ADMIRAL SCHLEY IS COMING

He Will Visit Council Bluffs Next Tuesday Morning.

RECEPTION TO BE HELD AT GRAND HOTEL

Private Lunch Will Be Served—Committee Will Hold a Meeting This Evening to Complete All Arrangements.

It is now definitely settled that Council Bluffs will have the honor of entertaining, at least for a short time, Admiral Schley during his visit in Omaha.

Admiral Schley will be the guest of Council Bluffs Tuesday morning. One of the handsomest large motor cars, placed at the disposal of the honored guest, will convey him and party from General Manderson's residence in Omaha to this city, the start to be made at 10:30.

According to the present arrangements Admiral Schley will be the guest of Council Bluffs Tuesday morning. One of the handsomest large motor cars, placed at the disposal of the honored guest, will convey him and party from General Manderson's residence in Omaha to this city, the start to be made at 10:30.

Harry Norman, aged 22, and Lillie Moraski, aged 22, both of Omaha, were granted a license yesterday to wed. The ceremony was performed by Justice Veen.

Scott Evans, supervising architect of the Peavey elevator, in course of construction at the Union Pacific transfer, arrived on a short visit from Minneapolis yesterday.

Colonel W. J. Davenport left yesterday for Chicago, where he goes to join the party of officials of the freight department of the Burlington system on an extended trip over the road.

The following cases of contagious diseases were reported to the Board of Health yesterday: Jens Clausen, 534 Eighteenth avenue, scarlet fever; two Spanish children, 1603 North Third street, whooping cough.

Ernest J. Heckman was found guilty in Justice Veen's court yesterday of assaulting Nelson and was given a suspended sentence of thirty days in the county jail during good behavior. Both parties live in Cut-Off.

Owing to ill health, Colonel J. C. Hoff may have closed the City roller mills. The mills were erected in 1856 and rebuilt and enlarged in 1881, when modern machinery was put in at a cost of \$100,000.

Orders have been received from Judge Woolson of the United States district court suspending the sentences of George Craig and Brenton Young, convicted at the last term of federal court for bootlegging. Craig was committed to the county jail and Young to the county jail in Red Oak.

In order to arouse general interest in the observance of Decoration day, Abe Lincoln post, Grand Army of the Republic, will hold a public meeting this evening at children on Pearl street. Music and short addresses and an interesting paper on Quaintrel's raid in Kansas by Captain Palmer will form the program.

Justice Sharp had a hearing in the court of James Sharp yesterday morning on the charge of appropriating the money of the Ayrton school, which he had borrowed from John West, a veterinary surgeon. The case was dismissed, there not being a particle of evidence to show that Sharp had any intention of theft.

The repairs to the roofs of the city hall and jail have been commenced. As soon as they are completed, the work of painting the roofs will be begun. No steps have been taken as yet to make the much needed improvements in the second floor of the jail, despite the fact that the grand jury charges are brought against the county because the Board of Health of Council Bluffs authorized the expense and regulated the charges therefor; also that the charges are matters of expense incurred in the maintenance of the quarantine regulations which to the law are to be borne by the subdivisions of the county in which the case of smallpox occurred, namely, in this instance, Council Bluffs. As to the claim of \$64 for maintaining the quarantine at the residence of Mrs. Harris at Twenty-third street and Avenue H, the county demurs on the further ground that the petition failed to show or allege that Mrs. Harris was a person who was infected with or who had been recently in contact with a person who had the disease dangerous to the public health.

Twenty tons of domestic soap used every month in Council Bluffs.

Count Notes. The day in the district court yesterday was occupied by Judge Smith in hearing the evidence and arguments in support of the motion filed by the Portland Gold Mining company to have the appointment of Ernest E. Hart as receiver annulled. The company also made its showing why it was unable to obey the order of the court to turn over to the receiver its stock and transfer books.

The order was made on the application of James Doyle in his suit against the Portland Gold Mining company, brought by him for the purpose of trying to make his judgment against James Burns, president of the company, void.

The company contended that as Doyle was no longer an alleged stockholder in the company, he had no claim or interest in the company's property and therefore was not entitled to have a receiver appointed. Further, the company contended that the fact that Doyle held a judgment against Burns, one of the stockholders, was no reason why he should be granted the appointment of a receiver for the company's books in support of its motion.

The company also made its showing why it was unable to obey the order of the court to turn over to the receiver its stock and transfer books.

