

EASY ENOUGH TO GET OUT

Discharges from Volunteer Service May Now Be Had for the Asking.

WAR DEPARTMENT'S NEW RULING

Adjutant General Berry Notified by Congressman Stark of the Order—Sick Soldiers to Go to the City Hospitals.

LINCOLN, Sept. 2.—(Special.)—From a telegram received by General Barry today it seems that arrangements have been made whereby the discharge of any volunteer soldier now in the United States may be effected when the proper application is made, and that in such cases the discharged man is to be furnished with transportation and travel money to reach his home. This applies particularly to the cavalry troops and the Third regiment so far as it affects the Nebraska soldiers. The telegram from Congressman Stark is as follows:

WASHINGTON, D. C., Sept. 2.—General P. H. Barry, Lincoln, Department General Second has been delayed because of lack of transportation facilities. Will give travel pay and transportation on discharge by favor to soldiers now in the United States. Send list of those you want discharged. Forward full name and complete address as follows:

W. L. STARK.

In answer to queries that had been made regarding the treatment of sick soldiers when they arrive in Omaha, Adjutant General Corbin wired General Barry today as follows:

The secretary of war directs that arrangements be made with the hospitals in Omaha for the care of any sick men who arrive with the incoming regiment of Nebraska volunteers. The contract will be made with the hospitals at their usual rates. It will be sent direct to the general of army, where it will receive prompt payment. In this connection it is desired that you confer with the chief medical officer of the department of the Missouri with view to utilizing the hospital at Fort Crook so far as may be practicable.

Gossip from the State House.

At the spring term of the Lancaster county district court T. P. Kennard received a judgment against the state of Nebraska for \$13,240, with interest, being the fee claimed by Kennard for the sale of certain government lands. Today the attorney general filed an appeal in the case with the clerk of the supreme court, charging numerous errors on the part of the district court. The attorney general also filed an appeal in the case with the clerk of the supreme court, charging numerous errors on the part of the district court. The attorney general also filed an appeal in the case with the clerk of the supreme court, charging numerous errors on the part of the district court.

Charles G. Stevens of Sheridan county, who was sentenced to term in the penitentiary for the crime of stealing four steers, has filed an appeal with the clerk of the supreme court in which the claim is set up that the verdict was not sustained by sufficient evidence, that the verdict was contrary to law, and that the trial court erred in a number of particulars.

The following notarial commissions were issued today: W. S. Duer, Hastings; A. D. Spencer, Barnestown; K. H. Knight, Calmar; Lizzie Limback, Grand Island; M. S. McNeir, Auburn; John Davis, Pawnee; George W. Cull, Omaha; W. H. Fanning, Crawford; W. H. Winters, Plattsmouth.

Lincoln Local Notes.

"Hard Heart." One of Buffalo Bill's Indians had a hard fall last night during the show performance, sustaining the fracture of one rib and several bad cuts and bruises.

A number of Lancaster county women went to the city to attend the district Women's Christian Temperance union convention, which is being held there.

Prof. A. A. Munro, superintendent of the South Omaha schools, was in the city today on his way home from Mitchell, where he had been visiting his brother, Rev. George Munro.

Omaha people at the hotels: At the Lincoln, H. L. Logan, J. H. Logan, J. H. White, C. E. Rozier, W. A. Logan, J. H. Macomber, Rev. C. E. Ewing, John Rush, Ed Smith, At the Lincoln—E. F. Jordan, J. R. Buchanan, W. A. Ewing, F. H. Farnham, C. G. Shaw, G. L. McElroy.

It is learned from reports received from Chickamauga that sons of T. J. Majors and Captain Culver, both members of Troop K from Mitchell, were stricken with fever at the same time. Instead of sending them to the hospital Captain Culver had them taken up to the top of Lookout mountain, where they were cared for at a private house. Part of the time Mrs. Colby acted as nurse for the boys and they have had such excellent care that they will be able to return home with the troop.

