Annual Church Meeting
Society of the First Congregational Plans for the Future

The annual meeting of the First Congregational church and society was held on Wednesday evening and matters of great importance to the church and others concerned were adjusted.

For almost three months the pastor, Rev. Dr. Joseph T. Duryea, has been suffering from nervous prostration, which has prevented any service on his part in connection with his church and people.

The highly colored and outrageous exaggerations of destitution in the drouth counties as published in New York, Boston and other papers have just simply sandbagged the state of Nebraska.

The election of Governor McIntire in Colorado is going to have a marked effect on business and industry in the southern part of the state.

It was decided to continue the envelope system for revenue, and a general repledging of loyalty during the coming legislative session.

Charles F. Goodman, one of Omaha's prominent citizens, at least.

At 9:45 o'clock yesterday morning, surrounded by members of his family, the soul of Charles F. Goodman took its flight, death coming so quietly that the husband and father appeared to be passing into a gentle slumber.

For a number of years Mr. Goodman had been a sufferer with Bright's disease, which was the immediate cause of his death.

Mr. Goodman was born in Germany in 1834, and came to America when 18 years of age.

Before locating in Omaha he conducted a prosperous business in drug and patent medicine in Petrolia, Pa., and was widely known throughout that region.

Mr. Goodman always took an active interest in the affairs of his adopted state and represented this district in the legislature for several years.

Mr. Goodman was a member of the Board of Education, of which he was president. He was also a member of the city council from the first ward.

The funeral will be held from the residence at 1 o'clock next Monday, with interment at Forest Lawn.

BOARD OF HEALTH.

New Members Take Hold-Officials Make Their Annual Reports.
The first meeting of the new Board of Health, in which Councilmen Thomas and Gordon succeeded Bruner and McAndrews, was held yesterday afternoon, with all members in attendance.

The report referred to the improvement that had been made in the regulation of the milk business and stated that during the year the population of Omaha had been cleaned up in excellent order and was in better sanitary condition than at any time during recent years.

The cost of running the department during the current year with these changes was estimated at \$14,000, of which \$10,100 was for salaries.

The report of the registrar of vital statistics showed that there were 223 births during the year for 1,000 inhabitants.

The report of the meat inspector showed 481 pounds of mutton, 1,875 pounds of mutton and 7,265 of fish.

What's the matter with the griddle cakes?
"Why, I forgot to use Dr. Price's Baking Powder."

"Business in Nebraska will be on a better basis this year than preceding time," said Charles Street of Chicago at the Peoria convention.

"One product of the late panic will be to place everything on a cash basis as much as possible and I am already seeing the effects of it out in the state.

DUNN ESCAPES A SENTENCE.

Judge Dundy Took Pity on the Man and Let Him Go.
There was a somewhat dramatic scene in Judge Dundy's court yesterday when John Dunn of Nebraska stood up to be sentenced for supplying a Sioux Indian with liquor.

Dunn is an old soldier and a widower. He would have been left unprotected and alone to fight the battles of the world if the father had not been placed in prison.

"How much of a family?" asked Judge Dundy.
"Two children," was the reply.
"Where is the mother?"
"Dead, sir."

Judge Dundy paused for a few moments. "That means have you for your disposal to turn over to your children when you go to jail?"
"Yes, sir," answered the judge.

The prisoner drew from his pocket a piece of paper and laid it on the judge's desk. It was a honorable discharge as a soldier from the Fourth New York regiment after three years of active service for his country.

Dunn struggled manfully to keep back the tears.
Judge Dundy is the possessor of a large-sized heart and after giving Dunn some excellent advice he suspended sentence until the May term of court. If Dunn behaves out himself in the meantime he will keep out of jail.

George Ball of Rushville, recently indicted for selling liquor to Oliver Twist, an Indian, was arraigned. True to his name, Oliver passed up his cup for more alcohol he had accumulated a large-sized Sioux jaw. Then he betrayed Ball and the latter was promptly brought in by Deputy Liddard.

"Do you any family?" asked Judge Dundy.
"No, sir," meekly replied Ball, who is a raw-boned specimen of the genus equally great, and which you can only buy at N. W. Cor. 16th and Douglas.

STILL HE GOT THE DUCKS.

Yesterday Judge Scott discharged from the county jail a boy named Howard Litt, who had been ordered to confinement in the battle for the space of one day, and until fine of \$16.50 was either paid or boarded out.

A couple of days ago Howard was animated with the idea of pursuing the wild game of the prairies. The fact that at this time of the year such pursuit is strictly prohibited by the laws of the commonwealth did not enter at all in his calculations.

He took down the shot gun from the wall, and wandered forth with the spirit of Nimrod in his soul. His first place of operations was southwest of South Omaha, where he struck the trail of a flock of ducks.

With indomitable courage and skill he tracked them up and arrived within shooting distance. He put his trusty weapon to his shoulder and brought several of the wild and free fowl to the earth with a thud.

The family of Litt had every expectation of having roast duck for dinner that day.

But the hunting operations of Howard had over his exhilaration at having brought the wild denizens of the skies to mother earth, he was rudely awakened to the fact that he had been violating the laws. Justice of the Peace Montgomery ruled against South Omaha, and before him the youthful offender was brought.

After due and deliberate consideration had been given to the case, the court decided that for the aforesaid violation of the law the culprit should be incarcerated in the county jail for the period of one day and should further pay a fine of 50 cents and costs. This was not much for a number of big fat ducks, one would say, and Howard would have had no thought so either if he had had only fifty cents, or if the costs figured up \$16, and that put a different aspect on the case.

Nevertheless Howard was transported to the county jail.

Travel around the world and you will find Dr. Price's Baking Powder everywhere.

Warner's Safe Cure.
A remedy that can be found in the bazaars of India, at the fairs of Russia, on the equator at Singapore, in the far north at Stockholm, under the Southern Cross of Australia, and in every city and hamlet in Europe, Canada and the United States, must possess remarkable power for the healing of the nations.

Warner's Safe Cure is a medicine with a history. It has revolutionized the treatment of Bright's disease, and to-day stands without an equal for the cure of all kidney, liver, urinary and female diseases.

The inhabitants of the civilized world say so. Offices and laboratories are established at London, Eng.; Rochester, N. Y.; Melbourne, Aus.; Toronto, Ont.; Paris, France; Frankfurt, Germany; Dunedin, N. Z.; Kreuzingen, Switzerland; Bombay, India.

You make no mistake in buying and using a medicine which bears the stamp of the world's approval.
