

POPULIST FACTIONS AT WAR

Edmisten Alarmed at the Protests Made Against His Appointment.

HE IS SEEKING TO PATCH UP A TRUCE

Referendum Vote of the State Committee is Being Taken Upon the Question of Endorsing the Gag Appointment.

LINCOLN, June 26.—(Special.)—Will the referendum appointment which Chairman Edmisten rammed down the populist state committee at its recent meeting in Omaha stand? This is the question which is agitating members of the populist machine here at Lincoln and which is being decided by a referendum vote of the members of the state committee.

Chairman Edmisten's hurried trip to Omaha last week, as indicated in The Bee, turns out to have been in response to the demands of the Douglas county populists, who are up in arms against an appointment which practically disfranchises them. According to the story told by men who are on the inside, the Douglas county populists say that they had secured an agreement from Edmisten to consult the wishes of the entire state committee not only in the question of appointment, but also on the relocation of the state convention which had been called to meet at Lincoln. The Douglas county people insisted that there was no legitimate quorum at the Omaha meeting and that they had been disfranchised in defiance of all precedent by a trick which they would not submit.

Establish a New Rate.

Instead of basing the representation in the convention, as in the usual practice, upon the vote cast at the last preceding state election, Chairman Edmisten, under the pretext that he wanted to take figures that represented the populist vote only and which would give a smaller convention, went back three years, to the vote cast for Samuel Maxwell for supreme judge in 1895. The result had evidently been carefully computed in advance, with the object of reducing the representation of all the anti-Edmisten counties without affecting the strength of the counties on which the state machine relies for support.

How the proposed Edmisten appointment based on the vote for Maxwell in 1895 compares with the apportionment based on the vote for Sullivan in 1897 is shown by the following table prepared by one of the state house statisticians:

Total State Commission.

Table with 2 columns: Counties and Commission members.

COUNTIES.

Large table listing counties and their respective commission members.

WHY DOUGLAS COUNTY KICKS.

From this table it is readily seen why the Douglas county populists are not only kicking, but have plenty of company in their opposition to the Edmisten scheme. Edmisten proposes to reduce Douglas county's delegation from eighty-one to forty-nine, or nearly half. Douglas county has two candidates for the governorship, to which Edmisten aspires, in John O. Yeiser and D. Clem Deaver. Cutting thirty-two votes off the Douglas delegation is plain 'naked politics' for Edmisten.

Another object which Edmisten hoped to accomplish was to dig the grave of State Auditor Cornell, whose position he is anxious to trade off to the democrats. Cornell holds from Richardson county, which, under the usual apportionment based on the Sullivan vote, would be entitled to twenty-five delegates in the populist state convention. By taking the Maxwell vote Edmisten has reduced this to seven and actually taken eighteen votes away from Mr. Cornell's home county.

The other counties which have been subjected to reductions by Edmisten's arbitrary action are Adams county, reduced from 21 to 14, a loss of a third; Cass county, reduced from 24 to 14, a loss of nearly half; Cuming county, reduced from 17 to 7, a loss of more than half; Gage county, reduced from 24 to 14, a loss of one-third; Lancaster county, reduced from 18 to 12, a loss of one-third; Platte county, reduced from 22 to 12.

Edmisten's Counties Lose Little.

On the other hand the counties which Edmisten thinks he controls in the western part of the state are not to be reduced. A study of the table will soon show that the whole thing was carefully maneuvered for the purpose of strengthening the grip of the state house machine on the populist party.

It is interesting to reconsider his pet scheme of apportionment by resubmitting it to the vote of the state committee, Chairman Edmisten has practically admitted that the complaints of the Douglas county populists are well grounded. Another big concession was granted when he agreed to accede to their demand for a meeting of the populist state committee the day before the state convention, instead of on the day of the convention, for the purpose of auditing the accounts of the committee systematically and without the haste which would be necessary if the committee met at the same time that the convention was in session.

Just how long it will take to get the returns from the referendum vote is not known, but the result will probably be announced within a week or ten days.

GRAMM MUST STAND TRIAL.

Judge Hastings Renders a Decision in the Case.

LINCOLN, June 26.—(Special.)—Judge Hastings of Saline county, who has occupied the bench here in the hearing of the motion in the Mayor Gramm case, yesterday rendered a decision to the effect that Gramm must stand trial on the indictment brought in by the grand jury. The attorneys for the mayor asked to have the indictments quashed on account of technical irregularities.