This morning Fred Busche, living on South Seventeenth street, heard a fuss at his hen house and, suspecting that thieves were making a raid, called the police. In the roundup of the chickens, the thieves Wilcox were captured just as they were driving away with a load of fowls. The police then visited the house of "Annie" White, where the thieves had hidden their fowls, and found some more stolen chickens. Two more arrests were made and it is believed some headway has been made in the breaking up of the gang of chicken thieves that has infested the city for some time.

Miss Thornburn of this city returned last evening with the body of Harry Hotchkiss, which she had brought from Columbia, South America. Hotchkiss died in Columbia two years ago, and under the laws of that country the body could not be removed until the expiration of two years after death. When the time had elapsed Miss Thornburn, who was the fiancée of Hotchkiss, went to Columbia after the remains and has just returned from the long trip. Harry Hotchkiss belonged to a number of societies here and arrangements have been made for a public funeral, which will occur from Representative hall Sunday afternoon.

David City Populists.

DAVID CITY, Neb., Sept. 2.—(Special.)—The populist campaign under the guise of a Catholic fair was held here yesterday when Attorney General Smyth and Hon. W. A. Poynter made their addresses. The attorney general, who spoke first, at the commencement of his speech apologized for making a political speech, but justified himself by saying that it was a question of morality and honesty and proceeded to show up the shortcomings of the republican party during the past thirty years, laying particular stress upon the increased amount of fees turned into the state treasury during the past eighteen years. W. A. Poynter followed by eulogizing the state and the rapid strides of progress it has made, praised the conduct of the war and the bravery of the soldiers. During his remarks he mentioned by name the colonels of the Second and Third regiments of Nebraska and that Bryan elicited no cheers or hand clapping. He deplored the issue of war bonds bearing interest and asserted that they could have been sold as easily had they been made free of interest. He wound up by saying that he was a farmer, that during the last few years it required a smart business farmer to make a success at farming and the information was volunteered that he had made money during that time.

Home on a Furlough.

HARVARD, Neb., Sept. 2.—(Special.)—Tuesday evening Marlon Wilson returned on a thirty days furlough from the Second Nebraska and Chickamauga to find relief from malaria fever, with which he had been for some time afflicted. The case is quite serious.

FREMONT, Neb., Sept. 2.—(Special.)—Private Ernest Eisner, Jr., of Company K,

Third United States Volunteer cavalry, is home on a furlough. Eisner is typoid recovering from a severe attack of typhoid fever and came home as soon as he could travel. He is not disheartened as to the condition of affairs in the Chickamauga hospitals, but thinks they are fully as bad as reported in the newspapers. He says that the bad state of affairs there is largely due to incompetency and ignorance on the part of some of the subordinate officers. Private Hurt Turner of the Fifty-first Iowa Infantry at San Francisco is on a furlough and is stopping with his sister, Mrs. J. H. Knowles. He is recovering from fever and is confined to the house. A telegram was received here today announcing the death of Corporal W. Burns of Company F, Third Nebraska, at Jacksonville, Fla. Burns was a son of Hon. F. C. Burns of Scribner. His remains will be brought to Scribner for burial.

Mortgage Record.

NEBRASKA CITY, Neb., Sept. 2.—(Special.)—The real estate mortgage record of Otoe county for the month of August is as follows: Nine farm mortgages, aggregating \$15,250, were filed; the releases numbered 23 and totaled up \$33,965. On city property new instruments were filed, amounting to \$3,091.51, while 12 were released, aggregating \$11,415. The net reduction in the indebtedness for the month was \$27,069.34, a very satisfactory showing.

