BETRAYED BY BANK NOTES

Holders of Montana Bank Currency Are Arrested for Train Robbery. WIFE GIVES HER HUSBAND FULL LICENSE. Curious Notation Found in Dictionary Placing No Restriction on Conduct in View of Brevice of Life.

ST. LOUIS, Nov. 6.—The police have in custody at the Four Courts a man and woman suspected of complicity in the robbery of an express car on the Great Northern railroad, near Wagner, Mont., July 3 last, when the safe was blown open with dynamite and a consignment of unsigned notes for the National Bank of Helena, Montana, amounting to between \$50,000 and \$100,000, was stolen.

Both prisoners were taken before Chief Desmond today and "sweated," photograph of the man was taken and measurements made according to the Bertillon system. Through these and circulars giving a description of the robbers the police identified Rose as Harry Loughbough, alias Kid Loughbough, alias Harry Water. Both prisoners were examined at some length, but very little was learned from either.

Chief Desmond searched the trunk which was captured with the woman and found therein a small pocket dictionary, the cover of which was written "Wagner, Mont." On the flyleaf was inscribed the following: "This is to certify that I, the legally wedded wife of —, do hereby permit my husband to go where he pleases, drink what he pleases and where he pleases, I furthermore permit him to enjoy the company of any lady or ladies he sees fit, as I know he is a good judge. I want him to enjoy life, because he will be a long time dead."

The note is supposed by the police to have been written by Lillian Rose, but no name is signed to it. The prisoners are being held to await information from the Montana authorities, who have been telegraphed about the arrests.

Story of the Capture. The arrests came about through information filed Tuesday afternoon at police headquarters by Max Barnett of the Globe Loan agency. Mr. Barnett said that a man had entered his place of business and had bought a watch, the price of which was \$85. The stranger proffered in payment four new \$20 bills, which he showed without question. Barnett later took them to the Mechanics' bank for deposit, but the teller would not accept them, as he believed they were a part of the bills stolen from the express train at Wagner. Barnett went to the Four Courts and related what he had seen to Chief of Detectives Desmond, whom he gave an accurate description of the man wanted, and detectives were at once detailed to find him.

It was after 11 o'clock last night when the detectives located their man. He was seated in a large easy chair in a rear parlor of a Chestnut street room when the detectives entered. The man was taken by surprise. He attempted to draw a pistol, but the officers overpowered him before he could draw either of the revolvers he carried.

In his pockets was found \$400 in new bank bills, which the police believe to be a part of the proceeds of the express robbery. He also carried a valuable watch and jewelry.

CATCHES VICTIMS NAPPING

Fire Attacks Theater Building While Inmates Are Asleep. NINE MEN AND ONE WOMAN ARE MISSING. Rail by Subway is Cut Off Before Fire is Discovered and Victims Are Obligated to Leap from the Windows.

HURLEY, Wis., Nov. 6.—The Klondike theater, owned by Edward LeCher, caught fire early today while most of the inmates were in bed and the wooden structure was a mass of fire in a flash. Nine men and one woman are missing and others may have lost their lives in the fire. It was only by the heroic efforts of the fire department that the entire town was saved from destruction. The names of the dead are: C. W. CLEVELAND, attorney, Hurley; TIM RYAN, comedian, Ironwood, Mich.; P. J. GAY, stage manager, St. Louis, Mo.; THOMAS OZZONNE, property man; THOMAS LEE CLAIRE, bartender, brother of proprietor; H. H. CLIFFORD, comedian; HARRY RAYMOND, porter; GEORGE BENNET, pugilist; CLARA BONNE, vocalist; D. B. EMERY, musician. The injured: Jennie Bender, soprano, burned, may die; Laura Russell, musician, badly bruised; William Russholt, barber, Ironwood, Mich., face cut; William McLaughlin, second cook, burned, may die; Ella Heder, vocalist, bruised and burned.

Vandevae Company Surprised. The Klondike theater building was a structure 125 feet long, three stories high and fifty feet wide and valued at \$100,000. It was occupied by twenty-five people, consisting of the LeCher family and a stock company, which gave a vaudeville entertainment every night. Some of the women crawled through the side windows, dropped to the adjoining buildings and reached the ground in safety with slight injuries. Some were forced by the flames to jump from the front windows and all those were injured.

Wire Interrupts Jump. William Russholt, an Ironwood, Mich., man, jumped from the second story and in his descent was caught by a telephone wire and turned over in the air. He fell upon his face and side and had his limbs broken. His recovery is very uncertain.

PHILADELPHIA, Nov. 6.—The thirty-second annual meeting of the general executive committee of the Women's Foreign Missionary society, which has been in session since last week, came to an end today. Minneapolis was chosen as the next place of meeting.

Steel Factory Badly Damaged. PITTSBURGH, Nov. 6.—The immense plant of Dillworth, Porter & Co., manufacturers of steel rods and wire, was damaged by fire tonight to the extent of about \$250,000. The plant, which was the largest of its kind in the world, covered sixteen acres of ground on the south side, between Fourth and Sixth streets, including in its equipment many buildings. Seven acres were burned over and much valuable machinery was destroyed. Members of the firm say the loss is fully covered by insurance. The fire started in the monkey mill by a flash molten metal from the 1,500 men employed by the company, 300 were at work when the fire started and many of them had to rush from the buildings, leaving their street clothing behind. No one was hurt, except one fireman, who received slight injuries.

Three Hundred Animals Perish. ST. LOUIS, Nov. 6.—Fire tonight completely destroyed the stables and barns of the Excelsior Hauling and Transfer company. Together with the buildings, sheds and about \$150,000 worth of feed in the loft, 300 head of horses, a mule and three calves, president of the company, said that \$150,000 would be a low estimate of the total loss. He said that the stock was insured on the building and contents, possibly covering one-half or two-thirds of their value.

Cement Works at South Wellston. WELLSTON, O., Nov. 6.—The Almaco Portland cement works at South Wellston, one of the largest of its kind in the United States, burned last night. The loss will exceed \$80,000.

Twine Works in St. Paul. ST. PAUL, Minn., Nov. 6.—The American Grass Twine company's works in this city were damaged \$70,000 by fire today. The loss is covered by insurance.

Indiana Pants Factory. EVANSVILLE, Ind., Nov. 6.—The pants factory of Harrison & Rudd was destroyed by fire tonight. The loss is estimated at \$100,000; insurance, \$40,000.

In the Oasis of Virginia. RICHMOND, Va., Nov. 6.—Latest returns in the election figures do not alter the figure sent out last night. These figures place the democratic majority in the state ticket at about 25,000. The indications are that the republicans have elected one senator and four members of the house. There is a gain of eleven on the present general assembly, but that body will still be overwhelmingly democratic in both branches.

Nothing Tastes Good. And eating is simply perfunctory—done because it must be. This is the common complaint of the dyspeptic. If eating sparingly would cure dyspepsia, few would suffer from it long. The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla Promises to cure and keeps the promise.
