

GOUDY WANTS THE POSITION

Former State Superintendent Would Like to Succeed Prof. Beattie.

NOFAL SCHOOL WITHOUT A HEAD NOW

Board of Education Expresses Surprise at Beattie's Resignation and Thinks There is No Politics in It.

LINCOLN, April 25.—(Special).—A successor to Dr. J. A. Beattie, who resigned last night from the position of superintendent of the State Normal school at Lincoln, has been selected by the State Board of Education at its next meeting, which will probably be held in June. A. K. Goudy, a prominent free alliterate of this city, and W. A. Clark of Chicago, are mentioned for the position and strong pressure is being brought to bear on the board by the state board ring in favor of the former.

Notwithstanding Dr. Beattie resigned his position there is a very strong impression that politics had much to do with his leaving the institution. Mr. Goudy has been aspirant for the position for many months and if the Democratic state officials have any influence with the board he will be elected.

Members of the Board of Education assert that they have no idea as to the cause of President Beattie's resignation. He has been at the head of the school for four years. However, there has been a little friction between the board and the head of the school, caused, they assert, by a difference of opinion as to methods to be pursued in conducting the institution.

The following instructions were received: Lillian U. Stener, preceptor; H. B. Duncan, natural history; Herbert Brown, physical science; E. A. Whittenback, German; Mattie Cook Ellis, history and geography; J. M. Howie, mathematics; Walter A. Clark, Latin language and literature; L. W. Pika, psychology and pedagogy; Anne M. Goshen, superintendent of training department; Pearl S. Kelly, primary and critic teacher; Louise W. Meers, intermediate and critic teacher; Henry H. Bagg, singing and elocution; Oscar Davis, reading and elocution; Elva E. Rulon, librarian, and Lou E. Hoemer.

The instructors whose positions will not be decided on until the June meeting are: James F. Honic, English language and literature; Maria L. Ferguson, arithmetic and algebra; George N. Porter, English language and literature; John L. Sheldon, natural history; M. Emma Davis, instrumental music; and Ella M. Saunders, vocal music. Mr. Sheldon now holds the position of superintendent, who is in Europe on a leave of absence.

The refusal of Manager Pingree to pay the salary of one of the members of the Anna Eva Fay combination, which has been at the Oliver theater in this city since the first of last week, caused quite a sensation in the city today. D'Esta, a ventriloquist, claimed that a balance of \$150 was due him, which the manager of the company promptly refused to pay. The latter disavowed the company at the time and D'Esta announced that he would expose the mysterious work of Miss Fay unless he received his money. Temporary arrangements were finally effected and the company left for Fort Dodge at noon.

TRUSTING IN SOUTH DAKOTA

Washington Republicans Believe the State Will Swing Back Into Line.

BLACK HILLS CLEAR UP THE SITUATION

Endorsement of Eben W. Martin Hopes for a Better Outlook for the Whole State and a Chance of Success.

WASHINGTON, D. C., April 25.—(Special Telegram).—The political atmosphere in South Dakota, as far as Washington interests are concerned, have cleared considerably. Congressman Burke has received a telegram indicating that the Black Hills will be for him and Eben W. Martin for Congressmen-at-large from that state. This effectually disposes of the senatorial boom of ex-Senator Moody of Lawrence county and would seem to give Congressman Gamble a clear field for the senate, although he may be antagonized in minor degree by Lieutenant Colonel Stover of Watertown and H. C. Preston of Davison county. Should the present condition of Burke and Martin for congress and Gamble for the senate go through, it will bring about the nomination and undoubtedly the election of Charles N. Herrell of Eureka, McPherson county for governor. Both Gamble and Herrell and Kyle are in South Dakota, looking after the interests of the republican party, and it is confidently believed in close administration circles that South Dakota will give McKinley its electoral vote and send a republican to the senate.

W. H. Wheeler, clerk to Congressman Mercer's committee on public buildings and grounds and a committee of stenographers for Indiana, Alabama, Pennsylvania and Michigan appeared before the Judiciary committee of the house today in behalf of Senator Allen's bill authorizing judges of district courts of the United States to appoint official stenographers. Representative Mercer left this afternoon for Omaha to be present at the congressional caucus on the river and harbor bill this evening. He will remain in Nebraska until after the state convention.

Decorations for Meiklejohn. The senate committee on foreign relations today agreed to report favorably a resolution permitting Assistant Secretary Meiklejohn to receive a decoration of chevalier of the order, tendered to him by the king of Sweden and Norway on account of courtesies extended to Swedish officers who visited the United States during the Spanish-American war. The decoration is one of the highest American honors and is a distinction as a remembrance of duty nobly performed.

Regulations for Branding. LYDIA E. PINKHAM'S VEGETABLE COMPOUND Cures Them—Two Letters from Women. "DEAR MRS. PINKHAM:—I write to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me. I was sick in bed about five weeks. The right side of my abdomen pained me and was so swollen and sore that I could not walk. The doctor told my husband I would have to undergo an operation. This I refused to do until I had given your medicine a trial. Before I had taken one bottle the swelling began to disappear. I continued to use your medicine until the swelling was entirely gone. When the doctor came he was very much surprised to see me so much better."—MRS. MARY SMITH, Arlington, Iowa.

"DEAR MRS. PINKHAM:—I was sick for two years, with falling of the womb, and inflammation of the ovaries and bladder. I was bloated very badly. My left limb would swell so I could not step on my foot. I had such bearing down pains I could not straighten up or walk across the room and such shooting pains would go through me that I thought I could not stand it. My mother got me a bottle of Lydia E. Pinkham's Vegetable Compound and I told me to try it. I took six bottles and now, thanks to your wonderful medicine, I am a well woman."—MRS. ELISE BRYAN, Otisville, Mich.