FREMONT, Neb., Sept. 2.—(Special.)—The following in the mortgage indebtedness record of Dodge county for the month of August: Chattel mortgages, filed, 6; amount, \$40,445.23. Real estate, 25; amount, \$18,820.49. Farm mortgages recorded, 11; amount, \$16,272. Released, 20; amount, \$22,991.05. Town and city mortgages recorded, 18; amount, \$4,155.67; released, 15; amount, \$13,165.69. The increase in chattel mortgages is caused by mortgages given on stock brought to this county for feeding, the amount of such mortgages being nearly \$20,000.

Rain and Hail Near Hastings.

HASTINGS, Neb., Sept. 2.—(Special Telegram.)—A heavy thunder storm, accompanied by wind and hail, passed south and southeast of this city this evening. Many people were in the path of the storm and were blown to pieces and at times a small station on the B. & M. railway, the depot was blown nearly over and a box car blown from the track.

A little boy, 6 years old, son of John Van Meter, a farmer living southwest of the city, was struck by lightning this evening. The bolt striking on the right side of the head and passing down the right side of the body. His hair was singed and his right side and leg badly burned. After about an hour he recovered consciousness and will fully recover without suffering any injury except to the hair on his head.

Contract for Lighting Plant.

WAYNE, Neb., Sept. 2.—(Special Telegram.)—The city council of Wayne let the contract last night for the lighting of the complete electric light plant for the city to the John R. Burke Electric Supply company of Omaha. It is to be completed and in perfect running order in ninety days.

Harvest Home Closes.

HUMBOLDT, Neb., Sept. 2.—(Special Telegram.)—The Harvest Home closed a fair day's session this afternoon with a racing program. Prizes were awarded on the cereal exhibits and the management reports the gathering a financial success and promises to make it an annual event.

Sent to Industrial School.

YORK, Neb., Sept. 2.—(Special Telegram.)—Charles Odell, 16-year-old boy who was formerly an inmate of the Mothers' Jewels home of this place, has been sent to the Kearney industrial school. A few days ago he attempted to commit an assault upon a 9-year-old girl.

Woman Drops Dead.

HASTINGS, Neb., Sept. 2.—(Special Telegram.)—Minerva Steinhauser, a young woman who has been employed in the Tribune office setting type, dropped dead this evening about 6 o'clock while on her way home from work. Death was caused by heart failure.

Sickness at Geneva.

GENEVA, Neb., Sept. 2.—(Special Telegram.)—Sickness is on the increase. There are a number of cases of typhoid fever.

county secured the plum. Mr. Gillan is a democrat and Mr. Baker a populist. Harmony between the democratic and populist factions was made noticeable by its absence.

Killed by a Train.

FREMONT, Neb., Sept. 2.—(Special Telegram.)—An unknown man was killed this forenoon by an Elkhorn train just south of the bridge across the Platte river, five miles west of this city. He was found by some boys lying in some weeds alongside of the track horribly mangled, about 10 o'clock this morning. He lived about twenty minutes, refused to tell his name and was unable to tell how he was hurt. He was evidently a tramp, and it is thought he may have fallen from the trucks of the Lincoln passenger, which passed there about 10 o'clock.

Sensational Reports Denied.

FREMONT, Neb., Sept. 2.—(Special Telegram.)—Mrs. Fred Yale, wife of First Lieutenant Yale of Company A, First Nebraska regiment, has written a sensational paper in which she denies that she has received word from the War department that her husband is seriously ill. She claims to have information that refutes the sensational stories written home by a non-commissioned officer of the company, which tell of disease, insanity and discord among the members of the company.

Rain is Needed.

DUNBAR, Neb., Sept. 2.—(Special Telegram.)—The drought in this section is still unbroken and the corn is drying up very fast. There are practically no rains in the state, and the corn and brown from the lack of rain. The stock must be fed with hay or straw.

FREMONT, Neb., Sept. 2.—(Special Telegram.)—The last month has been much hotter than usual here. The maximum temperature has been above 90 every day, and the high, at being 101. There has been scarcely any rainfall and the ground is very dry.

Prof. Moritz Goes to Lincoln.

