

CITY COUNCIL PROCEEDINGS

7 proposition to Repave Farnam Street Takes Form of an Ordinance.

MATTER REFERRED TO THE COMMITTEE

Several Other Street Improvement Ordinances Read and Referred—Referendum and Initiative Again Recommended.

Probably the most interesting piece of business at last night's meeting of the city councilmen was the introduction by Councilman Bechel of an ordinance providing for the repaving of Farnam street from Tenth to Eighteenth streets.

pay for the paving of Thirty-second avenue from Lincoln avenue to Dorcas street on the west side of Hancock park.

Another additional \$1,000 was appropriated out of the road fund for street cleaning.

The city comptroller was authorized to advertise for bids to place election booth furniture in the booths as soon as the latter are ready.

All the councilmen except those from the Second and Ninth wards reported their list of registrars. The lists were approved and a special meeting will be held on Friday afternoon at 4 o'clock to approve the remainder and also to make other appointments in the place of those who fail to prove their qualifications for the positions.

ONE OR MORE HIGH SCHOOLS

Superintendent Pease Favors the Three-School Idea for Omaha.

PATRON CITES HIS OBJECTIONS TO IT

Remedy for Present Conditions a Necessity, but Widely Divergent Views Entertained as to What is Advisable.

Superintendent Pease has given out the following statement with reference to his plan for three high schools for publication:

The scheme is to get plans for a great central high school to be built on the present high school grounds.

The other scheme is to erect one high school building at some convenient point in the south part of the city and another at a convenient point in the north part.

"Which of the two plans is better depends on the point of view. If the most important thing is to have in the city an imposing structure to which every citizen may call the attention of his visiting friends and which will be noticed by all visitors as one of the monuments of the enterprise and public spirit of our citizens, then the great central high school, upon the present site, is certainly the proper thing.

"St. Louis has only two high schools, though the city is three or four times as large as Omaha. Probably for the reason that high school facilities are lacking in different parts of the city, the high school attendance there is only a few hundred more than in Omaha.

The following on the high school subject is by one of the patrons of the school: To the Editor of The Bee: I am glad to note the fact that the Board of Education is discussing the advisability of providing better facilities for the high school.

Members of the reception committee, whose duty it was to be present at the Nebraska building in the afternoon and see that the visitors became acquainted, were Mrs. J. A. Sheely, Mrs. W. W. Hubbard, Mrs. Louis M. Book, Mrs. Ida Paul, Mrs. W. Hubbard, J. W. Dodd, T. W. Spafford, R. C. Hewitt.

For broken surfaces, sores, insect bites, burns, cuts, discharges, etc., there is a reliable remedy, DeWitt's Witch Hazel Salve. When you call for DeWitt's don't accept counterfeit or frauds. You will not be disappointed with DeWitt's Witch Hazel Salve.

Demorest Medal Contest. Mrs. Ellen Chaffee won the sixth Demorest grand gold contest, completing the number of contestants required for the Demorest diamond contest that will be held October 27.

The competition occurred last evening in the Second Presbyterian church. A large audience heard the declamations and the decision of the judges awarding Mrs. Chaffee the prize was a popular one.

class thoroughly equipped high school building with manual training gymnasium and everything up-to-date before we attempt to build two or three scattered about the city and fasten upon the citizens an expensive system of high schools that will surely suffer before many years for lack of funds to maintain them.

Some of the advocates of three high schools point to other cities, not much larger than Omaha, having more than one high school, but in many instances these same cities would be better off if their high school facilities were consolidated rather than distributed.

Take Kansas City, for instance, with three high schools, yet their facilities are no better, so far as convenience in attendance is concerned, than in Omaha, for the reason that one of their high schools is exclusively for colored children, another one is a manual

training high school and another for classical and scientific courses. I think the Board of Education should ask the people to vote bonds this fall sufficient to erect at least a part of a new building on the present high school site, sufficiently large to relieve the present crowded condition and furnish accommodations for a first class manual training school, the laboratory and a large number of recitation rooms, and, if possible, an auditorium in which the pupils of the high school could be well seated.

I believe the citizens of Omaha will gladly vote bonds for this purpose if the money is properly and wisely expended, for it is absolutely wrong to continue crowding children into the present inadequate, poorly ventilated fire trap now used for a high school.

Hoping The Bee will keep this matter before the people so that they will not lose sight of the importance of acting in the most practicable manner, I remain, respectfully, A PATRON OF THE SCHOOLS.