SUIT BROUGHT FOR TWENTY THOUSAND

Defendant in the Case Will Move for a New Trial—Lowa National Guard to Observe Memorial Day.

DES MOINES, May 19.—(Special Telegram.)—The sensational case of B. Hall against R. W. Marquis went to the jury at 2 o'clock. The jury returned a verdict at 3:30 p. m., finding for the plaintiff in the sum of \$1,000. This is an action wherein the plaintiff, B. Hall, seeks to recover \$20,000 damages from R. W. Marquis, a prominent real estate dealer of the east side of the river, for alleged alienation of the affections of his wife. A motion for a new trial will be made.

The State Railroad commission today fixed June 9 as the date on which it will investigate the accident at Hubbard, Ia., on February 17, 1938, wherein two trainmen were killed and another injured. Senator Wallace of Hardin county introduced a resolution which passed the last general assembly directing the commissioners to investigate the accident.

Adjutant General Byers today issued an order to the Iowa National Guard requiring each company of the two new regiments of the guard to report to the commander of the Spanish-American war. Each new guard company has men who are in the Memorial day ceremonies. According to the order each company is to decorate the graves of its former members who died in the Spanish-American war. Each new guard company has men who are former members who have been buried since the last war opened.

The supreme court handed down seven opinions this morning, as follows: Cyrus Baker, appellant, against W. A. Mills, sheriff, and Benjamin Chambers, intervenor, Marshall district, affirmed; Nancy Denton against W. W. O'Quay, appellant, Marshall district, reversed; in the matter of the petition of D. C. Bradley, H. G. Hanson and others, application for drainage of lands, petitioners appellants, Appanoose district, reversed; in the matter of the petition of Lola B. Dantela, appellant, against the City of Des Moines, Polk district, affirmed; George McCuena, appellant, against the Town of Manning, Carroll district, affirmed; S. Clifton, C. E. Lange, appellants, Pocahontas district, affirmed.

Colonel L. M. Martin, general manager of the Iowa Central railroad, who has been criticized for his part in the strike, arrived in this city for the last five weeks, arrived in this city in his private car, "Hawkeye," accompanied by his son, George, Dr. Getz of Marshalltown and Mr. Rogers, his private secretary, and a nurse.

United States Senator M. L. Hayward of Nebraska City was a Des Moines visitor today. He is interested as an attorney in an Iowa case submitted to the supreme court today. There are six cases pending together and submitted at the same time. The controversy is over something like 50,000 acres of land lying in northwestern Iowa, most of it in O'Brien county. The land as early as 1856 was in the hands of one owner, an ancestor of Eliza B. Hart and the other plaintiffs. Through succeeding years it was impossible for the owner to keep the land as required by law and before many years much of it had been sold in taxes. The land is now owned by the heirs of the former owner, who resided in Council Bluffs before his death, brought suit to recover from the present holders. Judge Thomas of Storm Lake returned a verdict for the present owners and the heirs of the former owner have appealed. They make their strongest claim the plea that the former owner was insane and because of that he failed to keep the taxes against the land paid up.

Late this afternoon the supreme court granted a writ of certiorari in the will case of the million-dollar estate of the late H. E. Boardman, who died a short time ago. The fight over the fortune is between Charles H. E. Boardman, nephew of the deceased, and until recently acting trustee of the estate, and Mrs. C. H. Conover of Chicago, daughter of deceased by his first wife and the second Mrs. Boardman.

WOODMEN TO CELEBRATE. The Woodmen of the World are to hold a grand convocation here May 28, at the representatives of the order from Iowa Falls, Webster City, Pomeroy, Corwith and other points are to be present. The occasion will be the unveiling of a monument of the late Hon. J. D. Flanagan, who was a prominent member of the order.

TRAIN RUNS DOWN PEDESTRIAN. HIGHLAND FALLS, N. Y., May 19.—A train, presumably on his way to New York on

foot, was killed by a West Shore train at Fort Montgomery today. The body was hurled into the air and one of the victim's legs became entangled in the telegraph wires, the body swinging there until removed by the coroner. On the body was found a certificate of discharge written July 5, upon which appears the name of Ferrel-Freimuth, private Company B, United States Infantry, at Fort Gaston, Colorado, also a Bible, on the fly leaf of which was written: "Gift of Mrs. Clark, Pacific Garden Mission, to Carl Berger, Chicago. The man was about 55 years of age."

