SUPERVISORS SHY OF FERRET

Cunningham's Seven-Thousand-Dollar Bill Must Wait Legal Advice.

TOO MANY TECHNICALITIES INVOLVED

Individual Members Dislike Assuming So Much Responsibility Until the Courts Have Passed on the Matter.

The Board of County Supervisors Friday refused to authorize the payment of Tax Ferret Cunningham's bill of \$7,000.24, this amount being 50 per cent of the money recovered into the county treasury through his efforts in unearthing property which had been omitted to assessment.

The Board of County Supervisors Friday refused to authorize the payment of Tax Ferret Cunningham's bill of \$7,000.24, this amount being 50 per cent of the money recovered into the county treasury through his efforts in unearthing property which had been omitted to assessment.

Situation is Complicated.

The situation, according to County Attorney Killpack, is a complicated one and he strongly advised the board against paying the bill until the matter had been passed upon by the supreme court in all its phases.

William W. Beldier, aged 60 years, died yesterday afternoon at his home of his daughter, Mrs. J. T. Harris, 1016 S. 10th street, from cancer, from which he had suffered for the last two years.

During the storm Thursday night a large tree was blown on East Pierce street across the motor track. The tree was cut up and removed. The heavy rain caused the court-house avenue sewer break and the streets in the vicinity were badly flooded.

Request to String Wires Refused.

The Council Bluffs Gas and Electric Company appeared before Judge Wheeler in the district court yesterday and asked for a further modification of the temporary restraining order obtained by Colonel Charles R. Hannan, as president of the Council Bluffs Real Estate and Improvement company.

The motion for a new trial in the case of the State against M. J. Higgins was submitted and taken under advisement by Judge Wheeler.

Open for Enlistment.

Lieutenant Johnson and Corporal Petroff have opened their recruiting office in room 14 in the federal building, where they are now ready to enlist all eligible applicants for the infantry, cavalry and heavy and light artillery.

Dr. Donald Macrae, jr., assistant surgeon of the Fifty-first regiment, Iowa National guard, has been appointed to conduct the physical examinations of applicants for enlistment here.

ALLOWS SMALLPOX CLAIMS

Board of Supervisors Reconsiders Its Previous Rejections.

The Board of Supervisors yesterday allowed a number of smallpox claims which it had previously rejected. The special committee, consisting of Matthews and Hansen, to which had been referred a number of these claims, which had been certified to by the Board of Health of this city, reported having found no evidence of possibility of collecting expense of quarantine and care of patients from the persons afflicted.

The board expects to take up the matter of granting a license to the South Omaha Penitentiary and Ferry company at this morning's session.

Davis sells patent. EVOLUTION OF ABRAHAM LINCOLN.

Teachers at County Normal Institute Hear This Lecture.

The teachers attending the County Normal institute had the pleasure of hearing Dr. Robert McIntyre of Chicago last night at the Broadway Methodist church deliver his eloquent lecture "The Evolution of Abraham Lincoln." The audience, however, was far from being composed entirely of teachers, as a large number of those not connected with the schools took advantage of listening to the gifted speaker, and despite the torrid atmosphere, the church was filled. Dr. McIntyre has an original way of presenting his subject and being gifted with a strong sense of humor and a happy choice of language he succeeded in securing the interest of his large audience from the start and retaining it until his last word.

The unpleasant hot weather has had no effect on the attendance at the institute and it increases every day. The largest attendance is looked for next week, when the present enrollment will be increased by the country teachers whose schools close this week.

No state examination will be held at the institute this year as the required number of applicants was not secured. There were only four applications filed and ten are necessary to secure the examination.

OLD MAN FOUND ON STREET.

Evidently Exposed to Storm, and in a Serious Condition.

A man, apparently between 50 and 60 years of age, was found early yesterday morning by the police lying at Broadway and Eighteenth street, nearly unconscious. From the man's bedraggled appearance it was evident he lay there the greater part of the night, exposed to the storm.

