

THIEVES BREAK IN AND STEAL

Epworth Assembly Camp Ground Draws a Gang of Pickpockets.

ONE IS TAKEN IN THE VERY ACT

Watchful Eye of a Visitor Locates an Active "Dip" and Arrests an Easily Accomplished as a Result.

LINCOLN, Aug. 7.—(Special).—A pickpocket epidemic has broken out in Lincoln. The thieves are operating at the crowded camp grounds of the Nebraska Epworth assembly at Lincoln park. The thousands of people who crowd at the one-cent picnic waiting for the start after the last feature of the program in the evening prove to be a bonanza for the crooks. Last night six persons were robbed at this street car platform in less than half an hour, being relieved of pocketbooks containing sums varying from \$1 to \$10.

No criminal work nor unlawful act of any kind had been reported during the entire assembly until last night and the assembly police had begun to hope that the Epworthians would be free from any trouble of this kind. But at 10 o'clock the efforts began and by 10:20, when the arrest of one of the culprits stopped further operations of the kind for a time, considerable money had been lost in this manner by citizens. In the crush at the gates all were so intent on securing places in the cars that they did not notice the removal of purses and pocketbooks from their clothes.

Information gained today goes to show that the robbing was all done by three professional pickpockets, who came here for the purpose. One of the three was caught in the act of taking a watch last night and the thefts at once ceased. Robert Edmunds was standing on the approach to the street car platform when he saw a well dressed young man repeatedly rushing from the gates to the cars with the crowd. He would mount a car and ride away, but would soon return down the track and then repeat his performance. Finally he came pushing toward the cars with his arm around a man at his side. The hand at the end of the arm was busy extracting a watch from the other fellow's inside pocket. Mr. Edmunds saw the man gradually slipping the timepiece out and grabbed him, taking him to park police headquarters.

Was Well Posted.

On the way the man dropped something to the ground, but this was recovered and proved to contain interesting evidence. It was a small notebook, in which was a tabulated list of all the street fairs, carnivals, jubilees, race meets, etc., to be held in this part of the country during August. Iowa, Nebraska and Wisconsin were represented, there being some forty notations in all. It is surmised that the fellow is a professional crook, going about to all large public gatherings for the purpose of plying his trade, and that the table of fairs and assemblies in the book was compiled for this month. Some which were set for the earlier days in August, already passed, were checked off, as was the Epworth assembly, and it is supposed that this indicated a visit paid and business completed at that place.

Between Edmisten and Butler.

The open statement and resulting publication of the conflict in authority between Chairman Butler and Vice Chairman Edmisten of the populist national committee comes as no surprise. It is said, to Nebraska populists. Though it was apparent from the start that one of the two gentlemen must eventually give in, few here have thought that Mr. Edmisten would be the man. Frontiersman, reserving only a hint that Butler was given the place because he said that it would help him in his canvass of his own state for United States senator. It is asserted that Butler practically agreed to concede to Mr. Edmisten exclusive control of the campaign, reserving only a few of the southern and eastern states for his own jurisdiction, and Nebraskans consider Mr. Butler's present action a violation of his agreement.

Lang and His Salary.

Dr. Benjamin F. Lang, superintendent of the Institute for Feeble Minded Youth at Beatrice, came up from that town this morning and passed the day communing with various members of the Board of Public Lands and Buildings. It is said that he was consulting with them concerning his salary for the time he held office over the protest of Governor Poynter. A member of the board said that the salary claims for employes had already been allowed, but that those for teachers and officers would not be considered until Mr. Lang had carried out his agreement to vacate peacefully and without further resistance on August 15. However, the teachers' claims were paid with the editor this afternoon, although Dr. Lang still withholds his own.

BRADSHAW, Neb., Aug. 7.—(Special).—The farmers of Bradshaw township, this county, are resenting the article published in the fusion organ of this city which attempted to make political capital by publishing a grossly untrue article. The calamity article is an insult to the farmers of Bradshaw township, whose present small mortgage indebtedness of about 10 to 15 per cent of present valuation was made originally for part purchase price of land.

Another Ditch Project.

GERI, Neb., Aug. 7.—(Special).—Messrs. Henry and Miller want to dig a ditch early in the week to look over a new high line canal proposition which interested parties had laid before them. The idea was to take out a canal somewhere in the neighborhood of Fortington and come down into Nebraska, at an elevation of nearly or quite 100 feet above the Farmers' canal line, and that it would bring under irrigation thousands of acres of land north of Collins and Sunflower on the table lands. It is thought probable that they will take hold of the matter. At any rate, they expect to make a preliminary survey.

The shoes were too small for either man and looked like first-class goods. As the marshal had been in the line of the robbery of the Epworth assembly, the men were arrested, pending an investigation.

Convention Date Set.

BURWELL, Neb., Aug. 7.—(Special).—Purveyors in this county are beginning to assume shape and a lively campaign is promised. The republicans have called their convention for late in September. This county will be about equally divided this year, whereas before it has always given a populist majority, but a majority of the newcomers are republicans.

Smith was shipped to Omaha via the Missouri Pacific road last night. This is the largest shipment of cattle from here for some time and they were all choice. These parties are two of the most successful republican farmers in Polk county. The Dahlstrom was a rank pox until a short time ago. He says these times suit him to perfection.

