

BILL MAY PASS THIS WEEK

Appropriation for the Exposition is Near Accomplishment Than Ever.

ITS FRIENDS HAVE TIRED OF THE DELAY

Partisan Schemes Intended to Give Advantage Through the Measure Will Be Pushed Aside for Action.

LINCOLN, Feb. 13.—(Special Telegram.)—The friends of the Transmississippi Exposition propose to make a determined effort during the ensuing legislative week to bring the bill appropriating \$150,000 for the aid of the enterprise before the legislature for final action, one way or the other.

There has been but one reason why the measure has not been acted upon, and that reason is compressed within the word "politics." This assertion has been made and reiterated during the past week, and it is a fact that the fusion majority in the house is strong enough to pass the bill, but that the republicans have delayed action. The unreasonableness of this assumption seems to be apparent when it is remembered there are in the house of representatives seventy-two republicans and but twenty-eight democrats. The ability of the majority to take up the measure should be unquestioned. Of course, it must be admitted that not all of the members of the majority party are favorable to the bill; on the other hand, it is not denied that those of the majority who are ready at any time to accept the responsibility of their votes. There are many republicans ready to vote for the measure when they are given an opportunity. The favorable result of a vote is not doubted by any friends of the exposition. The republicans are ready to accept the responsibility of the measure if it has delayed action upon the bill. It is true, several republican members are ready to accept the responsibility of the measure if it has delayed action upon the bill. It is true, several republican members are ready to accept the responsibility of the measure if it has delayed action upon the bill.

It is well established as a fact that a faction of the majority has been engaged in a game of politics every day since the opening of the session. The program of this faction has been to delay the measure as long as possible. The program of this faction has been to delay the measure as long as possible. The program of this faction has been to delay the measure as long as possible.

It is not to be successfully refuted that the leaders of the majority have determined to make the exposition a party measure. The whole policy of delay has been pursued in the vain hope that by some means the republican minority can be crowded into a position where it will oppose the exposition as a party measure. The republican leaders hope to rush the exposition bill through the house and the senate and to the governor.

FINANCES OF THE STATE

Sum of \$27,500 Due from Ex-tate Auditor for Insurance Fees.

TREASURER MERVE QUITE ECONOMICAL

Carves Down a Bill for Fixing Locks on State Vaults—Finance Ways and Means Committee Cuts Salaries.

LINCOLN, Feb. 13.—(Special Telegram.)—The books of the insurance department of the state auditor's office show that ex-auditor Eugene Moore has standing against him for insurance fees, collected and not turned in, the amount of \$25,700. A week ago this amount was \$27,500, but since then it has been reduced to \$25,700, leaving the above balance. He says that the amount will be paid within a short time. The \$1,500 paid has been turned over to State Treasurer Merve. It is necessary to keep the records of the insurance department clear that the money shall be first turned into the auditor's office.

The state treasurer was asked today for information concerning the condition of the state treasury, and, incidentally, how ex-Treasurer Bartley was coming on in the way of turning over the funds in his possession. State Treasurer Merve said that the house and senate had appointed a preliminary committee to investigate the condition of the treasury, and that he was now preparing a statement to lay before them. He said he did not desire to anticipate that statement by publication. This committee was also directed to report on the quarterly report of the treasurer, due the first of the month, and which he usually transmits to the house and senate before the 15th. This report will be sent in after the preliminary examination by the committee, and thereafter it will be referred to the house and senate.

The state treasurer has turned all the cash received from Mr. Bartley into one fund, and that he intends to continue to do so until the end of the year. It is not exactly clear how this will expedite matters in the treasury.

CHANGES IN THE OFFICE. The old partition in the auditor's office, which formerly extended lengthwise of the office, north and south, has been removed and placed exactly across the doorway of the main building, and the entrance to the department now has the air of a bank, besides affording the clerks and employees considerable convenience. The private office, which under the administration of all other treasurers has been open all through business hours to the public, is now kept locked and impassable to any one.

