The judge expressed the firm conviction that when the accounting is completed it will be found that the county is indebted to Moores instead of Moores owing the county anything, and he said that no charges against Moores could be sustained at this time.

THEY PULL OFF THE MASK

Howell's Claqueurs Make a Fitting Close of Their Corruption Campaign.

TRY TO BREAK UP A LABOR MEETING

Plan is Concocted at Jacksonian Club Rooms and a Gang of Hobos Filled with Noise Interrupts the Speakers.

HIS MASHROD SOLD FOR OFFICE.

How Howell Sacrificed Honor and Decency to Gain Populist Support.

The republicans of the Eighth district against the campaign at Sanders' hall last night with one of the best meetings the club has held. The hall was filled to the doors by an audience which was orderly only by spasms. It became enthusiastic to the point of boisterousness, however, every few minutes when the speakers of the evening made telling points against the popu-

The guarantians of Ed Howell's mayoralty aspirations court their campaign to a fitting close last night by a disgraceful but unsuccessful attempt to break up the meeting of the trades unions in Creighton hall. The meeting was called to discuss the issues of the campaign in their relation to organized labor. It was apparent that the sentiment of the workmen would be overwhelmingly adverse to the gambler's candidate on account of the numerous slights that he had put on the labor organizations, and late yesterday afternoon the scheme to break up the meeting was hatched in the Jacksonian club rooms.

There were nearly 200 workmen in the hall and the meeting was called to order and immediately after the Howell claqueurs began to file into the room. They came in squads of half a dozen at a time by preconcerted arrangement until there were between thirty and forty of them near the door. The gang was headed by Foreman Brown of the city street department and was largely composed of members of the Milwaukee brigade who had been pressed into service by promises of being retained in the event of Howell's election. They were reinforced by as choice a lot of hobos as could be picked up in a day's travel. Half a dozen of them served one or more terms in the chain gang, and few of them were unfamiliar with the interior of the city jail. The gang was armed with iron hoes, and such horny-handed sons of toil as W. H. Herlman, Edmund Burke, Harry Miller, Henry Blum and J. Mahoney followed in to see that they carried out the program.

HOBOS BEGIN THEIR WORK.

It was 9 o'clock when the gang was ready for business and Harry Easton had just been introduced as the second speaker. The moulder from the Union Pacific shops named O'Connell jumped on a chair and demanded that "the other side" should be seated. This was the cue for the pluggers and they raised a din that drowned the proceedings for several minutes. Bob Baldwin, the colored laborer from the city hall, who was trying to hold his job by doing Howell's dirty work, mumbled another chair and helped things along.

As soon as he could be heard Chairman Dunn announced that the meeting had been called to hear certain speakers whose names were on the bills. As soon as the regular program had been completed one who wanted to speak would be allowed to do so. But this was not what the rioters wanted, and they at once renewed their clamor with an expressed intention of breaking up the meeting.

But the fact that such a thing was contemplated had been tipped off and they were very cleverly checked. The speakers took their seats and the would-be bad men were allowed to shout themselves hoarse. Howell, who had been seated in the front row, three chairs for Howell, which were given by the chain gang while the rest of the crowd roared and yelled and waved their hats. The speaker refused to consider the appeal and declared the meeting adjourned.

POPULISTS AND SILVERITES TURNED DOWN

The appointments of the three judges of the municipal court will probably be announced immediately after election. It is explained that if the appointments were made before election "it might complicate matters" and in view of the probability of postponing the municipal court until after today is easily understood. It is stated that the appointments will be largely those of the republican party, and as such editor some years ago borrowed \$400 from Frank E. Moores to help tide him over a financial depression. The note was underwritten by A. Lindner and John F. Hehn, and after it had been due a year or more, Mr. Moores asked for his money. Elving did not and the note was taken up by the endorsers.

ARE GIVEN THE MARBLE HEART.

During the course of the meeting last night Mr. Elving was asked if his opposition to Moore was a matter of conscience that he had borrowed money and had failed to repay the same. The preacher dodged the question and in his abuse of the republican nominees.

BOY CAUSES HIS MOTHER TROUBLE.

When 14-year-old Harry Dusenberry was arrested last Saturday night because he was found sleeping in one of the alleys in the rear of the block on First street, his mother, Mrs. Corrihan, was in a state of case trouble for his mother, Lucinda Dusenberry and John Stiles. The lad was dirty and ragged and was provided with a boot-blacking outfit. He said that he had been driven from home by a quarrel with his sister, and that he had been forced to live on the streets. He was a peddler. In view of this the police are preparing to arraign the boy on the charge of incurable idleness.

BOY CHARGED WITH BURGLARY.

