OFFICIAL VOTE ON TUESDAY

Count by Canvas Board Makes No Material Change in Primary Results.

BROATCH QUILTS IN THIRD PLACE

Two Socialist Councilman Candidates Tied with Enormous Number of Forty-Six Votes to Their Credit.

While the official canvass of the primary votes has been made and the totals extended, sufficient clerical work remains to last over until Monday. City Clerk Ed. Houry expects to have the canvassing board formally approve the reports Monday afternoon.

No results are changed by the canvass, but a predicament is forced in socialist circles. Jung and Vail, councilman candidates, are tied with 46 votes each. Either may demand a count of the ballots if he chooses and the canvassing board will have to open the boxes and handle every vote cast. It is possible that the affair may be settled in some simpler way, however. No application for a count has been made.

The official count leaves Broatch in third place, where the original returns of The Bee placed him, so that barrel can now be rolled out.

The entire vote stands:

HOME TO WOMAN. CASH TO MAN

Settlement of One of Numerous Divorce Cases Before the District Court.

A stipulation was filed Saturday in the Shaduck divorce case as the result of an agreement between the parties over the division of the property which is in controversy. By the stipulation Mrs. Alice Shaduck to pay her husband \$1,750 and is to receive a deed to the home property and all of the personal property with the exception of his wearing apparel and eight violins.

Judge Kennedy has issued an order allowing her \$50 attorney fees and \$100 suit money and \$10 a week temporary alimony, but it is agreed in case the stipulation is not carried out the order may be vacated and set aside.

PAINTERS GO OUT ON STRIKE

Forty-Five Men Say They May Be Followed by Three Hundred.

Forty-five painters and paper hangers employed by Rutherford & Jensen walked out on a strike Saturday morning. The chief point in controversy being a demand for an increase in wages from a minimum of 40 cents an hour to 42 1/2 cents an hour.

No negotiations are on between the union and the firm and members of the latter say they propose to fight affairs to the finish. Besides the advance in wages question, the closed shops are concerned in the scale the union desires signed. The men who went out say the strike is but the precursor of a larger one that will involve the 200 men of the trade in the city and the employers intimate something of the kind.

This is the busiest season of the year for the house papering and interior decoration firms and the strikers say they are confident concessions will be granted within two weeks. They assert also they worked this week with the understanding that Rutherford & Jensen would sign the new scale.

"There is a good deal to the trouble," said a member of Rutherford & Jensen. "From our standpoint the most of it is that we have decided not to stand for the dictation of the unions any longer. We are now paying as high as 50 cents an hour to some men, although the minimum is 40 cents. The increased demand is hardly the real issue. Other things in which we believe the union is asking more than it is entitled to are the real points in controversy."

The employers association will have a meeting Monday night to take up the situation.

MAY TERM IMPORTANT ONE

Next Session of Federal Court Will Try Some Big Land Fencing Cases.

Vast Amount of Evidence is Collected by Secret Service and Some Remarkable Developments Are Promised.

The May term of the United States courts for the district of Nebraska will convene in Omaha May 7. The term gives every indication of being one of the most important held here for some years. In view of the significance attached to the land fencing and illegal land entry cases the utmost care is being taken in securing both the grand and petit jury panels for the term. The grand jury particularly has much work laid out for it and with the mass of evidence collected by the secret service agents of the land department relative to the land filings there is a prospect of several remarkable indictments being returned against prominent cattlemen for participation in procuring the alleged fraudulent entries of lands in Sheridan, Cherry and Box Butte counties.

The method for securing the names of parties suitable for jurors is materially different from the plans adopted in the state courts. Inquiry is made from the office of the United States district clerk for the names of the best citizens in the different localities. These inquiries are generally made of the leading bankers, business men and postmasters of the localities, and these lists are sent in, several hundred in number, are placed in the jury cylinder and after the cylinder is rapidly revolved to thoroughly mix the names the list of jurors is withdrawn at random. The first twenty-four names taken from the cylinder constitute the grand jury, and then a requisite number of names is taken from the cylinder to make up the petit jury panel. The names are drawn from the cylinder by District Clerk Hoyt and Jury Commissioner Tilden.

The drawing of jurors for the May term will take place about a week hence, or twenty days before the assembling of the May term of the federal courts.

CLARK GOES ON TRIAL MONDAY

Alleged Flurry Murderer Vainly Offers to Confess if Not Given Death Penalty.

CHARGES OF JURY FIXING

Matters Will Be Investigated by the County Grand Jury in May.

The county grand jury which will meet early in May will investigate charges of jury tampering, which have been made during the last year or two in different cases. County Attorney Shlabugh said Saturday the matter would be taken up by the grand jury, but he declined to state just what specific cases would be investigated.

"The matter will be presented to the grand jury in a general way," he said. "I am unable to tell whether it will lead up to anything specific or not, but whatever evidence we can find will be placed before the jury and if it points to criminal actions on the part of anyone it will be followed up."

Building Permits.

The city has issued permits to Warren Switzer for a \$5,000 frame dwelling at Twenty-sixth and St. Mary's avenue, H. Boyles, three \$2,500 frame dwellings at Twenty-fourth and Burr streets, C. J. Winslow, \$2,500 frame dwelling at 2424 Manderson street, and a similar structure at 2422 Manderson street.

Your Thirty Feet of Bowels

Is simply Weakness, or Lateness of the Bowel Muscles. Want of Exercise, Indoor Employment, weakens these Bowel-Muscles, just as it weakens Arm and Leg Muscles. Castor Oil, or Glycerine, will grease the passages for one load of Food at a time, but these lubricants can't help the Cause of Delay. "Physic" like Salts, Calomel, Jalap, Phosphate of Soda, Mineral Waters, simply flush-out the Bowels for the one occasion. They do not remove the Cause of Constipation. Moreover, they waste so much of the precious Digestive Fluids, in the flushing process, that it takes a bigger dose every succeeding time to move the Bowel load. But it is different with Cascarets. Cascarets act on the Muscles of the Bowels and Intestines. They act just as Cold Water, or Exercise act on a Lazy man. They act like exercise. A Cascarets produces the same sort of Natural result that a Six Mile walk in the country would produce. The Vest Pocket Box is sold by all Druggists, at Ten Cents. Be very careful to get the genuine, made only by the Sterling Remedy Co., and never sold in bulk. Every tablet stamped "CCC".

YOU have thirty feet of Intestines! What makes food travel through them? A set of Muscles that line the walls of these Intestines or Bowels. When a piece of Food rubs the walls of the Intestines these Muscles tighten behind it, and thus it starts a Muscle-wave which drives it through the whole length of the Bowels. It should take about 12 hours to do this properly, so that nutritious parts of the food may have time to be digested and absorbed. But,—if it takes twice or three times that period the food spoils in passing, and becomes so poisonous as if it had decayed before being eaten. Now, because of delay (Constipation)

FREE TO OUR FRIENDS! We want to send you one of our beautiful French-designed, GOLD-PLATED BUNION BUCKLE-cased in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this Gaily Trinket is loaded. Send to-day, enclosing this paper. Address: Sterling Remedy Company, Chicago or New York.
