MISSIION SCHOOLS GROW FAST

Japanese Missionary Tells of Rumor That It is the Intention to Abolish All Christian Schools Soon.

INDIANAPOLIS, Nov. 1.—Much business was transacted at the meeting of the general executive committee of the Women's Foreign Missionary society of the Methodist church today.

Progress was reported in all of the districts as well as promises of future enlargement of the work. Mrs. H. P. Skidmore of New York reported for the Korea district that the missionaries are working beyond their time and strength.

The work is growing until the school buildings are no longer needed. Mrs. J. F. Keen of Philadelphia, reporting the work in Japan, stated that twenty more missionaries are needed at once in that field.

Major J. D. Glennan, who was captain and assistant surgeon in the regular army, was made major and brigadier surgeon of the Third division, Third corps, very dirty. The first was placed alongside a dump heap.

Upon my inspection I found the hospitals of the First division, Third corps, of the Third division, First corps, and of the Second division, Third corps, very dirty. The dirt in most cases, however, was due to the inability to procure quarters.

Next were called seven non-commissioned officers and privates, who stated generally that the rations and clothing furnished were good. The night session began at 8 o'clock.

SOLDIERS BURNED BY POWDER

Were Transferring It When by Some Means It Was Ignited—None Will Die.

DETROIT, Nov. 1.—Four privates of the Nineteenth infantry, who were left at Fort Wayne when their regiment went south, were badly injured today by the explosion of a quantity of powder which they were transferring from the basement of the guard house for transport to the regiment in Porto Rico.

Privates Fred Fisher, Company G, Archie Miller, Company E, Robert H. Bell, Company L, and Fred Cray, Company D.

With the exception of Miller, who was badly burned in the thigh, the injuries were confined to the men's heads and faces. Comrades of the injured threw buckets of water over them to extinguish the blaze.

It is not thought any of the burned men will die, but all will be discharged. The explosion occurred just as the men had arrived at the top of the stairs leading from the basement.

It is believed that the powder was ignited by a spark from a cigarette which a soldier was smoking.
