- Neufchatel cream cheese, package.....3c
- We handle only pure butter (no imitation, no butterine, no poor butter of any kind).

SEARS TAKES THE STAND

Admits that He Knew Chiniquy, but Denies Any Wrongdoing.

MAKES GOOD WITNESS FOR HIMSELF

Neighbors and Business Associates of the Accused Man Speak of Him in Terms of Commendation.

The prosecution having rested its case in the Sears trial late Thursday afternoon, the morning session yesterday was occupied with the testimony of the defendant in his own behalf. Mr. Sears admitted freely his acquaintance with Detective Chiniquy and described in a natural way his dealing with the supposed blind contractor. When the alleged acceptance of a \$10 note was referred to, however, the witness showed some excitement and denied in a vehement manner that any such transaction had ever taken place. Although he showed agitation at critical points, Sears made a good witness for his cause, admitting readily every point advanced by the prosecution which had no incriminating bearing, and denying with equal emphasis any reflection upon his official integrity.

Deputy County Attorney Dunn aided special stress upon the confession alleged to have been made by Sears in the office of Attorneys Gaines, Duffie and Wright on New Year's day. On that occasion Sears is said to have admitted that he received \$10 from Chiniquy, but that the money was simply looked upon as a loan. On the stand Sears denied having had such a conversation. Subpoenas have been issued for the attorneys mentioned and their side of the story will be introduced in rebuttal.

No Explanation for the Draft.

The acceptance of the draft for \$10 Sears was unable to discuss at the present time, speaking for himself. The defendant holds, however, that he had no idea that any dishonest action was expected from him in return and that in evidence of his innocence he exhibited the draft to several persons, among whom was his employer.

He says he assured Chiniquy that he need expect no special favor on the blind contract, but gave no adequate reason why the draft had been cashed and the money pocketed. The cross-examination failed to develop any new facts and the witness was excused.

The defense then introduced neighbors and business associates of Mr. Sears in proof of the good reputation borne by him in the community. E. W. Bartlett, of the firm of Klapp & Bartlett, testified that he had lived in the neighborhood of the defendant for ten years and that the latter had borne an excellent reputation for honesty and integrity. His standing in the community had been referred to by citizens of the locality when Sears' candidacy for the school board was first agitated. On cross-examination Mr. Bartlett admitted that he had heard of previous alleged dishonest practices of Sears, especially with reference to a deal to introduce pianos into the public schools. His opinion, however, had not been affected.

Similar testimony to that of Mr. Bartlett was given by George Munro and Herman Dreibus. The latter, as a member of the Kopp-Dreibus company, has employed Mr. Sears during a period of thirteen years. During that time the defendant has been connected with money and accounts, all his duties being performed in a proper and satisfactory fashion.

Mrs. Sears Gives Testimony.

In the afternoon the defense sprang an unexpected and effective witness in the person of Mrs. Sears, who testified in detail as to the alleged exchange of money on the corner of Twenty-fourth and Spaulding streets. She showed the amount compared and her evidence dealt a hard blow to the prosecution. Mrs. Sears admitted having entered the drug store at the corner mentioned while her husband and Detective Chiniquy engaged in conversation outside. She said she stood just inside the glass doors and was able to see everything that transpired between the two men. There was no offer or acceptance of money, she asserts, during the entire colloquy. The testimony of the two detectives on this point is that Mrs. Sears walked so far into the interior of the store as to be out of sight of anyone on the sidewalk near the location of the two men.

FARMERS GET INTO TROUBLE.

Interfered with Working of an Irrigating Ditch in Dawes County.

Deputy United States Marshal John O. Moore has returned from Fort Robinson, bringing with him Fred A. Macomber and Van Jackson, charged with interfering with the working of an irrigating ditch upon the military reservation contrary to the federal statutes.

The arrest of Macomber and Jackson is the result of an irrigation war among certain farmers of Dawes county. One party constructed an irrigating ditch which another party believed infringed upon its rights. One of the gates at the head of the ditch was demolished and Macomber and Jackson were indicted at the present term of court. They will furnish bond for their appearance.

Court Notes.

In the case of Otto C. Birney against the Chicago House Wrecking company a motion to require the plaintiff to make his petition more definite and certain was overruled.

In the case of Miles against Hawke in the United States circuit court Judge Munger sustained a motion to strike the name of the defendant from the petition. The case is one wherein the plaintiff sought to establish title to certain town lots in Nebraska City, and failing in that sought to have a constructive mortgage foreclosed.

Reports show that over fifteen hundred lives have been saved through the use of One Minute Cough Cure. Most of these were cases of grippe, croup, asthma, whooping cough, bronchitis and pneumonia. Its early use prevents consumption.

