the declining farm values and the weight in the hands of the few.

At the conclusion of Mr. Kyle's speech Mr. Vest offered his amendment to the income tax sections. The most important was one to reduce the exemption from \$4,000 to \$3,000; another exempted from the tax the income of the stock and bond associations making loans only to their shareholders; another provides that in reckoning the profits of corporations for taxation actual operating expenses, losses and interest on fixed indebtedness shall be excluded.

The other amendment was as follows: In section 52 (title 2) that mutual life insurance companies shall not be required to pay an income tax upon the sums repaid to their policy holders or interest on the surplus premiums held by such companies.

The following is added to the exemption clause of the same section: EXEMPTIONS TO THE TAX. Providing that charitable, beneficial and other societies shall not be subject to the operations of the income tax.

Providing that charitable, beneficial and other societies shall not be subject to the operations of the income tax. The bill was passed by a vote of 52 yeas and 40 nays.

Mr. Sherman followed Mr. Teller in opposition to the income tax. He said that the tariff bill was proposed not defended even as a war tax.

FOUR YEARS TO TRACE HIM

Prominent German Official Tries His Hand at Letter Writing.

SCANDAL IN GERMAN COURT CIRCLES
Master of Ceremonies in the Kaiser's Court Count von Kotze, Arrested for a Vile Offense—Anonymous Anonymous Letters.

BERLIN, June 22.—The Cologne Gazette has caused a sensation in court and other circles by announcing today that Count von Kotze, one of the masters of ceremonies of the imperial court, was arrested on Sunday last on a most extraordinary charge.

The arrest of Count von Kotze is the result of four years' patient police investigation. During all that period members of the highest aristocracy of Germany have been in receipt of anonymous letters and postal cards. These missives in most cases were used by the anonymous writer to make the most indecent personal accusations either against the persons to whom they were addressed or against their intimate friends of dearest relatives.

Nothing seemed too vile for the anonymous writer to intimate of the objects of his venomous attacks, and the result was that very bitter feelings were caused in many worthy families.

In some instances, however, the persons who received these scandalous communications placed them in the hands of the police. The police, in turn, personally examined the source of these despicable communications.

On Sunday last Count von Kotze, returning from a visit to Schreiberhau, Prussia, was arrested in this city by General von Hahnke, chief of the emperor's military police, who had been notified by the police.

Shortly after the arrest, upon the suggestion of General von Hahnke, Count von Kotze was taken to the police station, where he was examined by the police.

The local Anzeiger says the prisoner protests his innocence, in spite of the overwhelming proof against him. It is thought possible the case will come before the law courts, owing to the general belief that the master of ceremonies is insane.

Count von Kotze was formerly a captain in a Uhlan regiment. He retired from the army in 1884, but is still a member of the army reserves and was very popular in society.

The Klein Journal says that since von Kotze's arrest four anonymous letters have been written in his name, written in different hands, and in different styles.

Under the circumstances it is impossible that von Kotze could have been the author of these letters.

POSITION OF THE ACCUSED COXEYITES
Majority Were Only Trying to Get East, but Are Construed as the Cause of a Result of their Vicious Associates.

SIDNEY, Neb., June 22.—(Special Telegram to The Bee.)—The trial of the seventeen Coxeyites for contempt of court has occupied the entire day and at adjournment there were twenty-eight witnesses examined today and tomorrow twenty more will testify.

The evidence today showed conclusively that the men were at Julesburg the night the engine was taken out of the round house, but these particular seventeen had no hand in it.

The defendants claim that they were simply trying to get east as fast as possible and that the men who took the engine are the ones who were in Julesburg.

Some of them have the appearance of hard working men, who were so unfortunate as to be in Colorado during the time the mines were all shut down.

There is no question from the testimony but that the largest part of the brigade will be held and their sentences here, as no better place could be provided.

There are yet 175 Commonwealths to be tried, and from present indications Judge Dimly and Commissioner Frank will occupy the major part of next week.