HASTINGS, Neb., Sept. 2.—(Special Telegram.)—Prof. Robert E. Moritz, who has for five years been at the head of the department of mathematics of the college, left for Lincoln today. His place will be filled for the year by Mr. Hoffman, a student at the University of Chicago. Prof. Moritz goes to all a position in the department of mathematics in the State university, which was offered him some time ago.

Contract for Lighting Plant.

WAYNE, Neb., Sept. 2.—(Special Telegram.)—The city council of Wayne let the contract last night for the lighting of the complete electric light plant for the city to the John R. Burke Electric Supply company of Omaha. It is to be completed and in perfect running order in ninety days.

BEST TRADE IN FIVE YEARS

Smallest Failures in August Than in Any Month for Long Time.

AUGUST PROVES A SURPRISE IN MANY WAYS

Wheat Crop, Though It May Fall a Shade Below Estimates, Will No Doubt Be the Largest Ever Harvested.

NEW YORK, Sept. 2.—R. G. Dun & Co.'s Weekly Report of Trade will say tomorrow:

The smallest failures ever recorded in any month for five years were those of August. No other month since the monthly report was commenced by Dun's Review has shown so few defaulted liabilities as small—within \$1,000,000—and the ratio of such defaults to solvent business reported by our correspondents has been smaller by 26.5 per cent than in any previous. The clearings have been the largest during August and 23.06 per cent larger than in the corresponding month of 1897.

The enormous volume of business in the month, usually one of the most inactive of the year, demands attention. Postponement during the months of war of some contracts and purchases, which have now come forward, explains part of the increase and the strong absorption of securities explains part, but there has also been a great decline in the average of prices for all commodities, so that it takes a much larger volume of business to make up transactions amounting to \$1,000,000 than in 1897. It is, therefore, strictly true that business is larger than in the very best of all past years, and yet there is every prospect of further increase.

There is no room to doubt that the wheat crop, even though it may fall a shade below some estimates, will prove the largest since 1862, and although Herberholm estimates Europe's crop at 22,000,000 bushels more than the last, that would be only about an average yield, while other estimates are more favorable. Foreign buying has been strong, and the Atlantic exports for the week have been 3,326,878 bushels, against 5,334,758 bushels last year, and 2,582,700 bushels last week. The total for the 61 bushels last year, but receipts at the port are increasing and the price has dropped 5 cents for spot, though the September option is 7-8c lower for the week. Corn is falling, and the market is indicating a less satisfactory yield, and probably not more than should be reported at home in enlarging the stock of animals. The advance in cotton is not so great as has followed a little better milling, and with less favorable reports of probable yield, but the crop is at the worst likely to be a record. The price of the New Orleans cotton exchange makes the total for the last year 1,119,954 bales and southern consumption 1,192,621 bales.

HUMBOLDT, Neb., Sept. 2.—(Special Telegram.)—The Harvest Home closed a fair day's session this afternoon with a racing program. Prizes were awarded on the cereal exhibits and the management reports the gathering a financial success and promises to make it an annual event.

Sent to Industrial School.

YORK, Neb., Sept. 2.—(Special Telegram.)—Charles Odell, 16-year-old boy who was formerly an inmate of the Mothers' Jewels home of this place, has been sent to the Kearney industrial school. A few days ago he attempted to commit an assault upon a 9-year-old girl.

Not included in totals because containing other items than clearings.

Not included in totals because of no comparison for last year.

other parts of the south crop reports continue quite favorable and a yield at least equal to last year is looked for by many. A better tone is evident in the price of wheat. The market this week and an advance of 1 1/4 cents is reported, largely the reflection of a more cheerful outlook at Fall River.