FUSIONISTS ARE DOWNCAST

Gloom Like that of Egypt's Night Envelops Their Camping Grounds.

FONDEST HOPES HAVE BEEN BLASTED

Admit Sorrowfully that it Doesn't Matter Now Whether They Nominate Anyone for Congress.

The pythagorean theorem in politics will be solved in Omaha Saturday afternoon by the three fusion elements, which will meet in three-cornered congressional convention. It will doubtless be demonstrated that the square described upon the democratic hypothesis is equal to the square described upon the other two sides. It is generally deemed almost a foregone conclusion that Edgar Howard of Papillion will be selected as the most available known quantity. Any lingering inclination among democrats to make money and accounts, all his duties being performed in a proper and satisfactory fashion. Paradoxically speaking, it is almost impossible to picture the lassitude that has animated the fusion leaders since they learned of the action of the court in that case.

"It doesn't make much difference now whom we nominate," said one democrat in speaking sorrowfully on the subject. "He won't know he is running except by the draft from the wardheelers."

"There isn't much use of nominating anybody," said a leading populist. "I think that all hope for fusionists was snuffed out by the result in that case."

The democratic convention will meet at Oshoff's hall at 2 p. m. and it is not deemed likely that any name will be mentioned except that of Edgar Howard. As he does not live in Douglas county, it is possible that he has not become so infected with the prevailing despondency as to decline the sacrifice. The populists will meet at the fusion Peter Cooper club rooms. It has no candidates and will doubtless heartily swallow anything the democrats may offer. No one among the populists appears to be opposed to Howard. The silver republicans will meet in the hall at county democracy headquarters. Two silver republicans are mentioned for the nomination and one or both of them will probably be given complimentary votes until it becomes necessary to endorse Howard's nomination by the other two factions. They are H. E. Burnham, an attorney, and C. O. Lebeck, city councilman.

Vote early and often.

CHEMICAL ANN IS INSANE

Woman of Peculiar Traits and Clever Fingers is Adjudged of Insane Mind by Insanity Board.

Bertha Liebecke, who has won the sobriquet of "Wainting Bertha," because she swoons to elicit sympathy and of "Chemical Ann," because she bleaches her hair, has been adjudged insane by Dr. George

HARMONY IN PEOPLE'S CHURCH

Seceding Deacon Dropped from Membership and Their Successors Elected.

REV. SAVIDGE CONTINUES IN CHARGE

Loyalty and Devotion of His Followers Please the Pastor Greatly—Future of the Church is Bright.

Harmony, full and complete, is once more rampant in the ranks of the constituents of Rev. Charles W. Savidge's People's church. Following the somewhat sensational gathering of Monday night, when the compact existing between the churches of Rev. Savidge and Rev. McInturf at Spokane was broken and the bitterness created by this action caused a breach among the officers of the local church by the withdrawal of three of the elders, Thursday night's meeting was an example of the opposite extremity. There was no feeling and, quoting Rev. Savidge, "the love of God was in the heart of every member present and dominated the proceedings of the council."

The Omaha People's church now occupies the same position of independence as before the joining of issues with the Spokane congregation. Rev. Savidge continues in charge of the flock, his tenure of office being limited only by his voluntary resignation or his removal by death. "I never knew my people

Here's a Selection For You—

NERVOUSNESS.

A superior restorative when the nervous system has become impaired by mental or physical overwork.

Horsford's Acid Phosphate

THE ALOE & PENFOLD CO., Determity Brace Manufacturers. 1408 FARNAM OMAHA. Op. Paxton Hotel.

Rubber Gloves.

Just the thing for protecting the hands while doing housework.

Price each \$1.25, by mail 10c extra.

Nervous Prostration

—from whatever cause—overwork, dissipation, insomnia, care, worry, tends directly to permanent invalidism or the insane hospital. It is the bane of the present age and of the American people. In the mad pursuit of money, men forget health, happiness, everything but business and the accumulation of wealth, which, if secured, becomes valueless, because they have no health with which to enjoy it. The happy possessor of a healthy body never knows he has a body because of any ache or pain, and with systematic, reasonable attention to business, invariable rest and recreation hours, plain, nourishing diet, almost anyone can be well. There are times, however, when there is an unavoidable strain. Use a few doses of

McLEAN'S CORDIAL

to tide over the emergency. It will assist to maintain the well body at its normal standard, and for the already sick there is nothing better to build up the constitution and rehabilitate the nervous system.

Prepared only by The Dr. J. H. McLean Medicine Co., St. Louis, Mo.
