

CATHOLIC KNIGHTS ADJOURN

Report of Committee of the Whole Generally Sustained Yesterday Afternoon. NEXT CONVENTION TO B. HILD AT MOBILE

Edward Feeney of Brooklyn Elected President After a Spirited Contest—Several of the Old Officers Are Re-Elected—Business of a Busy Day.

The committee of the whole of the supreme council of Catholic Knights arose at 3 o'clock yesterday afternoon and the convention resolved itself into supreme council to dispose of the report.

A resolution of thanks was unanimously tendered to the citizens of Omaha, John Itshak, George Paul, Jerry Whalen and the local branch of the Catholic Knights of America, the press of Omaha and the officers of the Nebraska National Bank for courteous treatment extended during the sojourn of the delegates in Omaha for the past week.

The supreme officers were also thanked for faithful services rendered. After completing their routine work of the convention, the next order of business was the nomination of a place for holding the next convention, in 1897.

IT GOES TO MOBILE. Michael J. Weller, delegate from the District of Columbia, nominated Washington in an eloquent speech, in which he said: "Washington, the capital of this glorious nation, is in the lap of Rome, and cited the advantages of that city as a place to hold the next convention."

Judge Coleman endorsed the sentiment of the preceding speaker. Delegate J. P. Simpson of Alabama made a witty and telling speech for Mobile. Among other things he said that if the delegates came to Mobile for the next convention, with signs of "Keep off the grass," which, he said, was distinctively Washingtonian.

The vote resulted in 238 votes for Mobile and 186 votes for Washington. The choice was made by unanimous action. Delegate Weller of Washington, Delegate Simpson of Alabama thanked the convention in behalf of the Catholics of the south.

ELECTION OF OFFICERS. The convention then proceeded to the election of supreme officers for the ensuing year. Mr. A. J. Kirschner of Toledo, Ohio, was elected for the position of supreme president, but promptly declined. Other nominations were introduced by Edward Kerschner and Charles P. Hannauer of St. Louis.

who desire to join the organization. The present age limit is 50 years. Immediately after dinner Supreme Treasurer Kirschner announced disbursements for mileage and per diem and the delegates were paid upon presentation of vouchers.

ADDRESS OF FATHER LAMBERT. His Majesty of the Spirit and Character of the Catholic Knights. It was unanimously decided yesterday at the Catholic Knights convention that the address of Father Lambert and Most Reverend Archbishop Gross, delivered during the sojourn of the knights in Omaha, be printed in the official organ of the order.

"When I behold this grand assembly before me, your supreme spiritual director, the most revered archbishop, to preside, with so many distinguished clergymen to do you honor, and with men right beneath this pulpit who have fought and bled upon battlefields, with so many representations of that honorable body of noble men, the Catholic Knights of America, who make it their duty to go back to bygone years, when the holy places of Jerusalem were being desecrated by the Turks and Mohammedans, and when the holy father, the most reverend pontiff, gave his blessing to a holy man of God, to go forth and stir the hearts of Catholic Europe, to fly to the rescue of these Christian brothers in the east, and as he described the abomination of desecration of the holy places, and the blood of the cross was seen upon every shoulder of every brave heart; and they went to Jerusalem, to die for their faith."

FOR THE CHURCH'S DEFENSE. "In our day the battles of the church are not fought with sword or cannon. Her enemies, grown wiser and more cunning, look not to blood and iron, but to the subtle arts of the great purpose of doing away with her Christianity, impugner her doctrines, persecute her children in secret, and by the political machinations of their hate, to bring the holy mother church to her Catholic sisters as her great means of defense. The Catholic church is the only true church, and faithful children should league together in Catholic societies, who shall stand up shoulder to shoulder, and breast to breast, for the good of God, for church, for country."

"At the preaching of Peter, the Hermit, at the exhortations of pope and archbishop, the Catholic knights of America, rallied to the front and Christianity and the world was saved. In our own days the terrible storm of the Kultur Kampf, which is being waged by the Catholic Germans, guided by their imperial Catholic gentlemen as Mainkrook and Lindenberg, is being waged with a power as Prince von Bismarck, and if the Catholic church of Germany now occurs to the thought of the Catholic church of America, it can point also to Belgium. In the dreadful effort of infidels to destroy the Catholic rights of that noble land, the Catholic knights of America united, defeated the enemy's attack and saved the liberties of the holy church in Belgium."

"And while we all regret that in fair France the liberties of the holy church are so trampled under foot, we know that our holy father, the greatest of kings, who is the opinion of the Catholic world when he urged the Catholics of France to imitate the brave brethren of the Kingdom of Poland, one grand Catholic party, which could sweep overboard the iniquitous oppressions that now weigh down the holy church in that country."

"In our favored land we have felt no need like that which has befallen the Catholics of other lands, and we have no need to think that they have nothing, or can do nothing to promote holy religion in our grand republic. They have the same duty to be done by the clergy. Yet there have been some Catholic laymen who have done noble deeds, and we mention only such names as that of Orestes B. Brownson. To promote this public Catholic spirit among our people, I know of nothing better than this Memorial Day observance, which is a noble and among all such societies, for true, brave, spirit, loyalty to our holy faith unrivaled, stands the Catholic Knights of America."

MEMORIAL DAY PLANS. Further Plans as Agreed on by Committees Last Evening. About thirty representatives from the Grand Army posts and other patriotic organizations participated in perfecting Memorial Day preparations. The meeting was called to order by Dr. Christie, chairman, and several committees were heard from.

Rain Water Maker.

The fire chief was seen by a reporter, and said: "I have a number of samples of Kirk's Rain Water Maker were left with me for distribution among the men employed in the fire department, and they have been generally distributed throughout the department. I have never before used any preparation as to its merits for some time. It meets with universal praise from all and it is undoubtedly a great preparation. Some of the men used it in the water which is used for washing the horses at harness; the results are most gratifying, and since the sample packages are gone there is hardly a day but some of the men ask that some more of it be sent to his quarters. I have used it in the water in water prepared with Kirk's Rain Water Maker and it makes them simply elegant and as soft as can be. I also used it in the water I used to wash my white shirts. You can see the soft and white. You can see that it is the finest thing of the kind I have ever seen and that I would advise every one who has to use hard water and desires something better, that the only way to get such excellent results is to purchase some of this preparation and give it a trial, and if the directions are followed gratifying results will be obtained."

I received the sample I received and immediately purchased some more. It makes the hydrant water as soft as rain water, and the clothes are very beautiful, white and soft after coming from the wash. The beauty about this preparation is that my delicate fabrics and there are no bad effects to the hands. It is a pleasure to recommend such a valuable preparation."

Mrs. A. O. Higgins, widow of the deceased Judge John C. Higgins, formerly of Columbus, Neb., and residing at 523 S. 25th avenue, says: "I secured a sample of Kirk's Rain Water Maker and have only tried it for bathing purposes.
