

NEW COUNCIL OF INTERESTS IN OMAHA.

COUNCIL BLUFFS.

MINOR MENTION.

Davis sells glass. Davis sells glass. Davis sells glass. Davis sells glass. Davis sells glass.

TO INSURE THE SCHOOLS.

Voters Will Be Asked to Authorize That Important Step.

LESSON FROM ROCK ISLAND'S FIRE.

Council Bluffs is Up to Its Limit on Bonded Debt and Could Not Rebuild if Big Buildings Burned.

At the school election next month the electors of the independent school district of Council Bluffs will be asked to vote upon the proposition to insure against fire the school buildings of the city. This was decided upon at an informal meeting of the board of education yesterday morning.

After the school election next month the electors of the independent school district of Council Bluffs will be asked to vote upon the proposition to insure against fire the school buildings of the city. This was decided upon at an informal meeting of the board of education yesterday morning.

ELECTRICAL MEN CONVENE.

Newly-Formed Association Holds First Annual Session in Des Moines.

CIGARETTE COMPANY WILL FIGHT LAW.

Des Moines Dealers Make Bargain with Great Western for Cheaper Rates - Publishers of Northwestern Iowa to Reorganize.

DES MOINES, Feb. 20.—(Special.)—The newly formed Iowa Electrical Association held its first annual session in Des Moines, with 100 members and interested persons present. The association was formed at a meeting here a year ago. The membership consists of the various companies operating electric plants in Iowa and their representatives and all persons interested directly in the development of electrical machinery and electric apparatus. President W. J. Greene of Cedar Rapids, presided, and reports were read by the treasurer, George S. Carson of Iowa City, and the secretary, W. B. Jeffers of Des Moines. The secretary's report showed that a large majority of the various electric companies in the state had become members during the first year of the association and a large number of individuals had applied for membership. The program of the meeting was short, reports on heating central stations being read by D. F. McGee, Red Oak; C. C. Hammond, Mason City, and C. H. Walsh, Burlington. A discussion of the gasoline lamp led by J. S. Bellamy, Knoxville, developed the fact that the electricians of the state are greatly exercised over the advancement made by the inventors and manufacturers of gasoline lamps. Nearly a score of different lamps in which gasoline is used as an illuminant have been introduced and approved as safe by the State Board of Health, which has general supervision over the oil distribution in the state and inspections of oils and the use of oils. The gasoline lamp industry is cutting into the business of the electric companies, especially in the smaller towns, and forcing a lowering of rates in some places.

Green for Conductor Bishop. It is expected by his friends in Iowa that Rev. Thomas E. Green of Cedar Rapids will be made conductor bishop of Colorado on account of the serious illness of Bishop Spaulding, and that ultimately he will be made bishop. Rev. Mr. Green has long been one of the best and most energetic in the Episcopal church in Iowa and on the death of Bishop Perry a few years ago he was selected as bishop of Iowa. Some question was raised as to the method of his election and a great scandal was stirred up over the matter. Green is a native of Iowa, a regular in the election. These charges, however, were not directed at him personally. As a result a second election was held and Bishop Morrison selected. It has been understood that Rev. Mr. Green is a supporter of the new bishop, and that he will be selected to go to Colorado.

Hopes to Annex South Dakota. Collector J. W. Patterson of the northern Iowa revenue district, who is a candidate for reappointment, writes home from Washington that he anticipates no trouble. A Sprague, Green and a little doubtless because of the demand of northwest Iowa for representation in the federal appointments. Mr. Patterson is also at the head of the movement to have South Dakota transferred from the Nebraska revenue district to the Iowa district. In a letter to an Iowa friend Mr. Patterson wrote the first of the week from Washington as follows: "Every one here seems to be for me, and I don't anticipate any trouble whatever in being reappointed. The doubtful feeling about South Dakota being transferred, but I am confident that the Iowa revenue district will be enlarged to include the territory of South Dakota. The commissioner is in favor of my being reappointed, and I have bright hopes over our prospects."

Cigarette License Injunctions. The attorneys for the American Tobacco company in this state are preparing to enjoin tax collectors in every county of the state from collecting the license tax on the sale of cigarettes wherever the association has been made. Suits are to be commenced in the county of each collector to hold up the tax collectors until a writ is issued which will start has gone to the supreme court of the United States. The cigarette makers were beaten in the case in Tennessee and the law upheld, but the court discovered another way in which they can attack the Iowa law on constitutional grounds. The law absolutely prohibits the sale of cigarettes unless the license fee of a quarter is paid and they claim this is a violation of the interstate commerce rights of the state.

For Corporations. Two new mining companies complied with the state laws today, both from Council Bluffs and the papers drawn identical. The Navajo Consolidated Mining company of Council Bluffs, capital, \$20,000, incorporated, W. P. Sargent, president, J. H. West, secretary, and Harry L. West, treasurer. The other company is the Colorado Springs. The Magic Gold Mining company of Council Bluffs, capital, \$15,000, incorporated, J. W. Sheaffer, N. Lepp, J. H. Gump, Edwin Arking and D. C. Stindinger, of Colorado Springs. The incorporation of the Lester Spring House, company of Lester, Ia., has also been made, capital \$25,000, incorporated, William J. Hamer, William Finck, William Hansen and others.

