

COMMERCIAL AND FINANCIAL

After Numerous Fluctuations Wheat Closed an Eighth Higher Than Wednesday.

PROVISIONS WEAK, CLOSING AT DECLINES

Corn and Oats Closed Exchanged—Efforts of Shorts to Cover Forced Up Wheat Prices and on Declines Buyers Came to the Rescue.

CHICAGO, June 20.—After an early decline and a hard struggle around 7 1/2 wheat wound up at 7 3/4 today, or 5/8 higher than yesterday. Fair export business prevented a decline. Corn and oats closed unchanged, but provisions were weak, closing at declines. Export business, it was said, was around to maintain wheat prices even around the New York reported six local buyers taking their orders for foreign shipping yesterday, and claimed to be working more today, but no great enthusiasm among buyers was observable for some time after the export business had been known to be in the market. The first trading at the opening was at 7 1/2 to 7 3/4, at which prices the offerings were light. The shorts seemed satisfied to keep their wheat at the opening figure, and it was almost entirely to their efforts to do so that a quick rise to 7 3/4 took place. Following that it had a break to 7 1/2 and then rose to 7 3/4 under the influence of the export news. The general tenor of the market business was in favor of an advance, about the only bearish feature being the decline in the price of Duluth receipts were 19 cars, against 20 cars last year and 25 cars in 1894. Chicago received twenty-one cars, including nine from Illinois and thirty from other sources. The wheat at considerably over the July price for shipment to points in Tennessee and Missouri, and the rest of the country. The influence of the market news was in favor of an advance, about the only bearish feature being the decline in the price of Duluth receipts were 19 cars, against 20 cars last year and 25 cars in 1894. CLOSE OF THE J. O. U. A. M. MEET

Harquet at the Millard the Feature of Last Evening.

At the Millard last evening the Junior Order of United American Mechanics were wined and dined by the proprietors of that hostelry.

The large dining halls were dressed of floral beauty and the guests were royally entertained by the generous host.

It was the finale of the national council of the organization which has been in session this city for several days. One of the best features was saved for the last. A vote of thanks was unanimously tendered to the hotel management for the hospitality which was extended.

CASHED A CHECK NO. 8113

An Italian Who May Be Complainant Against Forger.

Salvatore Drothel, an Italian, was yesterday afternoon arrested by Officer Bavenkamp. He was charged with larceny, but in all probability this charge will be changed to forgery.

In the afternoon Drothel was in the Boston street, and while there he found a check on the floor. The check was for \$5 and was made payable to H. Hall. He at once went to the office of Ernest Belmont at Sixteenth and Dodge streets and represented himself to be Hall. He claimed that he received the check in payment for work, but that he was not the person named on the check. He endeavored to get Belmont to endorse it for him, and the latter, believing Drothel to be a bank clerk, received the money for the check.

Later it was learned that the check had been lost by the cashier of the bank, and that it was made payable was visited, but by the time the check had already been paid.

PLACED IN AN ORPHANAGE

Five Children Rescued from a Crael Father

Pat Gallagher, who lives on the corner of Twenty-second and Clark streets, will not throw his children out of his house any more. Several days ago Pat came home drunk in the afternoon and threw his five children, ranging in age from 3 to 15 years of age, out of the house, and kept them out all night, barricading himself inside. The children were cared for by the neighbors, but in addition to this, although he is earning a good salary, he has failed to support them properly. Yesterday Police Matron Cumming succeeded in placing five of the children in the Boston orphanage. The fifth, a little girl between 6 and 7 years of age, was refused admittance because she was not wearing clean clothes. It is believed that she might appear among the children in the house, who number nearly 100. The matron is now trying to find some charitable family to take care of the little girl until she can be placed in a permanent home.

FORGED A BLOCK OF BONDS

Large Issue of Fraudulent Securities Offered in Eastern Cities.

LOS ANGELES, June 20.—Forty thousand dollars worth of security, purporting to be bonds of the National Educational Association next month. There has always been a generous slashing of the agreed rates during the last few days preceding the annual convention of this organization and all sorts of rumors are floating around as to what will be the result of the year. One of the one of the eastern trunk lines wired to Chicago that it was reported in Cincinnati, Indianapolis and other cities that the cuts were being made in the rates and he wanted the truth about it. If the truth was obtainable, the general fear seems to be that the rate will be raised. The Chicago excursion rates to Denver. The telegram had the effect of creating a large amount of uneasiness among the people of Chicago. They have any direct knowledge that the rates have been cut. There is no apparent reason of any sort why the rates should be raised. It is believed that the rate will be raised. It is believed that the rate will be raised. It is believed that the rate will be raised.

Misswaukee Grain Market.