Another interesting decision in the district court yesterday was that of Judge Hall in the case where Commissioner Irvine of the supreme court asked for the allowance of a claim for university work. The amount of the claim was \$150 and the state auditor refused to pay it on the ground that Commissioner Irvine could not draw pay from the state in addition to his salary as court commissioner. The action of the state auditor is regarded as peculiar, because he had previously approved the claims of a clerk in the state auditor's office and had also approved his own deputy to make a large-sized grab from the state in addition to his regular salary.

Lincoln horsemen are planning to have a racing meet here some time in September. Work on the new Richards track is being pushed on account of the illness of L. C. Richards, the owner, who had planned to personally supervise the work.

Miss Silence Dales, the young violinist who has quite a reputation as a soloist, has been invited to go to Omaha next Tuesday to take part in the concert given by the Thomas orchestra. Miss Dales will play Vieuxtemps' "Ballade et Polonaise," with accompaniment by the orchestra.

A. P. Hyatt, who has been connected with the Nebraska Telephone company for the last ten years, left last night for Chicago, where he will take a place with the volunteer signal corps, which is to go to Cuba to assist in the campaign of invasion.

N. K. Griggs, who has achieved quite a reputation as a lawyer, politician, musician, poet and author, delivered an address last night on "Evidences of Christianity," this morning at the Nebraska Conservatory hall.

Two men entered Thompson's store at Ninth and L streets last evening and while the proprietor of the store was answering a telephone call the strangers tapped the till and secured \$8 in cash. They got out of the building before the loss was discovered.

Yesterday a squad of twelve men left here for Chickamauga to join the Fairbury company at that place. They were recruited in Jefferson county and their names are as follows: W. B. Albert, C. C. Brock, Lee H. N. Libby, C. E. Darrow, J. J. Barnes, S. Finnigan, Pearce, Griswold, J. W. Farlee, Tucker, Albert Walton. Today another squad starts south to join the Tecumseh company.

Orphan's Home Festival. The annual Orphan's Home festival of the German Lutheran church, which was held yesterday on Military avenue, one and half miles east of Fremont. Special trains were run from Norfolk and Grand Island and there were a large number present from South Omaha and Council Bluffs, as well as from the towns adjoining this city. A tent was erected east of the spectators, covering the seats and affording ample protection from the hot sun. The annual sermon was delivered by Rev. Mr. Volzweh of Stanton, upon the good accomplished by caring for the orphan and neglected children, and was an able effort. The music was by a large chorus choir, accompanied by the church band of the Arlington Lutheran church. The fifty children now being supported and educated at the Fremont home were seated on the platform. At noon refreshments were served. The attendance this afternoon was much larger than in the morning, it being estimated at 3,000 people. Rev. Mr. Adams of Omaha preached in German and Rev. Mr. Flock of Sutherland in English. The Lutheran Orphan's Home here is in a prosperous condition. At present there are fifty children there, all of whom can be accommodated. The building was open to the public during the afternoon.

Records from Schuyler. SCHUYLER, Neb., June 26.—(Special.)—Sergeant N. R. Miles, recruiting officer from Chickamauga, secured seventeen recruits, twelve of whom went forward to Lincoln; H. C. Woods, Dale J. Woods, Otto Orndorff, C. B. Belton, Frank Sanberg, Frank Koppe, Byron Peister, Ed Jungbluth and Joseph Koppe passing; Frank Horst and John Trachta falling. H. C. Woods and Ed Jungbluth were rejected at a former examination.

Boy Hurt. FREMONT, Neb., June 26.—(Special.)—The 8-year-old son of Mrs. Chief Merritt, seriously injured and with his eyes fast closing while playing with torpedoes and will probably lose the sight of it entirely. J. Archer, a clerk in Nicodemus' book store, also had an eye badly injured yesterday while showing some children how a new kind of torpedo worked, when one exploded and struck him in the eye. The injury was so severe that he went to Omaha to consult an oculist.

SOLDIERS ARE ON THE SHIPS

Four Transports at San Francisco Are Loaded with Troops.

NEBRASKA RECRUITS ARE AMONG THEM

Third Expedition to Philippines Will Probably Get Away Today and General Merritt Will Follow Tomorrow on the Newport.

SAN FRANCISCO, June 26.—Four thousand men, comprising the third expedition to the Philippines, embarked early this morning and soldiers now swarm in the holds and upon the decks of the steamers Ohio, Indiana, City of Paris and the First General Merritt. Valencia will receive its complement of the military and these five transports, bearing the bulk of the expeditionary force, will probably sail tomorrow afternoon, to be followed on Wednesday by the steamer Newport, which General Merritt is expected to depart.

