## LINCOLN LOSES ITS COMPANY

Will Not Be Represented by Membership in the Veteran Regt. meet.

WEeping WATER WILL G'T THE PLACE

General Barry Issues an Order for the Muster-in of D Company of the First Regiment, Nebraska Guard.

LINCOLN, June 1.—(Special.)—Adjutant General Barry today administered a black eye to the military element of Lincoln by authorizing the organization of Company D of the First Nebraska regiment at Weeping Water. This company represented Lincoln in the Philippines and many men here were desirous of accomplishing its reorganization as a Lincoln company. Some time ago Adjutant General Barry informed the company's promoters in Lincoln that it would be necessary for them to hasten their application if they wished to be in the race at all, for there were already in the number of applications from various towns about the state. The Lincolnists seemed to think that there was no danger of the company ever being taken from Lincoln and paid little heed to the admonition to hurry. As a consequence they were this morning startled by the issuance of the following order:

Will H. Stinger, late of the Second Nebraska volunteers, recruiting officer for the organization of Company D, First regiment Nebraska National Guard, is hereby notified that Weeping Water, Neb., is designated as the place where the proposed members of that company at Lincoln are to muster into the service of the state.

At the same time General Barry gave notice of the completed provisions for the organization and mustering of Company B of the same regiment at Fullerton. In this case First Lieutenant Joseph A. Storch, late of the First Nebraska, is authorized as a recruiting officer to assemble and muster the members of the proposed company on June 4.

**Berge's Expense Account.**  
G. W. Berge, the nominee of the fusionists for congress from the first district, has filed with the secretary of state his statement of the expenses of his campaign. Mr. Berge says that the honor cost him \$1,800 and this is distributed as follows: For fare to and from the convention at Auburn, which nominated him, \$250; for hotel expenses while there, \$2.

Attorney General Smyth will take further action in the case being conducted by him against the Union Pacific Railroad company for alleged violation of the maximum freight rate law at the next session of the supreme court, which will occur next Tuesday. He will then move that referees be appointed to take the testimony in connection with the suit. Should the company refuse to agree to the appointment of referees it is probable that the court will be called upon to take entire jurisdiction.

Sheriff W. W. Norris of Cornish, Ia., returned to that place today from Lincoln, having in his custody W. N. Gorn, wanted there on a charge of bigamy. Gorn is but 22 years of age, but it is alleged has three wives living from some of whom he has been divorced and all of whom have been married to him during the last year. Gorn formerly lived at Galesburg, Ill., having a wife there. He came west to Iowa and as Lenox married Bertha Burke. The couple moved to Cornish, where they lived some months. Then the wife wanted to go back home and Gorn was willing. He has never seen her since. Shortly after his wife's departure Gorn married a Cornish girl, Mary Taylor, being compelled to do so by

Burglars in Waverly Bank. Some time during the last night burglars entered the Bank of Waverly at which T. Beale is cashier, and blew the safe to fragments, damaging the building to some extent. The concussion broke out the windows. It has the appearance of being the work of experts.

Money was not reached, as the inner door was intact, and the explosion left the outer door in such a position that there was no chance to use more explosives and it could not be pried off the hinges. They would have secured little money in any case, as only a small sum is kept on hand. The bank was open for business as usual at 9 a. m. Several heard the report of the explosion, but the storm was so severe no attention was given it.

# FOR ALL FEMALE ILLS PERUNA HAS NO EQUAL

ALBERT LEA, MINN. The Peruna Medicine Co., Columbus, O. Gentlemen—"Although my school does not believe in patent medicines, I have found it to be a fact that Peruna is a grand and valuable medicine. I have known it to cure Mrs. Sampson, suffering with an inflamed womb, aggravated by malaria, after the doctors had failed to help her.

Another of my former patients suffered with a complication of female diseases. She was thin, nothing but skin and bones, but Peruna cured her and she is today in good health and good flesh.

Lucy Anna Heiser, Grad. Nurse from Homeopathic Hospital of Minneapolis, Minn. FREMONT, WASH.

Mrs. Theresa Keller, FREMONT, WASH. The Peruna Medicine Co., Columbus, O. Gentlemen—"For years I suffered with female trouble, which was aggravated if I caught the slightest cold. A neighbor who had been very much benefited by using Peruna, advised me to try it, and I gladly procured a bottle. I found Peruna a wonderful healer. I felt better each day and in a couple of months felt as well and began to enjoy life as never before.

"I sleep and eat well and Peruna not only cured me, but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor. Yours respectfully, Mrs. Theresa Keller, FREMONT, WASH.

Mrs. Jane Baxter, FREMONT, WASH. The Peruna Medicine Co., Columbus, O. Gentlemen—"Last spring I had occasion to observe the beneficial results of Peruna, when a prominent member of our Relief Corps, who had suffered torture with kidney and other troubles of the pelvic organs, was completely restored through the persistent use of it.

"I tried it for a severe and continued backache and found Peruna the only remedy so far that could ever cure me. I am well and strong now, and although four months have passed since my recovery, I have not had a moment's pain since."

The number of women who consider themselves as really sick or invalids, are few in comparison to the number of women who feel miserable month after month, but will not give up, continuing to do their regular work!

Perhaps it is a tired housewife with a large family and house to take care of. She is not actually sick in bed, but manages to drag herself around wearily through her daily tasks. She is subject to headach, bearing-down sensations in the lower part of the abdomen, perhaps nervous headache and poor digestion. Such a person would be benefitted beyond description by taking a course of Peruna. Peruna never fails to produce a good appetite, regular step, and expels all impurities from the system. During the summer months Dr. Hartman will direct the treatment of any and all women who apply to him, who are suffering with diseases peculiar to their sex.

An excellent little treatise on the diseases peculiar to women, entitled "Health and Beauty," written by Dr. Hartman, sent free by the Peruna Medicine Company, Columbus, Ohio.
