

WOMEN LATE IN ARRIVING

Mrs. Sewall Somewhat Put Out at Their Tardy Appearance.

RELATIONS TO THE GENERAL FEDERATION

National Council Instructs Its President to Prepare an Address on the Subject—Summer Schools for Children.

The main subject for the morning session of the National Council of Women was the relation of local councils to municipal politics, public education and to local charities...

Fully a half hour of waiting ensued before the meeting was called to order, and then only sixteen women had appeared. The slim attendance seemed to annoy Mrs. Sewall and she indulged in some very plain talk.

Mrs. Sewall again found an occasion for a digression upon the methods of the Indianapolis club. So far as the visitation committee for the public school work was concerned it was much more representative of all classes of society than would be one composed exclusively of the refined, well-educated and well-to-do club women.

Spain was discussed from the somewhat widely different points of view of Mrs. J. Ellen Foster and Susan B. Anthony.

The first thing that was interesting and instructive was the report from Miss Olivia Williams Bates of Detroit, chairman of a committee of women lawyers, on "Domestic Relations Under the Law." It reviewed the work of the National League for the Protection of the Family (formerly the National Divorce Reform League) in its agitation for legislation pertaining to family stability.

The effort to create a national commission whose work shall be to produce an amendment to the constitution of the United States, making the laws regarding marriage and divorce the same for all states of the union and giving congress jurisdiction over the subject of marriage and divorce, has not met with the approval of the best constitutional authorities.

It is significant fact that, at the executive session of the International council held in London last July, a resolution was proposed by an organization of Germany, providing for the national council of all countries to be asked to consider the nature of all laws concerning the domestic relation in all civilized countries.

This was followed by a report by Countess Cora Slesob di Brazza, chairman of the committee on social peace and international arbitration. As the countess could not be here herself, it was read by Mrs. Lillian M. Hollister of Detroit.

There has been a great deal of discussion of the subject of the "War of Temperance" in the National Council at Nashville last year. It was expressed a wish that the peace work be taken up again before the next quinquennial "as an answer to the car's invitation to the thinkers of the world for a discussion of the subject of the peace, individual, national, a court of arbitration and general disarmament, so that the daughters of fair, mighty and generous Columbia might not be behind the autocrat of all the Russias in the service of the highest human ideal.

With the suffering of our late little war with Spain still causing our national nerves to quiver, with the children rising in militarism, masqueraded as patriotism, I implore you to turn all your attention and all your money into the channel of peace education.

It is a coincidence that the civil war of the United States caused the Universal Peace union to be brought into existence in 1863 and the war with Spain in 1898 has caused the same thing to be repeated.

At our annual meeting last year we forwarded a letter to the operators, miners and all interested in the great strike in the northwest. Samuel Gompers, president of the American Federation of Labor, assured us that many of the miners were favorable to arbitration.

Some of our plans as substitutes for boys' military brigades have been adopted, such as fire brigades, life-saving corps, accidental relief clubs.

When the war with Spain assumed serious proportions we issued an appeal to President McKinley, his cabinet and the members of congress, designed to prevent war. The children of one of our Sunday schools sent a memorial to President McKinley and to the queen regent, to which the president responded with an appreciation of the children's interest.

War is often caused by an insignificant matter as a home quarrel. Had the mothers of the past taught their children to arbitrate all their little disputes, social peace would be much more prevalent than it is.

There rests upon mothers great responsibility in regard to the toys they choose for their children and the plays they permit them to engage in. Toy pistols, swords and bayonets, shown to any particular advantage which would interest the little one in civil life.

The educational effect of literature of a pacific nature and the power of the influence of authorless works of fiction promote of peace was discussed likewise.

MISS ADA REHAN Writes:

Vin Mariani is certainly unexcelled as the most effective and at the same time pleasant tonic.

DR. J. LEONARD CORNING of New York City, writes in his book "Brain Rest," published by G. B. Putnam's Sons:—

"Of all tonic preparations ever introduced to the notice of the profession Vin Mariani is undoubtedly the most potent for good in the treatment of exhaustive and irritative conditions of the central nervous system."

H. LIBERMANN, M. D., Surgeon-in-Chief French Army.

From the Surgeon-in-Chief of the French Army.

"During long tedious marches our soldiers and officers found instant relief from fatigue and hardships when using the marvelous tonic Vin Mariani. It prevented fever and sickness in the marshy and unhealthy territory."

H. LIBERMANN, M. D., Surgeon-in-Chief French Army.

Marching of English Soldiers. Reprinted from the "London Sketch."

