

KILLING PONIES FOR FOOD

Celestials Out Off from Supplies and Are in a Sorrow Plight.

DISCHARGING FOREIGN NAVAL EMPLOYEES

Japanese Suffering from Excessive Rains but Protected from a Large Hostile Army by the Floods-Chinese Transport Wrecked.

SHANGHAI, Sept. 10.—It is reported that the Chinese forces are cornered in northern Corea without supplies and are killing their ponies for food. All the foreign employes in the Japanese dock yards have been dismissed. This was done in order that the extent of the injuries to the war ships of the Japanese navy should not become known. The steamer Yawee Kaman has been docked at Nagasaki to undergo repairs for the damage she has received. The dock is closely guarded and no particulars in regard to her injuries are obtainable from the native press.

The Chinese transport Chean, while proceeding to Formosa with 1,400 troops on board, was wrecked in the Chee-Tang pass. A panic occurred on board when the steamer went ashore, but all the soldiers and the crew were landed safely in her boats. There is no hope of saving the transport.

On Saturday last some Chinese officials boarded the French mail steamer en route to Japan and ordered the crew to take the Japanese officers coming from Europe, who were said to be returning home on board of her. The captain of the steamer refused to allow his ship to be searched and was obliged to threaten to ask for the assistance of a French war ship before the local officials withdrew.

It is reported on good authority that the blockade of Japan, maintained by the ministers of war and marine, yesterday was more serious than at first supposed. The first estimates placed the number of killed at ten, with twenty injured. It is now stated that from forty to sixty were killed or injured. Twelve dead bodies have already been taken from the wreck. Minister of Public Works has ordered that all the railway stations and all the bridges be closed.

DOUBLED THE FIGURES.

Number of Dead and Wounded in the French Railway Accident Increasing.

PARIS, Sept. 10.—The disaster to the Paris and Cologne express train at Apilly, between Noyon and Soissons, yesterday was more serious than at first supposed. The first estimates placed the number of killed at ten, with twenty injured. It is now stated that from forty to sixty were killed or injured. Twelve dead bodies have already been taken from the wreck. Minister of Public Works has ordered that all the railway stations and all the bridges be closed.

It is definitely stated that the accident was due to the slow starting of the freight train at Apilly. The engineer of the express saw the cars on the line and reversed his engine. The shock of the collision was by the engine, which was the cause of the accident. As soon as the accident became known a number of priests and physicians hurried to the railway station and did everything possible to assist the dying and injured.

The report that the station master at Apilly had committed suicide by jumping in front of the express train when he saw a collision was inevitable turns out to be incorrect. The station keeper ran along the track while trying to sign the train to stop. In view of the fact that the train was in its way, and was caught between the trains and killed. It seems certain there were no Americans among the killed or injured.

BERLIN, Sept. 10.—Business Courier today publishes an interview with Dr. Witte, the Russian minister of finance, in the course of which he says that the czar desires to be at peace with the whole world. It is a great mistake, Dr. Witte adds, to suppose that Russia is desirous of peace for the sake of France. The Russian are convinced of Emperor William's policy of expansion and believe that peace and it is lamentable that the armaments of the nation continue to be enlarged when the three emperors desire peace.

Radical Made a Strong Showing.

PARIS, Sept. 10.—The election of a member of the Chamber of Deputies to represent Paris-Sud-Ouest, in which M. Casimir-Perier, recently elected president of the republic, took place yesterday. The result of the voting was: M. Edmond Robert (moderate republican), 4,083; M. Bachmont (radical), 3,201; M. Paul (socialist), 1,382. In view of the fact that M. Robert did not obtain a majority over his two opponents, a second ballot is necessary. The strong showing made by the radical candidate is a surprise in official quarters.

FUNERAL OF THE COMTE DE PARIS.

LONDON, Sept. 10.—It was definitely decided this morning that the funeral of the comte de Paris is to take place at Weybridge, Surrey, on Wednesday. The coffin will be carried by a hearse and covered with black velvet. The mountings are of silver and the plate bears the name, date of birth and date of death of the comte. Interceded with the bears and the arms of the Orleans family.

ALBAN LADY ABANDONS.

GLASGOW, Sept. 10.—The Allan line steamer Asyrina, which sailed from Montreal on August 29 for here, is grounded at Dunbarton. She remains fast ashore. Tugs have been sent to assist her. The Asyrina is a British vessel of 3,970 tons gross; 309 feet long, 42 feet beam and 25.1 feet deep. Her hulling port is Glasgow.

France Won't Let Leo Arbitrate.

LONDON, Sept. 10.—A dispatch received here today from Rome says that the pope here has expressed a wish to arrange the troubles between China and Japan, but was prevented by France, who feared that the intervention of the church would undo the work France was carrying on in the east.

Cholera Cases in Holland.

AMSTERDAM, Sept. 10.—One new case of cholera and one death from that disease were reported here today. At Maestricht there has been an additional death from cholera and one more case.

Archbishop To Resign Resigns.

NEW YORK, Sept. 10.—It is reported here that Cardinal Tscherschner has resigned the archbishopric of Quebec owing to failing health, and that Mr. Begun, coadjutor, will assume the work.

Admiral Kirkland Arrives at Plymouth.

PLYMOUTH, England, Sept. 10.—Commander William A. Kirkland, U. S. N., who succeeds Rear Admiral Erben in command of the European station, has arrived here.

Assets for the Sale of the Cable Cars.

NEW YORK, Sept. 10.—The Central Trust company filed a bill in the United States court today asking for an order for the sale of the property of the Denver City Cable company, which has defaulted in the payment on mortgage aggregating about \$4,500,000, and the appointment of a new receiver

WORK A GOLD WATCH.