These transfers were filed yesterday in the abstract, title and lien office of J. W. Squire, 101 Pearl street.

No Jail at Lake Manawa.

The Board of County Supervisors, after conferring with County Attorney Killpack, has come to the conclusion that it has no power to build a jail at Lake Manawa. At the time Manawa was an incorporated village a jail was erected, but after the corporation was dissolved the structure fell into ruin and was finally removed to make room for improvements.

PROFESSOR HERRON EXPELLED

His Name Dropped from Roll of Congregationalists by Church at Grinnell.

GRINNELL, Ia., June 22.—(Special Telegram.)—George D. Herron no longer has church standing in Iowa. The Congregational church of Grinnell, at a business meeting, by a unanimous vote decided to drop the name of the former professor, who applied Christianity from its church roll. This is the last act in a long series of procedures that have been necessary according to Congregational ecclesiastical custom to put Prof. Herron outside the church. The first action occurred at Baxter where the Congregationalists voted to advise the Grinnell church to form a council to try Prof. Herron for alleged conduct unworthy of a Christian and a gentleman. The second act was the decision of the church to act upon the recommendation of the association and to call a council of Iowa churches. The trial itself constituted the third act.

HARD NUT FOR CHAUTAQUAS

Law Interferes With Their Intended Open Sessions On Sunday.

EDITORS OF THE CORN BELT TO MEET

Iowa Millers' Association Will Convene at Cedar Rapids—Men Wanted to Represent Iowa at South Carolina Exposition.

(From a Staff Correspondent.)

DES MOINES, June 22.—(Special.)—The members of the Chautauqua association here are up against a hard proposition in the matter of keeping open on Sunday and charging therefor. They have planned for a Chautauqua season, commencing next month, with many attractions and especially fine attractions on Sundays. They have decided, against the protests of some of the leading ministers of the city, that they will charge an admission fee on Sunday, the same as any other day, and that the Chautauqua, being an educational and religious movement, will run seven days of the week with no change in the program. Now comes a lecture, Prof. Kanaga, who last spring applied to the police department for permission to give an entertainment in the Auditorium and charge an admission fee of 25 cents therefor. He claimed it was an illustrated lecture, having religious significance. The police pointed out that the city ordinances absolutely forbid entertainments on Sunday, where a fee is charged for admission. They refused to let him give his lecture and entertainment.

Some time later Carrie Nation came along and she was permitted to use the Auditorium for a lecture on Sunday evening, with musical accompaniment, and a fee was charged. Prof. Kanaga today said that he was going to the Chautauqua, the police have given assurance that they will not enforce the Sunday closing ordinances against the Chautauqua managers, but have assured Kanaga that they will make arrests on his complaint. Prof. Kanaga has written the Chautauqua managers a letter notifying them that they will open their doors on Sunday at their peril.

Offices Seeking Men.

Some time ago Governor Shaw was invited by Governor M. B. McSweeney of the South Carolina to appoint commissioners to the South Carolina and Indian exposition at Charleston, to be held from December 1 to June 1 next. The governor has not yet appointed anyone and today is in receipt of a letter from the secretary of the exposition reminding him of this fact and asking that the appointments be made as soon as possible. The governor is willing to appoint competent persons willing to undertake to make the exhibit and if they will report to him they will be commissioned. Thus far nobody has appeared anxious to represent Iowa at Charleston.

AGONCILLO IS OUT OF A JOB

Agoncillo's Agent on the Continent Shuts Up Shop and Starts Back Home. PARIS, June 22.—Agoncillo, the European representative of Agoncillo, has given up his apartments here and left a week ago for Marseilles. It is said he is returning to his own country. Agoncillo has been inoperative in Paris for a month past. He was seen recently and admitted that he now receives little news from the Philippines. He had asked his principals to be allowed to return to Hong Kong on private business. He evidently regarded his presence in Europe as useless. He lived very quietly here and seldom left his apartments.

He was strongly of the opinion that the democratic party is all right today regardless that it may have been wrong yesterday.
