MANCHESTER, England, April 28.—The first aerial derby for a prize, offered by an Englishman, has been won by a French- man, and handsomely. Upon landing near Lewes Paulhan was given a tremendous ovation and unstinted praise for his re- markable feat. At the same time his less experienced, but no less plucky, competi- tor, is being showered with congratulations over his splendid attempt and because he has shown himself a good loser. As soon as Graham White learned of Paulhan's success he called for three cheers for the winner.