Conference of Charities. The annual state conference of charities and corrections for Iowa is to be held in Red Oak the first week in April. Miss Charlotte Goff, the secretary of the association, has just returned from Red Oak, where she went to confer with the local members and committees in regard to arrangements and the date. The program will be arranged in a few days by the executive committee. Judging from the interest which has been manifested in all parts of the state in the past, the conference is likely to be the best yet held.

Other Announcements Due. It is expected that the announcement of the candidacy of John Herriott, ex-state treasurer, will be made tomorrow and he will formally enter the race for governor. The announcement will be made in his home papers in Guthrie county. The announcement of the candidacy of Senator Harriman was made in his home paper, the Hampton Chronicle, which pays him a high compliment. Colonel Palmer of Washington county, railroad commissioner, has just returned from the state capital, where he will be the best yet held.

Check Up County Officers. Members Hansen and Auld of the Board of County Supervisors commenced the work yesterday morning of checking up the county officers, starting with the county recorder. They are being assisted by John Chisum, an expert accountant and bookkeeper. The work is expected to take several weeks. The board has adjourned until Monday.

Marriage License. Licenses to wed were issued yesterday to the following persons: Names and Residences. Asa W. C. Davis, Omaha. Sophia Krautz, Omaha. A. VanCleave, Crescent, Ia. Mary M. Corbelle, Crescent, Ia. Fred Grebe, Omaha. Anna Kruger, Omaha. Charles Tudor, Glenwood, Ia. Pearl Miner, Glenwood, Ia.

Smallpox Patient at School. FORT DODGE, Ia., Feb. 20.—(Special.)—A family in East Webster has been permitting their child to attend a crowded country school, when the child's body was badly broken out with smallpox. Smallpox had existed in the family before, but it was thought that all danger of the disease was entirely passed, until the accidental discovery by the teacher of the cutting school, where the child was a pupil, of the telltale marks on its body. The family was placed under strict quarantine, but it is feared the mischief has been done.

ROW CHINESE MUST DIE.

Envoys Agree to Compromise on Execution of Leaders in Attrocities.

STRANGLING AND BEHEADING FAVORED.

Some May Do It for Themselves, But Others Will Be Executed in Usual Manner in Peking.

LONDON, Feb. 20.—"At their latest meeting," says the British correspondent of the Morning Post, writing yesterday, "the foreign envoys agreed to a compromise. They propose to permit the imperial court to commute the sentences of decapitation in the case of Prince Tuan, Jui Kai Lan and General Tung Fu Hsian to life imprisonment and will agree to the following punishments: "Prince Chuang to be strangled, Yu Hsien to be decapitated, Chao Shu Schiao and Ying Nien to be permitted to strangle themselves and Chi Hsiao and Hsu Chung Wu to be beheaded in Peking. "If the court advances no new changes the negotiations on the first point of the demands of the powers may be considered closed."

Pardon for Dubuque Man. Governor Shaw today directed the release from the penitentiary of Michael Kerwin, who was sent from Dubuque county to the penitentiary for the murder of a woman at Springville. He received a sentence of seven years on a verdict of manslaughter. Kerwin is restored to citizenship, has an excellent record in the penitentiary having been an excellent inmate.

More Publishers to Organize. The newspaper publishers of northwestern Iowa and southwestern Iowa, having formed good associations, a meeting has been called of the publishers of northeastern Iowa at Waverly to form a new organization. This meeting is to be held March 14 and 15, and the association will include all newspaper publishers of the Third and Fourth congressional districts.

Advance Guard of Miners. Gathering to Meet Mine Owners at Ottumwa to Agree Upon Wage Scale. OTTUMWA, Ia., Feb. 20.—(Special Telegram.)—The advance guard of miners who are to convene in this city tomorrow as the representatives of district No. 13 will be met by the mine operators of the same district, having arrived at Ottumwa on the morning of the 20th. The miners are here and by tomorrow the full list will have arrived. The operators will convene Monday afternoon and Tuesday will meet with the miners. Conservative men who do not look for a protracted struggle, but who are in a noticeable tension which means, it is said, that the miners are prepared to fight for that which they consider their rights. J. F. Byrne, a labor leader of this city, who has a steady reputation, says he looks for no trouble.

Strike at Numa Coal Mine. One Hundred and Fifty Men Refuse to Work Because Compelled to Stand Out in Cold. OTTUMWA, Ia., Feb. 20.—(Special Telegram.)—One hundred and fifty miners, employees of the Chicago Coal company at Numa, struck this morning because the weighman looked at the check book. The weighman for the same reason that he looked miners out of the weigh house in the interval between their arrival at the mine and time to go to work. They warned the weigh boss of their intended action, but no attention was paid to it. The miners are angry and may cause trouble. They claim the brutal treatment was unwarranted which compelled them to stand out in the cold. The trouble was brought to a head this morning when the weigh boss refused admittance to the check book weighman, who was late in coming to work. The miners held a conference, went out and have not yet returned to work.

