

INSURGENTS ARE UNITING

Having Bands Getting Together for Some Concerted Movement.

BATTLE ON THE BORDER OF MATANZAS

Spanish Under Colonel Mallenas Meet the Rebels Under Lacerda—Weyler Tries to Prevent a General Movement.

HAVANA, Cuba, May 3.—New York World.—Special Telegrams.—Colonel Mallenas' fight with Lacerda's force on the border of Matanzas and Santa Clara provinces shows that the insurgents are uniting their roving bands for some concerted movement.

General Weyler is yet to be heard from. General Weyler is exerting his whole military power to check any general movement of the Cubans.

Havana is eagerly awaiting further news of the battle with Maceo in the west and of the battle with Lacerda in the east. No one can understand why the news of an actual victory over an entrenched camp of Maceo was not given out until two days after it occurred, although the details were flashed to Havana by telegraph.

Details of the march of General Inclan from the position he captured are not obtainable, nor of the brave work by his rear guard as the night came on, and he made his way rapidly to the coast. Special reports from the position he held last night to bring in the Spanish wounded.

No one knows why General Bernal failed to arrive with his column in time to assist Inclan.

JAMES CIEBELMAN.

FILIBUSTERS NOT YET EXECUTED.

Fight Between Spanish Troops and Insurgents Near Matanzas.

HAVANA, May 3.—Reports of the execution of members of the crew of the schooner Competitor captured as filibusters are untrue. Admiral Navarro, who must conduct the trial, is absent from here.

The guerrilla captain Pizarro, with three sections of the cavalry of Lleras, left Mariano, Havana province, to pursue the insurgents. He met a body of them, largely superior in numbers, near Managua and promptly charged them. After a fight they were dispersed, leaving seventeen killed, together with a certain amount of arms and some machetes. The troops had one guerrilla killed and eleven wounded.

Reports received from various points indicate that seventeen insurgents have surrendered to the authorities.

General Bernal has been summarily recalled from his command and ordered to report to Havana. Presumably this is due to the fact that General Bernal and his column were not on hand to cooperate with General Inclan in his engagement with Maceo at Carajaybar.

In the last engagement of Colonel Tort and Tejerizo, at the plantations of Luisa, Santa Clara, he reported the insurgents lost eighty killed.

Lieutenant Colonel Salgado Ingelso fought the insurgent band of Jesus Aguilar at the plantation of Santa Clara, where he killed and carried off their wounded. The troops had four wounded.

Colonel Etruch, moving in the zone of Matanzas, Santa Clara province, met a band of 1,200 insurgents who had two cannons. They retired after the fight, leaving twenty-three killed and fifteen wounded. The troops had two killed and fifteen wounded.

The insurgent leader, Eduardo Garces, was wounded. Pio Lopez, with the battalion of Cuena, fought the band of Ramero in Matanzas province and dispersed them, killing seven of their number.

MATABALES LEAVING BULWAGO.

Theory that They Are Divided in Councils and Will Not Attack.

CAPTETOWN, May 3.—Communication by wire with Bulwago has been once more restored. Advice from there of Saturday's date says that a coach has started for Mafeking, under a strong escort. The Matabales still surround the town by thousands, but they are taking no aggressive action, and are understood to be divided in council.

LONDON, May 4.—Earl Grey has telegraphed from Bulwago that the Matabales have retired from the immediate vicinity of that town and are concentrating at a distance of about 100 miles. He reports that the Matabales are likely to retire to the Zambesi before the arrival of the relief column at Bulwago.

King Khama (the friendly chief) believes that the Matabales are divided in their councils and will therefore not make a collective attack on Bulwago. His report is that the Matabales are likely to retire to the Zambesi before the arrival of the relief column at Bulwago.

PERFECT ORDER REIGNS IN PERSIA.

New Shah Ascends the Throne Without Any Disturbance.

TEHRAN, Persia, May 3.—Owing to the prompt and energetic action of the grand vizier, perfect order reigns everywhere. The shah's orders on this subject were read to the princes and the chief officials of the court at a public audience on Saturday.

The chief priest at Teheran also proclaimed the new shah, and the announcement of the successor, in the great mosque. All the princes, governors, ministers and officials have pledged their loyalty to the shah.

LONDON, May 3.—The Persian minister at London, Mirza Mohammed Khan, has confirmed his appointment to the new shah, confirming his appointment.

The Times has a dispatch from Teheran which says that the new shah, the shah's orders on this subject were read to the princes and the chief officials of the court at a public audience on Saturday.

ROWE GETS A SENTENCE IN MEXICO.

Iowa Embassador Sent to Helim Prison for Twelve Months for Contumacious Offense.