Young Wheelock Has Fever. H. K. Wheelock, son of Captain George H. Wheelock, internal revenue agent in this city, has been taken to Clarkson hospital suffering an attack of typhoid fever. The young man was a member of Company G, Fifth Iowa volunteers, and was stationed at Jacksonville until recently, when the regiment was returned home, and pending recuperation the members were given a thirty days' furlough. Young Wheelock came to Omaha to visit his father and recuperate his fading strength, and instead of getting better continued to fall until the fever made itself manifest.

ROUNDING UP THE SUSPECTS

Chief White After the Men Who Robbed and Tried to Murder Druggist Graham.

To quickly solve the problem as to who the man was who with Dick Wardlow when he held up and robbed and narrowly missed murdering Druggist H. C. Graham Monday night, Chief White had the main suspect, Druggist Graham, arrested.

Among those who were arrested were: Matt Garner, who was arrested at police headquarters. The men in custody are: W. Hart, Will Dixon, alias South; Frank Jones and Lowell Adair, Gardner, who is expected to be captured in a short time.

MACCABEES TAKE TWO DAYS

Knights and Ladies Ready for an Extensive Celebration at the Exposition.

The Nebraska Knights and Ladies of the Maccabees have designated six days during which they will hold a formal reception to the exposition in a body and hold their annual convention. Today is the first.

At 1 o'clock this afternoon in the Nebraska building, which will be the headquarters of the order, a formal reception will be held, allowing for the knights from Omaha and public spirit of our citizens, then the great central high school, upon the present site, is certainly the proper thing.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Bears the Signature of Chas. H. Fletcher.

Why Beauty Fades Women, through ignorance, accept periodical pain as a matter of course and do not look for aid. Nearly thirty years of woman's life is a struggle with menstruation. From the dawn of womanhood to the calm of middle life, the monthly period is the pivot on which the female existence swings. Tradition handed down from generation to generation has made some women believe that this constantly recurring event must be accompanied by great pain and real sickness. While it is very true that a certain amount of discomfort is unavoidable, those prostrating headaches or dull, wearing pains, and in some cases excruciating agony, are for the most part unnecessary and cruel. The relief from painful menses, resulting from the use of Lydia E. Pinkham's Vegetable Compound, has been proven conclusively by the testimony of thousands of women. It goes straight to the root of the trouble and relieves quickly and permanently. Nature has not intended that women should suffer so, and it is a pity to see beautiful young women fade early in life because of needless pain. Mrs. GEORGE NERROSS, of Crittenden, Erie County, N. Y., says: There is no need for women to suffer if they will only take Lydia E. Pinkham's Vegetable Compound. I suffered for years with painful menstruation, thinking there was no remedy for it; but, after reading your little pamphlet, I thought I would give your medicine a trial, and it wonderfully how quickly it relieved me. I recommend it for all women who suffer with painful menstruation. Here are letters from two other grateful hearts: From the time my courses commenced, every time they came I would suffer terrible pain. I got so bad that I would be taken with fits and would fall. I was treated in two hospitals in New York and in Middletown. Every month I was out of my mind. I thought I would try your Vegetable Compound; and after using one bottle, I found it was helping me. I continued its use, and now it is a great surprise to all who know me to see me so well. I wish to thank you for the great relief I obtained from taking your Vegetable Compound, and would recommend it to all suffering women.—Miss HELEN HAESBIC, 242 Atwater St., New Haven, Conn. I am a girl that has to work for a living, and am obliged to be on my feet a great deal. I was troubled with my menses being irregular and painful, but by following your kind advice I have found relief. I shall never regret the money I spent for your medicine. I highly recommend your Vegetable Compound for irregular and painful menstruation.—Miss LAURA GRUBER, 5th Ave. and Scott St., Leavenworth, Kan. If there is any further advice you would like to have on this subject, you are privileged to write freely to Mrs. Pinkham at Lynn, Mass. Her answer will be free and prompt. Remember you address a woman, not a man. This fact is important. Are Bright and Full of Life Snap and Full of Life Forty-eight Views (5x7 Inches) Covering Every Phase of the Exposition. At the Business Office of The Omaha Bee. N. B.—BY MAIL 3 CENTS EXTRA FOR POSTAGE.

800,000 Pairs of GOODYEAR WELT SHOES Made and Ordered to be made for ARMY and NAVY. Since war began our Government has ordered 1,000,000 pairs of shoes. Less than 200,000 were hand sewed, over 800,000 pairs were Goodyear welt shoes. Our soldiers proved by what Good year Welt Shoes, are better than Factory Made Hand Sewed Shoes. Goodyear Shoe Mac. Co., Boston.