Failures in the United States are down to very low figures, numbering only 194 this week, against 172 last week, 137 in 1897, 256 in 1896, 184 in 1895 and 227 in 1894. Distributive trade is active in the west and north-west with dry goods, boots and shoes, hats and caps, millinery, clothing and hardware in most active distribution by jobbers. Iron and steel and most of its products are in active demand and consumption by manufacturers. Increased business is reported in the southern Mississippi valley. New Orleans telling of increased activity in general trade and large receipts of new crop cotton and rice. On the south Atlantic coast heavy rains have hurt distributive trade and are deemed to have materially injured cotton crop prospects. San Francisco advices are that the California wheat crop will not much exceed 8,000,000 bushels, which is only about one-third of an average.

About one-half of the usual fruit crop is looked for, except in the case of raisins, which a heavy yield is looked for. August was a good month at Puget sound cities. Wheat shipments for the week, including flour, aggregated 3,687,040 bushels, an advance of 2,682,700 bushels last week, 4,282,842 bushels in the corresponding week of 1897, 3,369,862 bushels in 1896, 2,290,261 bushels in 1895 and 3,207,200 bushels in 1894. Since July 1, this year, exports of corn aggregated 25,381,592 bushels, against 32,510,246 bushels during the same period last year.

Corn exports for the week aggregated 1,681,790 bushels, against 2,648,933 bushels last week, 3,185,054 bushels this week last year, 2,527,575 bushels in 1896, 1,405,370 bushels in 1895 and 1,750,000 bushels in 1894. Since July 1, this year, exports of corn aggregated 24,530,000 bushels, against 25,533,409 bushels last year.

Exports from the Dominion of Canada numbered 23, against 27 last week, 20 in this week a year ago and in 1896, 33 in 1895 and 29 in 1894.

REVIEW OF THE STOCK MARKET.

Tone of Speculation Irregular and somewhat Reactionary.

NEW YORK, Sept. 2.—The market's Financial Review tomorrow will say:

Prices were irregular and at the beginning of the week the tone of speculation was reactionary. Large interests were discussed in the money market, and the market on the bear side and there was more or less liquidation of the large bill account open for the public. London also sold and the firmness of the money market had been depressed by buying in spite of the weakness of exchange and the increase probability of gold imports. The news that some gold was being shipped to Australia from Australia and London seemed, however, to diminish pressure in the money market and arrested enforced liquidation of stocks. Later on, the market, with the exception of the latter element, advanced being scored in the Pacific stocks while sugar and other commodities were irregularly exhibited by bear selling. At the same time London showed increased readiness to purchase here, although interest rates there had advanced sharply on fears of a drain of gold to the United States. The extreme heat at the west was reported to have injured the corn crop and on this the grangers were heavy.

It was noted that throughout the week the market did not move in unison, and its action was confined to particular groups moving for special reasons, or under the manipulation of professional speculators. In fact the element have been more in evidence than for some time past, while commission houses are less active. Additional evidence of the decrease of public interest is furnished by the smaller volume of transactions.

The bond market has shared in these peculiarities. Transactions in bonds are smaller and somewhat more active in investments and a number of speculative operations have been active on the bond market. On the other hand the railroad bond list shows other issues which have advanced, notably those of the Northern Pacific road, while new records have been made in some low-priced bonds, like those of the Colorado Midland. Government bonds have been less active and the older issues are fractionally lower, while the No. 3 from 1874 to 1894, rallying to 105-3/8. The decline on the accelerated delivery of allotments of \$1,000,000 and the issue of notice of allotment to subscribers for \$4,000,000 amounts of new bonds.

Investment Broker Assigns.

CHICAGO, Ill., Sept. 2.—William H. Underwood, jr., who has been engaged in the investment and loan business, has filed a petition in bankruptcy. He has liabilities aggregating \$138,000, principally money invested by him for his creditors in mining and board of trade speculations. His assets are placed at about \$140,000, part of which is in dispute before the courts.

TODAY'S WEATHER FORECAST

Washington Prophet with the Forecasting Eye Still insists It Shall Rain in Nebraska Today.