An incident occurred today which illustrates the changes in the office. The auditor's office was closed at 4 p. m. and the auditor, Mr. Merve, was in the office. A man by the name of Westover had done some expert locksmith work on the lock of the door of the auditor's office. When he presented it to Mr. Merve, he was told that the lock was not the work of a locksmith, but that it was the work of a carpenter. Mr. Merve said he had had expert work on the lock done by a carpenter, and that he had charged more than \$5 per day. Mr. Westover claimed that in the past he had been charged \$12 per day for such work, and that he would not pay that much. He then presented the bill for a day and a half, or \$18. Mr. Merve said he would not pay that much, and that he would not pay that much.

APPROPRIATION BILLS. The house committee on finance, ways and means, has reported to the house a bill for the appropriation bills, adjourning about 6 p. m. Reduction of salaries was again the subject of consideration. Governor Holcomb, Warden Leitch, and other heads of departments and state institutions appeared before the committee and urged many objections to the committee report. Notwithstanding this, the committee report went ahead and recommended reductions.

The supreme court was taken up, but nothing was done with it. Mr. Campbell, who receives no stated salary, was deemed best to draw up a bill to cover his case. The bill was passed by the house, and the district courts. Two clerks, however, were reduced from \$1,000 to \$800, and one half of the same amount.

The appropriation for the biennium granted by the legislature was \$30,500. One thousand dollars of this amount will be recommended for new boilers and setting of the same.

The penitentiary fund, with less consideration, has received an appropriation of \$195,000. The committee today cut this to \$107,000, allowing \$2,000 for repairs and \$3,000 for incidentals. The balance of \$190,000 will be recommended for new boilers and setting of the same.

POWER OF HEALTH IN CITY CENTER. The board of health of the city center, which was organized on the 13th of last month, has today appointed the following as Board of Health: O. C. Williams, Frank Stanton and Dr. O. P. Shoemaker. The board met today and organized by electing O. C. Williams president.

The County Board of Insane Commissioners yesterday included Robert Ayers and Mr. Emmet McMath. The board met today and organized by electing O. C. Williams president.

WANTED FOR KILLING DENVER POLICEMAN. Sheriff Strong of this county captured Cyrus Edinger, alias James McDonald, alias Los Angeles, who is wanted for killing Police Officer J. Moore at the corner of 14th and Broadway streets in Denver on the 13th of last month. Edinger had been serving as a soldier when apprehended by the sheriff. Officers from Denver are on their way here from Denver for him.

MENSCHEWICH'S TWENTIETH BIRTHDAY. The late Senator Mentschewich's twentieth anniversary was celebrated yesterday at the residence of his family. About fifty members and their families were present. The Columbus orchestra had a part in the program. President Seligson and others delivered addresses and the exercises wound up with a banquet and a dance. The Columbus Mentschewich is the oldest citizen of his kind in Nebraska. He was organized in the city February 13, 1877, and many of the charter members were present today.

MAJOR SEEKS AN INJUNCTION. NEBRASKA CITY, Feb. 13.—(Special Telegram.)—Arguments in the injunction case which Mayor Seligson seeks to perpetually enjoin the city council from acting upon the impeachment charges filed against him were heard in the district court today. Judge Ramsey reserved his decision until he has had a chance to study the case. He made a hard fight for a change of venue, asserting that the presiding judge is "biased and prejudiced," but his motion was overruled.

Revival Meeting at Greeley. A revival meeting is being held at the Methodist church under the supervision of Rev. Mr. Kellogg, assisted by Rev. Mr. Snyder. The meeting is being held in the evening, and is attracting a large attendance. The services are being held in the evening, and is attracting a large attendance.

Planned for Stealing Timber. A man by the name of Seligson was arrested some time ago on the charge of stealing timber from a neighbor's farm, was found guilty in his trial in Lincoln, and was sentenced to the penitentiary for a term of six months. He has been released on bail, and is now in Lincoln, where he is planning to steal timber from a neighbor's farm.