A Narrow Escape. Thankful words written by Mrs. Ada E. Hart of Groton, S. D.: "Was taken with a bad cold which settled on my lungs, could get set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, would meet absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and, thank God, I am saved and now a well and healthy woman." Trial bottles free at Kamin & Co's drug store. Regular size 50c and \$1.00, guaranteed or price refunded.

30 DAYS' FREE TRIAL. Marvelous Nerve Force Imparted by a New and startling Discovery—Every Weak Nerve, Enfeebled Man Should Give It a Test. Will Be Sent Free on Thirty Days' Trial So All May Experience the Wonderful Sensation of Restored Vigor—Without Cost.

A well known professor has made a fortunate discovery that what has long heretofore been known as Impotency or lost manhood is due to paralysis of the nerves. As it requires a vigorous condition of the nerves to control the muscles, the professor has found a wonderful power that instantly awakens the nerves and thus restores complete muscular strength. He says: "The marvelous power exerted by recent additions and improvements to my electric belt and appliances induces me to send it on 30 days' free trial so certain am I that it will cure and that the wearer will gladly pay the small price asked after the 30 days' trial."

To men who have battered their stomachs with drugs I want them to exercise their judgment and consider that electricity has the greatest power on earth. Its unseen current puts life and force into whatever it touches. The constant, steady life imparted by my new Electric Appliances gives instant relief and never fails to cure rheumatism, backache, kidney troubles, early decay, night losses, lack of nerve and vigor, indigestion, constipation, nervousness and loss of vitality. You may not have faith in it now, but wear it for 30 days and you will realize that you have secured confidence in it as to send it to you on trial.

PROF. A. CRYSTAL. I receive the most wonderful testimonials day after day. Write to Prof. A. Crystal, 1111 Derry Station, Westmoreland county, Pa., says it cured him of a terrible disease that had deprived him of his strength and his nerves were in a bad condition of weakness, but through the use of my Electric Appliances, his strength was restored, his nerves were completely restored and now he has the full strength and vigor of every member of the body.

George A. Johnson, box 112, Painted Post, N. Y., says that he never practiced excess except when young he found himself at 40, a permanently old man, but the belt and suspensory have completely restored him.

V. Spencer of Grafton, Va., says he spent hundreds of dollars in medicines and the old style of electric belts, so widely advertised, but failed to benefit. At about 56 years old and for 12 years a sufferer from rheumatism, he had regained perfect strength and health.

A gentleman of high standing financially and socially, who writes me to use his name, writes: "I am now 66, but feel as vigorous as at 35. Was confronted with physical weakness for many years and as an act of justice I must say your belt and suspensory have restored my 'pristine vigor'."

He says he will gladly answer all inquiries. His address is P. O. Box 529, Lacey, Ill. John B. Bardsley of Gunnison, Colo., says the belt and suspensory have entirely cured him and he will gladly explain what his trouble was to all who care to inquire, as he is a very much interested man in recovery.

S. L. Fry of Redding, Ia., says the belt and suspensory have entirely cured him and he will gladly tell other sufferers his experience.

Thousands of others write in the same grateful manner, and should the reader desire to write to any of these gentlemen, please send a stamp for reply.

Do not fail to write to Prof. A. Crystal, 538 Post office block, Marshall, Mich., as he is anxious to have every man wear the belt and marvelous belt and suspensory for 30 days and try it fully before spending a cent for it. Remember after wearing the belt a trial if you are not perfectly satisfied, return it to us; if you are willing to try it 40 days, write before you forget it.

WINE OF CARDUI. Health and Beauty. Friends said I was in the last stages of consumption. I was as yellow as gold and very black under the eyes. I couldn't walk more than two blocks without sitting down. I felt my time to die had come. Then I began taking Wine of Cardui and Black Draught. Oh! what relief they brought me. I feel like going to the end of the earth to tell every afflicted woman about it. My skin now is so clear and fair my friends hardly know me. LAURA B. VOTAW. On the other hand, a woman with strong, vigorous, perfectly healthy organs cannot be homely, emaciated or unattractive. The minute you drive disease out, the features, the skin and the figure will show a wonderful change for the better. Beauty in woman is nothing but the outward indication of health. Wine of Cardui does for women what cosmetics and powders cannot do. It is for the cure of all feminine ailments. It doesn't matter much what the doctors call the trouble.