Camp Merritt presented a busy scene this morning. The orders issued to the troops which are to compose the third expedition to the Philippines last night served to keep many of the men awake, so excited were they over the anticipation of an early start for the Philippines. All night long the camp cooks worked to prepare the last breakfast in the camp for the departing soldiers and to get the men's coolies packed with which the order to embark said the men must be supplied. This work required the aid of many privates and the noise caused by hurried preparations made sleep almost impossible.

During the morning hours carloads upon carloads of people were landed near the regimental camps, and it is safe to say at least that 3,000 people visited the camp before orders to march were given. Very few of the visitors to the camp went out to see the men awake, so excited were they over the anticipation of an early start for the Philippines. All night long the camp cooks worked to prepare the last breakfast in the camp for the departing soldiers and to get the men's coolies packed with which the order to embark said the men must be supplied. This work required the aid of many privates and the noise caused by hurried preparations made sleep almost impossible.

Details of Lodgepole Shooting. SIOUX FALLS, Neb., June 26.—(Special Telegram.)—Following are the particulars of the shooting of Mrs. Frank Winkler, near Lodgepole, yesterday. The Winklers had a lot of game and traps set out for the purpose of such an annoyance to them that Winkler determined to kill it. He told his little girl to go into the house and get his pistol. She brought it to him and as he fired his wife came out of the barn. The bullet entered a hole in her forehead and she fell back with an excellent reputation and in good circumstances. She leaves five small children. Her remains were buried today.

Shearing is About Over. KIMBALL, Neb., June 26.—(Special.)—Shearing is drawing to a close on all of the sheep ranches of this section. While the crop of wool is no heavier than last year and in some instances not so heavy, it is much cleaner and the freedom from sand and dirt will probably account for the decrease in weights. Being assured of at least 15 cents a pound for their wool the shepherds are not kicking any. The wool part of the sheep industry having become such an important part there is a growing inclination to run more into wool breeds than heretofore.

Corn Grows Rapidly. SCHUYLER, Neb., June 26.—(Special.)—Since cessation of excessive rainfall corn has been making wonderful progress, especially where fields were clean. In many low fields where the soil stands moist so much longer grass and weeds predominate. Wheat and oats have come out so that with but few exceptions the crop is well along. Rich ones, prospects are above the average. Rye and barley are unusually fine. There is some complaint that wheat is suffering from blight.

Aid for Soldiers. FREMONT, Neb., June 26.—(Special.)—The Woman's Relief corps of the Grand Army of the Republic gave an ice cream social in the parlors last evening. The proceeds of which are to go to a soldiers' relief fund. The social was well patronized. Company F, Third Nebraska regiment, was out and showed much improvement in drill and general appearance. The company has received orders to go to Fort Omaha Wednesday. Captain McVicker will take 116 men.

Hitchcock County Assessment. TRENTON, Neb., June 26.—(Special.)—The assessor's returns of Hitchcock county show a decrease of values over last year. As equalized by the county board the values for this year are: Lands, \$383,310; town lots, \$54,329; personal property, \$297,000; total valuation, \$1,014,259. Number of horses, 4,882; number of cattle, 4,629; number of mules, 315; number of hogs, \$2,341.

Fatal Fall. AINSWORTH, Neb., June 26.—(Special.)—While John Timm, a farmer living eleven miles from this place, was repairing his wind mill he fell fifteen feet, striking a pump rod, which entered his abdomen. He is not expected to live.

Brown county is no more a drought stricken county. Crop prospects never were better.

CLOSING IN ON SANTIAGO

Americans and Cuban Forces Are Missing Within Four Miles of the Belonged City.

(Copyright 1898, by Associated Press.) HEADQUARTERS OF GENERAL CHAFFEE (two miles beyond Sevilla), June 26.—Noon.—The American troops are now within four miles of Santiago de Cuba. Two brigades of United States troops, the 1st and 2nd divisions, in command of General Chaffee and Colonel R. H. Hall of the Second Massachusetts volunteers, last night and today moved forward past the village of Sevilla, where the Spaniards were expected to make a stand and occupied the hills to the right and the left.

Two miles beyond, far out in front of the American forces and occupying the roads leading to Santiago, is a force of 1,500 Cubans under General Carlos Gonzalez. The entire Cuban army, under direction of General Calixto Garcia, is massing for a co-operative attack on Santiago. Garcia, with 5,000 Cubans, is expected from the interior before tonight, while from Aserradero 2,000 Cubans arrived today.

There are no Spaniards in the entire country between Manila and the most of the American troops were landed, and Santiago. The retreat of the enemy, after yesterday's battle, apparently became a rout which did not end until the fortifications were reached.