CHESTER LOWE of Potosi, Iowa, accused of embezzling public moneys, Judge Aguilar last evening imposed a sentence of twelve years and two months imprisonment in Helim prison. The case has been a notable one in the history of Mexican jurisprudence, as Rowe is a citizen of the United States and took out papers of citizenship, hoping thus to evade punishment. But under the penal code an offense committed abroad cannot be punished in Mexico.

Rowe's case will serve as a warning for criminals hoping to find a safe asylum in Mexico. A lawyer before the plaintiff, and Rowe only made him a Mexican to evade punishment that waited him in Iowa for misappropriating funds—\$38,000. He had deserted his family, never having seen his wife, but \$50 from her. Rowe's defenders claimed that the defendant was not wholly answerable for the supposed crimes committed in the United States.

M. Herbetie Will Be Recalled.

PARIS, May 3.—The newspapers confirm the rumor that M. Herbetie, French ambassador to Germany, will only return to Berlin to present his letters of recall.

SENTENCES MAY BE VERY LIGHT.

Kruger's Executive Council Favors Showing the Utmost Leniency.

PRETORIA, May 3.—The decision in regard to the sentences of the minor prisoners who were convicted of lese majeste and sentenced to fine and imprisonment for participation in the Johannesburg raid has been postponed until the 15th. The improvement in the jail here has been completed. No visitors were allowed to see the prisoners today.

LONDON, May 4.—A dispatch from Pretoria to the Times says: The executive council of the South African Republic is strongly considering the advisability of avoiding the inconvenience entailed upon the mining industry by imprisoning the reformers. The suggestion is that the health of the prisoners is improving.

The Daily Telegraph has a dispatch from Pretoria, dated Saturday, which says: "J. H. Hammond, who was arrested last night, is improving. He is allowed to take drives with his father. The prisoners are treated as first-class misdemeanors. From personal interviews I ascertain that all the members of the executive council are inclined to show the utmost leniency to the prisoners. The dispatch also states that, in fact, it is satisfactory to all concerned."

The Daily News says: "It is understood that President Kruger has not yet exhausted the leniency of which he is capable. The Standard (conservative) believes that unless Cecil Rhodes improves his connection with the executive council, the liberals will demand his removal from the cabinet."

The Chronicle says: "It is believed that Cecil Rhodes and Alfred Beit (both of them in London) are now proposing to resign. They will bear between them the entire cost of the Jameson raid, the legal expenses of Jameson's trial and the indemnity to the British government. The indemnity to the British government has been about £500,000, and as Beit has had one of his best years, neither of them will be ruined."

The Daily Telegraph to the Daily Telegraph, dated Friday, says: "It will be impossible for Cecil Rhodes' column (enroute from Salisbury to relieve Bulwago), to leave here for three weeks. The members of the cabinet are in fact with rebels. We are waiting for reinforcements."

The Daily Telegraph also has a dispatch from Pretoria, dated Friday, which reports an interview with F. C. Selous. He believes that the natives will retire north, and that it will be difficult to follow them through the bush. He expects that the Matabales will be big and dangerous guerrilla fighting in the Matopo hills. "The Matabales must be punished," says Mr. Selous, "and examples must be made of them. It will be quite unsafe for the whites for many years. The outlook, therefore, is still serious, the field of operations being unlimited."

HUNGARIANS AT THE CATHEDRAL.

Brilliant Millennial Ceremony in Buda-Pesth Yesterday.

BUDA-PESTH, May 3.—The ceremonies attendant upon the Millennial celebration were continued today. Emperor Francis Joseph and Empress Elizabeth, the members of the court, the diplomatic corps and a large number of aristocratic personages, attended a solemn thanksgiving service in the Matthias church, which was a most brilliant spectacle seen in Austro-Hungary since the coronation of the emperor.

The procession through the streets was brilliant and impressive, by thousands of persons who lined the thoroughfares. The emperor and empress were accompanied by other members of the court, the diplomatic corps and a large number of aristocratic personages, attended a solemn thanksgiving service in the Matthias church, which was a most brilliant spectacle seen in Austro-Hungary since the coronation of the emperor.

Important Astronomical Expedition to Go to Mexico in June.

CHICAGO, May 3.—Sixty thousand dollars have been expended in the construction and equipment of a great observatory, and a number of years of valuable time of two noted astronomers and their assistants will be devoted to what is expected to prove the most important astronomical expedition of the century. The observatory is located in the mountains of Mexico, and is to be one of the two principal scientific workers on the expedition.

Another Independent Distillery.

TERRE HAUTE, Ind., May 3.—George L. Woley of New York, who a year ago built a large distillery here, was afterwards purchased by the American Spirit company, has purchased ground and will at once begin the construction of a new distillery. The capacity of the new distillery is to be 5,000 bushels. It is understood Woley is at the head of a New York syndicate which has secured the output of the plant. The new distillery will be constructed at a cost of \$2,000,000. It is expected to have the plant in operation by October 1.