Police Officer Interrogated by the Lexow Committee. The Green Goods. NEW YORK, Sept. 10.—The investigation of the police department was resumed today by the Lexow committee. Mr. Goss was the inquisitor-in-chief. He first stretched Detective Sergeant Charles A. Hanley upon the rack. A handsome gold watch which Hanley carried served for a text for Mr. Goff's interrogations, which were directed to showing the police was on too friendly terms with the neighborhood for the good of the public; that persons who had been robbed and whose property found its way to the pawnshops were obliged to pay a percentage of the value of the money advanced before they would be permitted to reclaim that which had been stolen, and that it was not an uncommon thing for the police to receive valuable articles at ridiculously low prices.

Mr. Goff also questioned Hanley as to his relations with one Jimmy McNally, known as "the green goods king." The interrogation implying that the thief-taker had accepted gifts at the hands of a man whom he denounced as a thief.

Mr. Hanley was asked if he ever received money from McNally and made an unequivocal denial, which was followed by the question if he had not received from McNally a pair of diamond-tipped lamps. "I don't know anything about the lamps; my wife got them," was the detective's reply.

Mr. Goff then asked if he had ever traced at the afternoon session of the committee. Mrs. Hanley was placed upon the stand. She claimed that she bought the lamps for \$20.

Alonso Sloane, who admitted after some hesitation that he had been for eight years in Japan and had been in the possession of the green goods men, was the next witness. In the letter in evidence, Sloane complained that he was not well treated by the Japanese forces north of Seoul are suffering from the effects of the rain. Much sickness is also reported to prevail in the Chinese camps. The Chinese troops are camped on the north bank of the river Imchin waiting for favorable weather to attack the Japanese position a few miles north of Seoul.

It is reported on good authority that the blockade of Japan, maintained by the ministers of war and marine, yesterday was more serious than at first supposed. The first estimates placed the number of killed at ten, with twenty injured. It is now stated that from forty to sixty were killed or injured. Twelve dead bodies have already been taken from the wreck. Minister of Public Works has ordered that all the railway stations and all the bridges be closed.

The shock of the collision was by the engine, which was the cause of the accident. As soon as the accident became known a number of priests and physicians hurried to the railway station and did everything possible to assist the dying and injured.

RUMOR OF A BIG MASSACRE.

Government Survey Party on the Mexican Boundary Said to Have Been Murdered.

SAN FRANCISCO, Sept. 10.—A rumor is current here that a governmental survey party has been massacred on the Rio Grande. The latter city has been twice visited for confirmation and particular.

WASHINGTON, Sept. 10.—No information has reached the government officials here regarding the reported massacre of a surveying party in the vicinity of El Paso. Several government surveying parties have been at work in the neighborhood of the Rio Grande. The latter city has been twice visited for confirmation and particular.

It is definitely stated that the accident was due to the slow starting of the freight train at Apilly. The engineer of the express saw the cars on the line and reversed his engine. The shock of the collision was by the engine, which was the cause of the accident. As soon as the accident became known a number of priests and physicians hurried to the railway station and did everything possible to assist the dying and injured.

The report that the station master at Apilly had committed suicide by jumping in front of the express train when he saw a collision was inevitable turns out to be incorrect. CARED FOR HIS RELATIVES

Secretary Morton Charged with Providing for Nieces and Nephews.

CIVIL SERVICE RULES WERE IGNORED

Nephew Was Not a Citizen, but He Got a Good Job—Private Secretary in the Same Fix—Both Have Resigned.

WASHINGTON BUREAU OF THE BEE, Sept. 10.—The New York Herald in particular and many other newspapers printed on the Atlantic coast are making liberal extracts from advance sheets of the republican campaign handbook, which contains numerous charges against Secretary of Agriculture J. Sterling Morton for persistent violation of the civil service law. It is alleged that in defiance of the civil law Secretary Morton has appointed the nephews and nieces of his wife, consisting of three women and one man known as the Skinner family, not one of whom has ever passed a civil service examination. Mr. Skinner receives \$1,200 a year in the department printing office in place of a man who was receiving only \$1,000. Skinner is a subject of Great Britain and has never taken out naturalization papers.

The books of the Civil Service commission show that these facts having become known to the commission, the resignation of George D. Skinner was demanded and presented on the 1st day of September. The landlady of the boarding house where Skinner and his three sisters were lodged, was appointed as his private secretary a young Swedish named Carlson who had never been naturalized as an American citizen. Carlson resigned as soon as he knew that charges were pending against him.

OMAHA DEPOSITORIES CHANGED.

The acting secretary of war has received a letter from the Secretary of the Treasury Department, informing him that the depositories of public moneys of the Omaha National bank, and for the transfer of the balance thereof to the National Bank of Chicago, and the War department to like credit with the United States and the Merchants National Bank of Omaha. The following postmasters were appointed today: Nebraska—James, Jefferson county, Conrad Bruner, vice B. A. Giff, resigned; Kansas county, Edward Scully, vice D. C. Adams, resigned.

ADULTERATION OF FOOD.

Fifteen Per Cent of the Total Amount Consumed is Adulterated.

WASHINGTON, Sept. 10.—A question of adulteration of food and drugs in this country is discussed in detail in the report of Special Agent Alex J. Wedderburn of the Agricultural department. After referring to the fact that the public ideas of adulteration of food articles are in many cases much exaggerated, the report says: "The attention of foreigners has been drawn to the fact that greater adulteration exists in this country than in any other country.