Identified as the Man Who Entered a Woman's Room. A warrant charging burglary is to be filed today against Cass Boye, arrested a couple of days ago. He is accused of being one of the men who entered the room of a woman who lives in a tenement on Broadway and decamped with considerable property. While one of the burglars was going through the room occupied by the mother-in-law of Moise he dropped an article and made a dash for it. The mother-in-law saw the article and picked it up. She was at the police station Sunday and identified Boye as the man who had taken the article.

MOORES AT A FLAG RAISING.

Talks to Columbia Camp Woodmen of the World. Over 400 members of the Woodmen of the World were present at a flag presentation to Columbia camp at Metcalf Sunday afternoon. Speeches were made by a number of the members of the order, including Frank E. Moores, who belongs to Alpha camp No. 1. Mr. Moores did not touch upon politics, but very happily alluded to the fact that all present were brothers, not only in their membership in the order, but in their love and love for the flag. His remarks were received with marked enthusiasm. Mr. Moores addressed a meeting of about 200 Bohemians at National hall later in the afternoon.

Polish-American Club.

The Polish-American Republican club held its last meeting of the city campaign at Arbor hall last evening. A large number of club members and friends turned out, but owing to conflicting dates with the Jacksonian club who were assigned to the meeting failed to materialize. Order was called for about 8:30 by President John Kowalewski, who talked for half an hour in his native language. He was followed by R. H. Thorpe, "the boy orator," G. J. Collins and John H. Butler.

Medical Society Held.

The Omaha Medical society held its second special session at the Board of Trade hall last night. Invitations were issued to the members and their families, the nurses of the different hospitals in the city, the students of the medical college, and the members of the Board of Education and to members of the profession not members of the society. The meeting was held at 123 South Fifteenth street. A quantity of clothing and other articles valued at \$45 was taken.

Fire from Gasoline Explosion.

A small blaze caused by the explosion of a gasoline lamp called the firemen to the home of Mrs. Grace Prince, 1412 Jackson street, and a fire which broke out at 11:30 p. m. Mrs. Prince was badly burned about the left arm as a result of the explosion. About 200 people were present at the meeting last night, and the event was pronounced a great success.

FAILS TO LIQUIDATE HIS LIQUOR BILL

Saloon Man Forced Into Court to Collect Delinquent Candidate for Mayor's Debts Under a Rogues' Policy.

A suit which has just been filed in Justice Wilcox's court bears testimony to the bibulous tendencies of the fusion candidate for mayor and also indicates a disposition on the part of the same individual to forget to pay for the various drinks consumed. The suit is brought by Henry Hornberger against Edward E. Howell and is for a liquor bill which amounts to \$70.70. The petition is accompanied by an itemized bill which indicates that Howell has a very variegated taste. The bill includes nearly every species of booze known to the trade, from benedictine to straight whisky. The items include one keg of whisky, five bottles of Angelica, three sherry, two gallons of port, one sherry and various other items of a similar character. It also shows that Howell neglected to pay for two demijohns, which were apparently purchased to contain a reserve supply for Sunday when the saloons were supposed to be closed. The entire amount is for liquor of one sort or another, which had been consumed in the saloons of the silver club. Upon entering the room, Howell was given an ovation by the members of the club, who had been waiting for him to arrive. He was given a seat of honor and was allowed to talk and was not interrupted, though the republicans in attendance outnumbered the members of the club. Denouncement of Standard Articles Upon the State of Nebraska. The tree planting crusade for the city of Omaha advanced several steps at yesterday's meeting of the Real Estate exchange. Favorable reports were received from the majority of the planting men, and it was decided to plant trees in various parts of the city. Secretary Shriver was instructed to go over to Glenwood, Ia., and purchase a carload of the best trees available for the use of the members of the exchange. It is expected that the Board of Education will order the planting of trees about the High school and on other school property of the city. The Byron Reed company has ordered 500 trees, and other real estate dealers nearly as many. An unusually large number of such trees, it was reported, will be planted on Arbor day.

NEW ORLEANS IS ALARMED

Creosote City Catches the Fever of Flood Excitement. NEW ORLEANS—The city has caught the fever of excitement, and though the authorities insist that the line is well protected and no danger exists, the citizens held several mass meetings and urged action, spending all the money needed. This has induced the board to build the temporary levees two feet higher, after having already provided for a temporary raise of two feet. A large force of men are already at work night and day on the upper levees and by tonight this extra precaution will be completed. Work will then be begun on the Commercial section and two feet of earth will be added there by Tuesday night. The Carrollton levee, about which most of the agitation is in progress, stands at the head of the lowest residence avenue of the city and as a spectator stands at the top he looks upon the roofs of mansions, while almost nothing is to be seen in the water, seeming eager to break its bonds. One glance at the picture is sufficient to account for the anxiety which has led to much bitter attack upon the city's officials. Last night three negroes in a skiff were caught stealing along in the shadow of the levee and a fusillade was promptly opened. The boat swiftly darted toward the levee, but not before one of the oarsmen was wounded.