WASHINGTON, Sept. 2.—Forecast for Saturday: For Nebraska—Showers; cooler; northwesterly winds.

For South Dakota—Showers; cooler; northwesterly winds.

STATE ELECTRO-MEDICAL INSTITUTE COMBINED TREATMENT OF THE GREAT CURATIVE POWERS MEDICINE ELECTRICITY

1308 Farnam St., Omaha, Neb. We refer to the Best Banks, Business Men and Merchants in the city

WHEN ALL OTHERS FAIL

Remember the wonderfully successful specialists and treatment of this institute combined the two greatest factors of the healing art known to the medical profession—ELECTRICITY and MEDICINE. It is the largest, most thoroughly and completely equipped institute, both electrically and medically, ever established in the West. The treatment is absolutely reliable and private diseases of MEN and WOMEN. Honorable and fair dealing accorded to all.

THESE DOCTORS CAN CURE YOU.

SPECIALISTS for DISEASES of MEN SPECIALISTS for DISEASES of WOMEN

The great electrical and medical specialists of this institute are far the best, most successful and scientific the world has ever known. All of whom are graduates of the best medical colleges in the world, each having had long and successful practice in their specialties, all are achieving results in curing the sick and suffering by their combined Electro-Medical treatment, which would be impossible to secure by either electrical or medical treatment alone. This Electro-Medical Institute is the ONLY PLACE where you can obtain the benefits of this successful treatment under the most skillful and learned specialists. BE ASSURED that if any power on earth can cure you, these doctors can. They have effected complete and permanent cures after all other means had failed. Some doctors fail because of treating the wrong disease, others from not knowing the right treatment.

NO MISTAKES HERE AND NO FAILURES.

A perfect cure guaranteed in all cases accepted. Our special combined ELECTRO-MEDICAL TREATMENT FOR NERVOUS WEAKNESS, TUBING, MIGRAINE, HEADACHE, AND OLD MEN. Lost Manhood. The awful effects of indigestion, self-pollution or excesses in after life, and the effects of neglected or improperly treated gonorrhea, producing local or general debility, SEXUAL WEAKNESS, shrunken parts, pain in back, loins, or kidneys, chest pains, nervousness, sleeplessness, weakness of body and brain, dizziness, falling memory, loss of energy and vitality, impotence, despondency, evil forebodings, timidity and other distressing symptoms uniting one or more of these, produce and enjoyment of life. Such cases, if neglected, almost always lead to premature death.

RUPTURE, VARICOCELE, HYDROCELE, SWELLING, TENDEINCE, DISCHARGES, STRICTURES, KIDNEY AND URINARY DISEASES, SMALL, WEAK AND SHRUNKEN PARTS, ALL, RHEUMATISM, SKIN AND PRIVATE DISEASES, absolutely cured by this treatment after all other means have failed.

DISEASES OF WOMEN.

The combined Electro-Medical Treatment of the State Electro-Medical Institute is especially effective in the cure of all female complaints, failing or displacement of the womb, inflammation or ulceration, bloating, headaches, spinal weakness, discharges, bladder and kidney trouble.

OPEN—Daily, from 8 a. m. to 8 p. m. Sundays—10 to 1 p. m. WRITE if you cannot call, a letter carefully describing your symptoms and we will send you in plain envelope our scientific and honest opinion of your case free of charge. We will also send you a full treatment of home treatment, consisting of letters, treatise by means of correspondence, those desiring at a distance and we have in years past cured many thousands in this way.

State Electro-Medical Institute,

1308 FARNAM ST., OMAHA, NEB.

MICHAEL GELATTE IS KILLED

B. & M. Section Hunt Falls in Front of a Swiftly Moving Headcar.

Michael Gelatte, an Italian section hand on the B. & M., was run over and instantly killed last night about 8 o'clock while returning from work in South Omaha. He was a native of Italy, being a son of a wife and two children in the old country. The coroner's inquest will take place this afternoon.