General Sir Evelyn Wood says: "Regarding the infantry marching, it was the best seen during my command at Aldershot, or since I was first stationed there 28 years ago. Many officers avail themselves of the tonic and reconstructive properties of the well-known MARIANI WINE, the most certain as well as the most palatable method of inducing resistance to fatigue."

Terrors of La Grippe. From the Chicago "Medical Era."

"Many patients recover very slowly. The lassitude and weakness calls for something in the nature of a tonic, and for this purpose I am satisfied that I have found a preparation that answers the purpose. I refer to Vin Mariani."

PREPARING FOR THE HOLIDAY

Citizens of All Classes Getting Ready to Celebrate Next Monday.

OMAHA'S OWN DAY AT THE EXPOSITION

Business Generally Will Be Suspended While All Hands Attend the Closing Exercises at the Exposition Grounds.

Omaha day at the exposition will be a great success if the efforts of the Commercial club can make it so, and the members through a committee composed of John E. Orr, C. S. Hayward, A. Hoop and John Stearns are bending all their energies in that direction.

The mayor has issued a proclamation making Monday, October 21, a civic holiday, and the Board of Education has announced that the day shall be observed by the schools of the city so that the children may have the opportunity to participate in the closing scenes of the great exposition.

The management of the exposition has made a special rate of 25 cents for adults and 10 cents for children.

The Commercial club committee has circulated a petition among the business men of the city and have obtained the signatures of 500 who have signified their willingness to close their houses and urge their employees and their friends to spend the day on the grounds. This means that business will be entirely suspended Monday afternoon.

This means that business will be entirely suspended Monday afternoon.

The various labor organizations have passed resolutions making Omaha day a holiday, and the members have been urged to attend in a body. The retail liquor dealers have passed a similar resolution, and the real estate exchange will observe the day. The clearing house banks will be closed all day.

The Union Pacific has signified its intention of shutting down its shops and the general offices and freight depot will be closed. It is probable, also, that the packing houses at South Omaha will not keep open.

The Krug Brewing company, besides shutting down for Omaha day, will give to each employe 25 cents with which to purchase a ticket to the exposition, and it is announced that any one who does not attend and can not give a good excuse will be discharged.

Besides the crowd that may reasonably be expected to attend from Omaha in view of the general preparations for the celebration of the day, there will be a number of visitors from adjoining towns. The railroads intend to extend the low rates that have prevailed this week so as to include Sunday and Monday, and tickets will be good returning on all Tuesday. Requests have been sent out to the mayors of nearby cities and to the boards of education that they co-operate with Omaha in making the day a success, and it is expected that a number of them will do so.

Frank Leslie's Popular Monthly, Inc. Immensely improved. Superbly illustrated. Edition limited.

Frank Moreland Will Monday. Postoffice Inspectors Hamilton and Singler, who expected to leave last night for Yucan, Tex., with Ed F. Moreland, late assistant postmaster at that city, who was charged with misappropriating \$2,000 of government funds, will not be able to leave for Monday. Moreland will be held in custody at the county jail. His wife was released, as it was shown she had no complicity in the theft.

Moreland was arraigned before United States Commissioner Wappich yesterday and pleaded not guilty to the charge upon which he was arrested. His bond was fixed at \$5,000. Papers for Moreland's removal will be issued by Judge Munger Monday.

When you call for DeWitt's Witch Hazel Salve, the great pain cure, don't accept anything else. Don't be talked into accepting a substitute, for piles, for sores, for bruises.

AYER'S Cherry Pectoral. Cheaper than any experiment, no matter what the price.

LOCAL BREVITIES. Miss E. Sherley, principal of the Dodge school, had a valuable diamond set pin stolen from her yesterday night. The pin had been fastened to her dress. Some one entered Antoine Estergard's room at the Her Grand hotel Wednesday night and stole a quantity of clothing. Estergard is a visitor from Minden, Neb. Richard Haskell, an alleged confidence man, was arrested Wednesday by Detectives Harvey and Cormack at Council Bluffs. Late victims of confidence games will be shown Haskell in the hopes that he can be identified. Two men robbed A. Wiley of 1621 Cass street of \$5 in a Farmers street saloon Wednesday. Wiley said the two men brushed against him as he was standing at the bar drinking. Later he discovered that his money was gone. A slight blaze at 455 a. m. yesterday in the frame building occupied by Solomon Degan and family at 518 South Twenty-sixth street destroyed a quantity of wearing apparel valued at \$100 and damaged the interior of one of the rooms to the extent of \$25. The origin of the fire is a mystery. Martin Quirk, E. E. Rich, David Van Rensselaer and Harry Johnson, who are charged with having forced and uttered orders to property but their own in order to qualify as bonds in two annual cases from a justice court, will have their preliminary hearing before Judge Gordon this morning.