The transport Leona today brought to Juraguá nearly 2,000 insurgents well armed. They are part of the army of General Garcia, and have been sent to the front to join the insurgents already occupying the roads to Santiago.

DEATH RECORD.

Mrs. J. Schaeffer. CHEYENNE, Wyo., June 26.—(Special Telegram.)—Mrs. J. Schaeffer died very suddenly of heart disease while crossing the diamond mountains on the Union Pacific today. The remains were brought here and will be sent to Schuyler, Neb., where the deceased resided with her husband. She was en route home from a visit to Salt Lake City.

Prominent Iowa Banker. IOWA CITY, Ia., June 26.—(Special Telegram.)—Ezekiel Clark, 80, of Iowa's earliest bankers, prominent in politics, died today at the state at the outbreak of the rebellion and formerly in the Iowa senate, died here today, aged 81.

Death of Dixon County. WAKEFIELD, Neb., June 26.—(Special Telegram.)—John Dezell, aged 70 years, died Friday as the result of an operation. He was one of the old settlers of Dixon county.

TROOPS PREPARE TO MOVE

Fifteen Regiments at Chickamauga Receive Orders to Get Ready for Field Service.

CHICKAMAUGA NATIONAL PARK, Ga., June 26.—It is no longer a question that a large force of troops are about to be ordered from Camp Thomas to the front. An order was issued by command of Major General Brooke today which virtually amounts to an order for the movement of fifteen regiments to Cuba.

In accordance with this order the First division of the First corps and two brigades of the Second division of the same corps will form an expeditionary force and are ordered to be immediately prepared and equipped for active field service. The following brigades are included in this order. First brigade, commanded by General Ernest and composed of the Eighth Massachusetts, Third Wisconsin and Fifth Illinois; Second brigade, commanded by General Sanger and composed of the Fourth Ohio, Third Illinois and the Fourth Pennsylvania; Third brigade, commanded by General Wiley and composed of the Sixteenth Pennsylvania, Second Wisconsin and First New Hampshire; Second division, First corps, First brigade, commanded by Colonel Gardner and composed of the Thirty-first Michigan, One hundred and Sixty-third Indiana and the First Georgia; Second brigade, commanded by General McKee and composed of the First West Virginia, One Hundred and Fifty-eighth Indiana and Twelfth New York.

The order does not specify just when these troops will go forward or to what point they will be sent for embarkation, but it is understood that they will go to Tampa for direct departure for Cuba. That the order means an almost immediate move was signified by the general rush this afternoon. The ordnance department ordered large stores, including Springfield rifles and other equipments sufficient to complete the fitting out of twenty regiments. As soon as these stores arrived they were rushed to the various regiments for which they were intended.

The order was received with enthusiasm among all the regiments affected by it. In some of the camps the wildest sort of enthusiasm was manifest. The desire to go to the front appears to be equally manifest among all the troops, and accordingly the regiments are to remain in camp for a sense of disappointment that they were not included in today's order.

Streets Thronged with People. Along the entire extent of the five mile march an escort squad of police was obliged to force back the throngs of people to make a narrow lane for the progress of the departing troops. The soldiers were cheered at every step, good-byes and good wishes were momentarily shouted, hand flags were waved, flowers were thrown and everywhere emotion was visible as when the First California regiment of San Francisco boys marched away.

It was a long, hot tramp this morning over the cobble stones, but willing hands have brought glasses of water for thirsty soldiers and each enlisted man would have required an orderly to carry all the parcels which were announced to be the soundings of the march. When the triumphant march ended and the soldiers were taken on board their respective transports they were given a tremendous ovation by thousands of citizens who swarmed on and around the wharves. It was an incident of a physical and mental effort when the embarkation was an accomplished fact.

The assignment of troops to the various transports was as follows: Steamer Morgan City: First Idaho volunteer, 100 men; Steamer City of Paris: Thirteenth Minnesota; Steamer Indiana: One battalion of the Eighteenth United States infantry, one battalion of the Twenty-third United States infantry, the signal corps and a detachment of engineers; Steamer Ohio: First Wyoming volunteers, batteries G and L, Third artillery, and recruits of the Thirteenth Minnesota.

Captain Luna is brave and kind-hearted. He was accustomed to the command of men, as he often took charge of 100 men in shearing the 60,000 sheep which the family owns. He was recently married to the daughter of Captain Keyes, U. S. A.

From Katabadin Goes South. PROVINCETOWN, Mass., June 26.—The ram Katabadin left today for Hampton Roads. It was followed by the cruiser San Francisco, bound for Key West. The collector Southern accompanied the latter.