Iowa Gets Highest Score. Product of Experiment Station at Ames Carries Off Honors. AMES, Ia., Feb. 20.—(Special.)—Prof. Curtis, director of the Iowa state experiment station, received a telegram from G. L. McKay, instructor in dairying, who is attending the national dairymen's convention at St. Paul, Minn., that the butter sent from the Iowa State college creamery received the highest score, it being 88. He also states that it was the largest exhibition of butter ever held.

Diamond Jc Steamboat Company. Dubuque, Ia., Feb. 20.—The annual meeting of the directors of the Diamond Jc Steamboat company was held here today. These officers were elected: President and treasurer, J. H. Morton of Chicago; vice president and superintendent, Captain Killen, Dubuque; secretary, Isaac P. Lusk, St. Louis. Board of directors: Joy Morton, Captain Killen, Fred A. Hill, Isaac P. Lusk and Harry Clark.

Andson to Have New Buildings. AUDUBON, Ia., Feb. 20.—(Special.)—Chris Hendrickson has bought the frame building occupied by the Fabrics general store and will remove it at once and erect a fine two-story brick, which he will occupy with a general stock.

Illinois Central to Extend Its Line. ONAWA, Ia., Feb. 20.—(Special.)—People who claim to be posted on high authority say the Illinois Central will extend its line from Onawa to a junction with the Fort Dodge & Omaha railway at or near Loveland, Ia. The distance is forty miles and all the way the road will run parallel to the Sioux City & Pacific.

Domestic Gone, Goods Missing. FORT DODGE, Ia., Feb. 20.—(Special.)—Dr. Carl Gustafson in the family of PORT E. Devereaux, a dentist in this city, disappeared last night, and a choice assortment of silk dresses and laces, the property of her mistress, is missing. The girl had only been in the employ of the family three days.

Court Opens at Lemars. LEMARS, Ia., Feb. 20.—(Special.)—February term of district court convened Tuesday, Judge P. R. Gaylor presiding. The criminal docket is light, there being only four cases on the calendar, but there are a large number of civil cases.

Head of Horticulture Department. AMES, Ia., Feb. 20.—(Special.)—Homer Charles Price, assistant in horticulture and forestry at the State university of Ohio, has been secondly named by the department of horticulture at Iowa State college.

Sees the Illinois Central. ONAWA, Ia., Feb. 20.—(Special.)—The administrator of the estate of Midoletin Jixiden, who was killed by an Illinois Central train last summer, has begun suit against the company for \$1,999.

Bloomfield Quarantine. OTTUMWA, Ia., Feb. 20.—(Special Telegram.)—Twenty-five cases of smallpox exist in Bloomfield and the schools and churches are closed.

secure rates which will make of Des Moines a basing point like the cities on the Missouri river have resulted in practically closing a bargain with the Great Western railroad by which the company agrees to make a rate on goods from the east substantially the same as river rates in consideration of an agreement by which Des Moines men are to give that road practically all their business. At present the rate from St. Louis to Des Moines is more favorable than from Chicago and eastern points. As the Great Western is not moving St. Louis business it is in a position to make the rate. The local dealers agree to form a purchasing company, through which the business can be transacted, and thus the rate is secured despite the refusal of the freight bureau to comply with the demands of the Des Moines dealers.

No Price Fighting. Governor Shaw, having learned through the newspapers that it is on the program to have a prize fight at Dubuque, has given orders that the law be strictly enforced against all persons who attempt to bring a prize fight to Dubuque. The law is lame, but if the local authorities choose to apply it the fight can be stopped.

Pardon for Dubuque Man. Governor Shaw today directed the release from the penitentiary of Michael Kerwin, who was sent from Dubuque county to the penitentiary for the murder of a woman at Springville. He received a sentence of seven years on a verdict of manslaughter. Kerwin is restored to citizenship, has an excellent record in the penitentiary having been an excellent inmate.

What is Ovaritis? A dull, throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with an occasional shooting pain, indicates inflammation. On examination it will be found that the region of pain shows some swelling. This is the first stage of ovaritis, inflammation of the ovary. If the roof of your house leaks, my sister, you have it fixed at once; why not pay the same respect to your own body? You need not, you ought not to let yourself go, when one of your own sex

holds out the helping hand to you, and will advise you without money and without price. Mrs. Pinkham's laboratory is at Lynn, Mass. Write a letter there telling all your symptoms and you will receive the benefit of the greatest experience in treating female ills. "I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary. "Lydia E. Pinkham's Vegetable Compound having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My entire system was toned up, and I suffered no more with my ovaries."—Mrs. ANNA ASTON, Troy, Mo.

My entire system was toned up, and I suffered no more with my ovaries."—Mrs. ANNA ASTON, Troy, Mo.

holds out the helping hand to you, and will advise you without money and without price. Mrs. Pinkham's laboratory is at Lynn, Mass. Write a letter there telling all your symptoms and you will receive the benefit of the greatest experience in treating female ills. "I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary. "Lydia E. Pinkham's Vegetable Compound having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My entire system was toned up, and I suffered no more with my ovaries."—Mrs. ANNA ASTON, Troy, Mo.