Traveling Men Commit Suicide.

OSBORNE, N. Y., May 3.—George H. Osborne of Wellsville, N. Y., and Bloomfield, O., shot and killed himself at the Hotel Rozzel today. Osborne was a traveling man, and was also an operator in gas and oil lands in the vicinity of Bloomfield. He is supposed to have committed suicide while in a state of insanity caused by business troubles.

SAN FRANCISCO, May 3.—The United States gambler Concoct, which has been stationed with the Asiatic squadron for the last five years, arrived here this evening from the Orient, coming by way of Honolulu.

Strikers Get Their Demands.

WEST SPRINGFIELD, Mass., May 3.—The forty-eight hours' strike of the American Steel Bar Company returned this morning, having been conceded an advance of cents per day on all repair work in their dock.

UHL SHAKES KAISER'S HAND

New Ambassador to Berlin Introduced to Emperor William.

SPENDS HALF AN HOUR IN THE KAISERHOF

Elaborate Ceremonial Carried Out in the German Capital in the Midst of a Heavy Rainstorm.

BERLIN, May 3.—Today was set for the Berlin audience by the emperor to Mr. Edwin P. Uhl, the new United States ambassador. The audience was given in a driving rainstorm, but the ceremony was otherwise an unqualified success. The entire personnel of the United States embassy assembled in the Kaiserhof, at Mr. Uhl's temporary home, at 2:30 o'clock. At 3 o'clock promptly, Baron Usedom, court chamberlain, whose function it is to introduce diplomats to the sovereign, called with three gorgeous court equipages.

In the first of these rode Mr. J. D. Jackson, first secretary of the embassy, bearing the letter of credence for the new ambassador. Mr. Jackson had acted as charge in the interval, before Mr. Uhl's arrival.

In the second carriage rode Mr. Uhl himself and Baron Usedom, preceded by two outriders, bearing the white and red Brandenburg colors, their uniforms being trimmed with heavy ermine. Mr. Uhl and his officials wore elaborate uniforms, and numerous lackeys were in attendance. The horses were gaily caparisoned.

The Kaiserhof carriage was occupied by the suite of the embassy, including Mr. H. G. Squire, the second secretary of the embassy, and Lieutenant R. K. Evans, the military attaché, the latter clad in handsome regimental uniform.

While driving up Unter den Linden, the military gendarmes marched up to the carriage and presented arms to the roll of drums. The Kaiserhof carriage was occupied by the suite of the embassy, including Mr. H. G. Squire, the second secretary of the embassy, and Lieutenant R. K. Evans, the military attaché, the latter clad in handsome regimental uniform.

Arrived at the Schloss, Baron Usedom ushered Mr. Uhl into the white salon. Only the emperor and Mr. Uhl were present. At the conclusion of an audience of twelve minutes, Mr. Uhl and the emperor and Mr. Uhl were present. ELECTRICITY AS THE EMPEROR.

Wonders of Modern Application of the Fluid to Be Exhibited.

NEW YORK, May 3.—Tomorrow night Governor Morton will open the national exposition of electrical appliances in the Industrial Arts building in this city. Elaborate and it is expected that the attendance will be large and include some of the most distinguished electricians in this country. The convention is that of the national electric light associations, to which delegates have been sent representing more than 10,000 electric light plants in the United States, whose aggregate capital is estimated at \$750,000,000. The Industrial Arts building has been the scene of great activity during the last ten days and nights and an enormous force of electricians and mechanics are at work. The construction of the opening exercises will be the turning on of a current of electricity generated by the waters of the Niagara River. This is the first time the Niagara Power company, which current of electricity will be transmitted over an ordinary telegraph wire of the Western Union company.

WOMEN ARE LIKELY TO WIN.

Methodist Conference Will Allow Them Seats as Delegates.

QUESTION IS TO BE DETERMINED TODAY

German Element Solidly Opposed to Their Admission and May Not Readily Submit—Bishop Fowler Attacks Higher Criticism.

CLEVELAND, O., May 3.—There was but one question on the agenda of the Methodist general conference today. That was whether or not women should be admitted to seats as delegates at the annual conference. Bishop Fowler, of Missouri, presided, read the scriptures and preached the sermon, prayer being offered by Rev. Dr. Upham of Drew Theological seminary. Bishop Fowler's sermon was a powerful arraignment of higher critics of the bible, the speaker aiming to show by biblical and scientific argument that the mass of the criticisms passed on the scripture were without foundation. The address was listened to with marked attention by a large audience. A large number of the ministerial delegates to the conference assembled in Cleveland and surrounding towns this morning and evening.

The delegates are expectedly awaiting the conference's action on the woman question, which is to come the first thing tomorrow. A large number of the ministerial delegates to the conference assembled in Cleveland and surrounding towns this morning and evening.