The run from Chicago was delayed somewhat by the demonstrations of crowds which gathered along the route. The train was in charge of the County Democrat of Chicago and it was composed of twelve coaches, all of them filled to the brim with democratic workers. Messrs. Bryan and Stevenson and their friends and chief supporters occupied the rear coach of the train. It was completely filled by distinguished people including not only the two candidates, but their wives and other members of their families. Chairman Jones of the national committee and his wife were in attendance, as were Governor and Mrs. Thomas, Secretary Walsh and Sergeant-at-Arms Martin of the national committee, and many of the leading members of that organization. Hon. Samuel Alshuler, democratic candidate for governor of Illinois, Mayor Harrison of Chicago and Hon. Webster of Indiana, the national secretary of the interior under the present administration, were among the distinguished guests of the occasion.

The quarrel was about Sweeney's sister, with whom Martin had been keeping company. Martin was arrested at Ash Grove and taken to the city and lodged in jail. The wounded man was brought to the Broken Bow hospital for treatment. Martin expects to be able to establish the plea of self-defense, as he was knocked down by Sweeney before he used his knife.

Dixon Celebration.

DIXON, Neb., Aug. 7.—(Special).—This town will be the scene of a grand celebration Wednesday, August 15. A most enjoyable program has been arranged for the event and is as follows: A ball game between teams from Sioux Falls and Colorado. A wrestling bout between "Farmer" Burns and D. A. McMiller. Good-sized purses have been hung up for a card of horse and foot races. Efforts are being made to procure speakers of national prominence and a company of young women and children will give a unique drill in the evening. Music will be furnished by the Ponca band.

Cattle Rustlers Bound Over.

BROKEN BOW, Neb., Aug. 7.—(Special Telegram).—Hiram P. Wickham and Edward Hoagland, who were arrested last week on the charge of stealing two head of cattle from J. W. Richardson, eight miles north of the city, were given a preliminary trial yesterday before Judge Snyder. They were bound over in the joint sum of \$700, which they failed to give. The evidence was very damaging to the prisoners. Hoagland served a term in the penitentiary a few years ago for helping to burn some who were in the city of Helena belonging to a man by the name of Moon.

School Board Meeting.

FREMONT, Neb., Aug. 7.—(Special).—A special meeting of the school board was held last evening for the purpose of filling vacancies on the list of teachers. Miss Westburg of Stromsburg and Miss Whiting of Petersburg were the only ones who were interviewed. There were a large number of applicants for the vacant positions.

Governor Thomas Uses Red Paint.

At Lafayette Mr. Bryan did not speak, except to introduce Governor Thomas. The governor assured his hearers that Mr. Bryan and Mr. Stevenson would carry every state in the Rocky mountain region by majorities equal to those which he carried them in 1896.

Nothing on Earth Remained to Do.

Nothing on earth remained to do, but for Indiana, Illinois, Ohio and Wisconsin to do their duty, as they had done before. If they did so, the party would give them a president of the United States who were no man's collar and who belonged to the common people.

At this point Hon. Webster Davis also spoke, exhorting the democrats of Indiana to earnest effort in behalf of Bryan and Stevenson.

At Lafayette the train was met by the reception committee from Indianapolis.

The circumlocution that the train was an hour behind schedule time in reaching Indianapolis did not seem to dampen the enthusiasm of the crowds that waited. How many there were it is impossible to estimate, but such was the pressure that it required the utmost efforts of General McMillan to get his distinguished party landed in the waiting carriages. When Mr. Bryan's well known figure was recognized in the marching column, a great shout was sent up and cheers followed him constantly until he arrived at the Grand hotel. The streets were lined so thickly with people that it was with difficulty that progress could be made, and it was 8 p. m. before the wearied travelers sat down to their delayed dinner.

EDMISTEN PRAISES TOWNE

Vice Chairman of Populist National Committee Takes Noncommittal Position.

LINCOLN, Aug. 7.—Vice Chairman Edmisten of the populist national committee tonight gave to the Associated Press the following statement on the withdrawal of Mr. Towne: "I have just learned that Hon. Charles A. Towne, candidate for the vice presidency on the people's party ticket, has withdrawn as such candidate. We are confronted with a proposition which is certainly mixed and deserving of the most careful consideration and action on the part of those who may be called to deal with this question. It is true that Mr. Towne has considered the matter in a very peculiar situation at Kansas City when the silver republican party failed to make him a candidate for vice president and nominated for his candidate Adlai E. Stevenson, who had been nominated by the democratic party, and Mr. Towne, known to be a silver republican and affiliating with that party and being chairman of its national committee, was placed, together with the people's party, in a very awkward position before the public. "That Mr. Towne has considered the matter with much patriotism I have no doubt. He has proven himself to be a friend of the common people, being possibly one of the strongest exponents and most faithful leaders of the country, and has attracted the attention of the entire country to him as their leader. Although he differed with them in party name and affiliations, yet he was near the hearts of the American people.

Miraculous Cure by Dr. Williams' Pink Pills for Pale People. Richard D. Creech, of 1062 Second Street, Appleton, Wis., says: "Our son Willard was absolutely helpless. His lower limbs were paralyzed, and when we used electricity he could not feel it below his hips. Finally my mother, who lives in Canada, wrote advising the use of Dr. Williams' Pink Pills for Pale People and I bought some. This was when our boy had been on a stretcher for an entire year and helpless for nine months. In six weeks after taking the pills we noted signs of vitality in his legs, and in four months he was able to go to school. It was nothing else in the world that saved the boy than Dr. Williams' Pink Pills for Pale People."—From the Crescent, Appleton, Wis.
