

NEED GOD FOR A PARTNER

Wants of the American People as Described by Rev. John Gordon.

TIMES ARE FULL OF OMINOUS SIGNS

Wrest Distress Due to an Elimination of... Police Picnic at Blair.

At the Westminster Presbyterian church last evening Dr. Gordon delivered a short sermon of a patriotic character on the topic: "God's Call to America." He said: "The 118th anniversary of our independence comes upon us at a time when there is an unusual ferment and movement among the nations. Those who, by reason of their historical studies and their knowledge of past events, are best qualified to express an opinion, say that we are in the very midst of a pivotal epoch like nothing so much as that when the Roman empire went to pieces, and many feared the world was going to pieces."

Note the danger signals thrown out. I venture to say that ten years ago we would have all stood aghast at the spectacle of bands, some of them a thousand strong, marching across the country levying unwilling contributions and terrorizing helpless communities as Sicilian brigands still do, as the feudal lords of the middle ages did. Within the week the executive general of the United States has asked for congress a supplemental appropriation to meet expenses incurred by the government in suppressing disorders raised by the "armies" in fourteen states and two territories in this year 1894. The year is just half spent, and even since the attorney general has applied to the government for a bill to be passed to interfere in additional states. Note the significant fact that this covers more states than succeeded thirty-five years ago. This is ominous.

Even more ominous is the fact that the police authorities of our cities are proving utterly corrupt. For weeks an examination has been going on in New York that has proved that the police of the metropolis of our country are in league with criminals and are in the habit of protecting the worst criminals, men and women, for a stated pecuniary payment. This is in a measure anticipated, but the examination, which is still in progress, has shown that the police business men are systematically black-mailed. For instance, the wholesale produce dealers testified that they were all paying at least \$25000 a year to the police, and one of the most reputable business men in New York, when asked why he paid it, answered that he was forced to, either pay or get out of business. I venture to say that the same is measurably true of all large cities, and that in Omaha the police are in league with the most abandoned criminals of the city, and that the alleged picnic at Blair, which is a mere shams, was a mere pretext for a robbery that appalled men who do not profess to be saints and who are familiar with the same side of life.

Very ominous is the fact that France is today mourning over the assassination of its chief executive. It is surrounded by states more or less despotic, some of them frightful tyrannies. The rulers of some of these states are persons who are odious on account of their bad characters, yet it is the president of the French republic, a free state, and a man without a stain on his character or a private enemy, who was assassinated by the representative of organized enemies of mankind, who are bent upon together to destroy civilization. This is ominous. More ominous still is the fact that there seems to be a widespread belief that these men are the highest representatives of modern civilization, and that the law-abiding classes are criminals. It is high time some one said a good word for the respectable people. All honor to our governor, who, at the commencement of the University of Nebraska, publicly rebuked a college professor who had endeavored to destroy civilization. This is ominous. TURNERS AT RUSER'S PARK

Annual Tournament of the German Athletic Societies of Nebraska.

WITNESSED BY TWENTY-FIVE HUNDRED

Street Procession to the Depot with Five Hundred in Line—Winners in the Contests of Saturday—Prizes Captured by Omaha.

The district tournament of Nebraska German Athletic associations was held in Omaha Saturday and yesterday. Ruser's park was the scene of operations on the last date. Altogether about 2,500 people were assembled at the park and thoroughly enjoyed themselves. The special feature yesterday, participated in, as it was, by all leading German societies as well as the Bohemian and Danish turners, was the parade, which occurred in the afternoon from Germania hall at 1:30 o'clock. Accompanied by several bands, the columns, numbering more than 500 turners and others, marched to the Webster street depot, whence cars conveyed them to the park. The tournament was one of the greatest successes ever achieved by the Nebraska Athletic Union. The annual contest and Omaha took part in the annual contest and acquitted themselves well in physical prowess. Concerts were in progress during the entire tournament. Special credit was accorded to the Bohemian Tel. Jed. Sokol, the members of which gave an exhibition on the grounds. The appearance of the Danish turners in their national costumes met with many favorable comments.

In the class prize-turning on Saturday and yesterday forenoon the home team made an average of 42.67 points; Plattsmouth averaged 42.85, and Fremont 35.84, thus giving Omaha first prize. Putting the shot was one of the accomplishments in which Paul Wurl of Omaha distinguished himself. He threw a thirty-five pound weight eighteen feet. Tony Plumbeck of Fremont followed next with seventeen feet six inches. The ball seventeen feet five inches. The 100-yard foot race was run by Markus Strever of Omaha in eleven seconds; Alfred Mohr of Omaha, in eleven and one-half seconds.

In the individual apparatus exercises on the parallel bars Otto Wurl of Plattsmouth won first prize on 55.27 points; Ernest Elsener of Omaha making 54.33; Emil Wurl, Plattsmouth, 52.65; Louis Wurl, Plattsmouth, 52.61; Henry Roth of Plattsmouth, 43.47; and Oscar Nast, Fremont, finishing with 27.54 points. Recitation prizes were awarded to Robert Strever of Lincoln and Robert Unger of Omaha.

In the subordination, comprising dumb bell exercises, lifting of heavy weights, high jumping, hop, step and jump, pole vaulting and rope climbing, in which all the turners were engaged, the highest average was made by Otto Wurl, of Plattsmouth, who scored 48.68 points being awarded to him, John Kraus of Omaha stood second with 45.75 and the individual apparatus turning Otto Wurl of Plattsmouth again captured first prize by averaging 55.03 points. He was closely followed by Ernest Elsener of Omaha with 54.47.
